PINE GROVE MILLS

After several months stay at the George Fortney home near Boalsburg, Miss Sara Dannelly returned to her home last week on W. Main street, being able to walk about the house with some help. Mrs. Nell Bohers of Scotia, is caring for her. One of our town boys, recently entered the army, Robert Parsons, now enrolled in a truck mechanic school in Florida. Bob was a former mechanic at the Dodd service station on the diamond.

Overseas Letter From Pfc. Stover

(Continued from page one) can't be, but maybe some day will be able to be there. This is not only for the newspaper, but also for my wife. I am a married man and would like to be home with my wife. I am not with the old outfit right now, so I can't tell you anything about the boys. There are three more of the Bellefonte boys here with me and their names are: Sgt. Beckwith, Pfc. Baney and Benny Edwerts, and there are a lot more Bellefonte boys around but I never see them. There is a Treadler boy over here. I have seen him once and at that time he was well and happy. I hope that whoever gets the paper will read this and will take it from one boy who is thinking of his mother.

Missionary Candidate To Speak in Churches

(Continued from page one) and they would be more than glad to be home. But it is one thing that field and why she is planning to go as a missionary. She is now a candidate under the Scandinavian Alliance Mission Board, with headquarters in Chicago, and is preparing to go to Columbia, South America, in the very near future. The Scandinavian Alliance Mission of North America is an inter-denominational missionary society founded on the principles of faith. It is evangelical and evangelistic. Its missionaries now number over one hundred and eighty, and are laboring in the fields of Africa, China, India, Japan, Mongolia, South America, and the Netherlands West Indies. It will be recalled by many that Miss Sheetz' brother, Paul, left a few months ago for Curacao, one of the Netherlands West Indies, where he is a missionary under the same board. Mrs. Paul Sheetz, who has been detained in this country by the government, has now secured a passport and will probably join her husband in the work by the middle of January.

PENN STATE ALUMNI REMEMBER COLLEGE

Even though they may be in the far corners of the world, alumni of the School of Agriculture of the Pennsylvania State College are constantly reminded of their alma mater through newsletters. A vast correspondence is carried on with graduates, and it has been accelerated many times by the war. For many years nine departments in the School of Agriculture have published newsletters for their graduates. In other departments which have fewer alumni, contact is maintained through personal letters. The newsletters serve as a clearing house for addresses. This service is appreciated, because many of the men in the armed forces move two or three times a year. The newsletters also carry departmental information of interest to former students. One department—agricultural and biological chemistry—annually publishes and mails to each alumnus a pocket-sized directory of all graduates. Dr. R. Adams Dutcher, department head, says that the graduates "eat it up."

FERTILIZER FOR VICTORY GARDENS IS ANNOUNCED

An improved fertilizer for 1944 Victory gardens is announced. The War Food Administration has designated a 5-10-5 fertilizer for use in such gardens next year. County Agent R. C. Blaney points out that this combination contains more fertilizer units than the formula used this year, which was 3-8-7, and since it is a higher analysis fertilizer it should give very good results under Pennsylvania conditions. The victory garden fertilizer will be put up in 5, 10, 25, and 50-pound packages or bags, in which case only 5-10-5 can be used. All other fertilizer, which includes a number of formulas, will be sold in larger than 50-pound packages or bags. If the home garden is sufficiently large to require 80 pounds or more of fertilizer, any formula on the market may be used. \$50,000 Cargo in Crash When a large truck and trailer carrying a \$50,000 load of silk crashed into a tree and overturned at the lower end of Lime Ridge, near Berwick, the truck and trailer were badly damaged, but the cargo was practically undamaged. The driver and helper escaped with slight injuries.

STUDEBAKER GAS ECONOMY SURPRISES HER RATION BOARD WESTERN UNION New proof that used Studebakers are a stand-out wartime buy MRS. PETERS, who signed the telegram above, was challenged by her ration board to prove she could get 26 miles per gallon with her Studebaker Champion. So a carefully supervised test of her Studebaker was made and submitted to the board. The test showed even better mileage—and the result was that Mrs. Peters' "B" ration was renewed. If you need a more economical car for your essential driving, buy a used Studebaker. But don't wait too long. They're getting scarce because of big demand. Keep your car up to par with Studebaker service Drive in frequently and have your car inspected, no matter what make it is. If adjustments or repairs seem necessary, you'll be given a check list of what needs to be done. Efficient mechanics will do the work quickly and at moderate cost. Come in now. S. H.
