Martin, 218 South Allegheny street.

JULIAN

The dedication program heid on Sunday afternoon was quite com-* plete and touching. The citizens of Julian and Huston township assembled at the honor roll board erected on the corner of Railroad street and furnace street, after which they proceeded to the M. E. church for the remainder of the program.

The program was precluded with a brief oration by Rev. Morgan of the M. E. church. The speaker of the day was John G. Love of Bellefonte, who very completely and im-pressively outlined the part played by Pennsylvanians and Centre coun-

To the Citizens of Centre County:

In asking for your support at the General Election on November 2, I do not feel that I am overstepping the political boundary line of fair play or just recognition.

During the four years I have filled the office of Register of Wills and Clerk of the Orphans' Court of Centre County, I have shown no political favoritism.

My own party recognized my services by giving me an uncontested nomination for a second term.

The office of Register of Wills is one of the most important in the county. Many valuable papers are entered of record every year, and it is the clearing house in all matters brought before the Orphans' Court of Centre County. Because of this fact it is essential that all court records be correctly kept and entered on the various dockets.

My four years of service in the office is assurance to every voter in the county, irrespective

of politics, that any business he or she may be called upon to transact, either with the Register of Wills or the Clerk of Orphans' Court, will be properly taken care of and his or her best interests conserved.

Every vote given me will be regarded as a personal compliment and will be greatly appreciated.
