## TO KEEP CLEANER FIT-FOLLOW THESE SUGGESTIONS

- Empty the dust bag after each cleaning. Once a month, turn the bag inside out and give it a good brushing.
- 2 Don't run cleaner over pins, hairpins, and other metal objects.
  They can puncture the bag or damage motor.
- 3 Keep brush free of oil, dirt, hairs, and threads;
- 4 Adjust nozzle and brush. Brush should touch carpet and should extend 1/8" below lips of the nozzle. 5 Oil vacuum cleaner according to manufacturer's instructions:
- 6 Don't jerk cord from wall outlet. When not in use, wind cord loosely around hooks on cleaner handle.
- 7 Use your attachments if you have them:
- If cleaner does not operate properly consult your dealer;
