RALSTON DERR SPEAKS AT LIONS' MEETING
Ralston Derr, field director in recreation of the American Red Cross, and stationed for the past fourteen months in the Aleutian Islands, was guest speaker at Lions Club ladies' night last Thursday evening at the Sweeney Restaurant.

Mr. Derr, who spent the past month on furlough at his home in Pleasant Gap, gave as he put it, a travelogue of his adventures in supplying the Red Cross needs in the U. S. Army outposts of the Aleutians. In his witty, folksy manner, Mr. Derr retold many of his experiences bringing the war and its significance close to his audience.

Besides Mr. and Mrs. Derr and the wives or other guests of the club members, the Lions Club also had as their guests C. William Booser, Jr., from Miami, Fla., and William H. Kerlin, both members of the U. S. armed forces.

William W. Kerlin served as toastmaster for the evening. Ernest A. Frank directed group singing and the Rev. Delas R. Keener, Lion president, made a few brief remarks.

The ladies were each given a favor in the form of a hand-tooled leather monogrammed coin purse. Mrs. Derr received a leather case for playing cards and Mr. Derr, a hand-tooled wallet. The leather work was done by J. F. Wetzel, Lion member who received a pipe as a gift from the club in appreciation of his work.

About fifty members and guests were present at this second annual holiday event.

JAMES M. SPICHER OBSERVES BIRTHDAY
James Monroe Spicher observed his eightieth birthday Friday, December 31, at his home here.

Mr. Spicher, born and reared near here, became employed by the P. R. R. April 1, 1892. After eleven months he was promoted to flagman and in 1895 became foreman and conductor. He was conductor of all trains on the Cresson division for many years. His last run was on the Cresson-Blairstown local freight. He retired Feb. 26, 1931.

Mr. and Mrs. Spicher lived in Patton, Cresson and Altoona, before they moved here several years ago. They have one son, James J. Spicher, of the Army Air Corps in Indianapolis; one daughter, Mrs. S. C. Claycomb, of Johnstown and Steubenville, Ohio; one granddaughter, Mrs. William Barkett, of Johnstown; and two great-grandchildren, Charles and Barbara Barkett.

FARM CALENDAR
Timely Reminders From The Pennsylvania State College School of Agriculture

Changes in Fertilizer—Because of increased supplies of nitrogen and reduction in available potash, some changes have been made in the fertilizer ratios to be used in 1944. Extension agronomists of the Pennsylvania State College urge farmers to get acquainted with the changes. County agricultural agents can supply the information.

Care for Dry Cows—One way to get more milk from producing cows is to give them proper care when they are dry. Dairy specialists of the Pennsylvania State College suggest the use of a fitting ration before the cow freshens. Good building up of the cow's system will help her to produce to capacity.

Predure Strong Shells—If eggs are to have strong shells, the layers must get adequate calcium and phosphorus in their feed, say poultry specialists of the Pennsylvania State College. Sufficient vitamin D also must be supplied to assure proper calcification of the egg shell. Keep a fresh supply of oyster shells before the hens.

New Flowers Tested—New All-America flowers were grown in the Pennsylvania State College test gardens this year. The most outstanding introduction for 1944 is Petunia Cheerful. Other good flowers are Marigold Mismoth Mum and Marigold Goldcrest.

Provide Protection—Early ordering of insecticides, fungicides, and equipment is urged by Penn State entomologists and plant pathologists to assure proper protection for 1944 crops. Manufacturers are faced with many problems of production and transportation.

Circular Available—Farmers who butcher at home can get a lot of useful information from Extension Circular 239, "Farm Dressed Pork," published by the Pennsylvania State College.

Chain Cheer
In 1930 Maurice Luther, St. Louis, sent an expensive Christmas card to H. E. Pope, Tulsa. The next year Pope scratched out Luther's name, signed his own and mailed it back. Luther returned it to Pope the third year. By 1938 the card was a bit battered and so jammed with signatures that they began writing on the back.

A Good Reason?
A drifter at Port Leavenworth, Kans. gave this reason, in writing, for asking deferment: "Convalescing from a traumatic perosynovitis of the flexor digitorum sublimis in profundus muscle at the metacarpophalangeal joint." The army said no, a sore finger wasn't a good reason for deferment.

Boxax: Dissolve a small lump of borax in boiling water and then put in cold starch. The whiteness and stiffness which result will be very gratifying.
