FOR YOUR CONSIDERATION

BOND C. WHITE

Candidate For Prothonotary

The record of Bond C. White, who has se ved Centre County as Prothonotary since January 1936 has been outstanding. The action of the Prothonotaries of the sixtyseven counties of Pennsylvania in electing Mr. White, Vice-President and President of the Prothonotaries' and Clerks' of Cour. Association of Pennsylvania, attests to the fact that he is recognized throughout the entire State of Pennsylvania, by people who are thoroughly competent to appraise him on his merits as an outstanding Prothonotary.

More important from the viewpoint of the taxpayer is the fact that when Mr. White became Prothonotary he applied the same principles to the conduct of the office that has marked all of his business li'e. He not only gave good service, but he is the only Prothonotary of Centre Count; who after paying the salaries of his office help, has ever paid any money into the County treasury. The total already paid to the County exceeds \$6000.00. That record will stand in the history of the County and will not be repeated because the office will cease to be a fee office, and will become a salaried office, by reason of the County's elevation from the 7th to 6th class.

Re-election of Bond C. White to the office of Prothonotary will assure the people of Centre County of courteous, efficient service, ably administered, without any interruption, due to new personnel and the necessity of learning the many statutory duties imposed upon the Prothonotary by law.

Re-elect Bond C. White, Prothonotary, his record warrants your continued confidence.

"QUALIFIED FOR THE OFFICE"

FOR YOUR CONSIDERATION

Edward R. Miller

Candidate for County Treasurer

The county treasurer must collect, safeguard and distribute the county's funds. Edward R. Miller is just completing four years as sheriff of Centre County where the painstaking and careful procedure by which he administered that office is revealed in the enviable record appearing on the county audit. Every cent accounted for; every requirement fulfilled; economies practiced throughout.

In addition he has had 12 years' experience with the A and P company in its meat department where record and bookkeeping is a prime requisite. Nine of these years were in Bellefonte, three in State College. He also operates his own grocery and meat business in State College.

"QUALIFIED FOR THE OFFICE"
