SIMPLE TAX PLAN, YOO HOO!

About a year ago, the nation was excited over an easy, painless tax plan, proposed by Beardsley Ruml, who asserted that it would mean increased revenue for the Government, free 75,000,000 from the hazard of income tax debt, simplify the whole system of paying income taxes and let all income taxpayers skip a year.

The debate waxed fast and furious throughout the country, until Congress finally adopted a compromise, including a \$50 cancellation of taxes for persons owing \$67 or less and seventy-five per cent of the year's taxes for all others.

The unabated fourth, or about \$3,000,000,000, became payable over a two-year period and a twenty per cent withholding tax became effective on July 1st at the source to make taxpayers current.

While there continues to exist differences of opinions as to the effect of the new plan upon Federal income and how the plan benefits those with large incomes in 1942 and 1943, there is general agreement that the simplification feature is a farce.

Under the law which existed prior to the pay-as-you-go act, the taxpayer made a return in March, reporting his income for the year before. After calculating the amount of the tax due, the amount was settled in cash by the wealthy and in quarterly payments by the bulk

Under the new legislation the taxpayer will have to file a return in March, which is much more complicated than last year's form. This is a report on income for 1943, in order that actual income may be checked against estimates submitted to the Treasury in September and Decem-

In addition, the taxpayer must file an estimate of 1944 income, and, in addition, figure out the amount owed the Government under the onefourth payment on the year skipped, which will be 1943, or 1942, which-

Taxpayers must also report the amount of taxes which have been withheld and already paid by their employers.

AERIAL FREIGHT IN CHINA

From New Delhi, India, comes the information that American transport planes are delivering into China a greater monthly tonnage of military supplies than was ever carried over the Burma Road.

Tillman Durdin, New York Times correspondent, says that the ial route is the only channel over which war materials are being carried to China. Over the tumbled mass of mountains, heavily-loaded two and four-motored transports shuttle day and night, carrying equipment ranging from artillery to two-and-one-half ton trucks.

While the correspondent does not state the exact amount of supplies now being ferried by air, he points out that the Burma Road in its peak carried only about 15,000 tons of cargo.

NAZIS ADD 1000 FIGHTER PLANES

A commentator of the British Royal Air Force says that Germany reinforced her first-line fighter strength by one thousand aircraft dur-

This will surprise some of us in view of the opinion that the great weight of the aerial offensive has been used to prevent the production of German aircraft.

The commentator points out that the Nazis concentrated on the production of fighter planes and that probably seventy-five per cent of the fighters are assigned to Northwest Europe, where they seek to interfere with Allied bombing attacks.

J. Thomas Mitchell Writes History of Bar

(Continued from page one)

Evan M. and a grandson of the first John, was a typical student of the law. Meticulous in his every form of authority on equity practice in the actual weight in gold by loyal followers district. A good advisor but not a good speaker, he forced himself to become a trial lawyer. He died in 1934. Bryson spent seven years in first woman ever to hold the rank of full ambassador. practice at Philipsburg, but was little seen in the courts here. He died in 1894. Hewes was another school teacher who became a lawyer and years, but left the district 30 years ago to attain considerable prominence in the law in the city of Erie, to which place he had removed Singer had a good personality and was a good speaker. He served as District-Attorney, took a great interest in politics, but later left Bellefonte for the West. Wetzel's whole career was connected with titles and surveying. He was county surveyor, elected to the legislature, and his survey work established have to be rolled up or down to see it. many of our township lines, which are recorded in a book in the Prothonotary's office specially prepared by him. He died in 1915. The year 1889 saw two murder

trials in our court. One at the January Sessions, when Andrew Buranorski was found "not guilty," in which case he was represented by Wilbur F. Reeder. The prosecution was in the hands of J. C. Meyer, district-attorney, assisted by J. L. Spangler. The next was at the November Sessions, when W. S. Hopkins was indicted for the murder of Esther Wighaman. Again J. Spangler assisted the district-attorney and W. F. Reeder represented the defense. Hopkins was convicted Price by Alfred Andrews. At his trial in January 1890, the districtattorney was assisted by John H. Orvis and the defense was in the ands of J. L. Spangler and Edward R. Chambers. After a long trial Andrews was convicted and hung. At the April Sessions of the same rear Fietta Weaver was tried for the murder of her father. Andrew Weaver. The district-attorney was unaided in this case, and William Gray represented the defense, an apparently cold-blooded murder in 828. of Harry Waterhouse, by a follower of a circus then in town, who styled himself, John Wilson, was started by the district-attorney, with Wilbur P. Reeder and Charles P. Hewes representing the defense. Before the trial was well under way, the defendant broke jail and was never eard from again.

In 1890 two very dissimilar charcters were admitted to the Bar in and George W. Zeigler. Alexander me was a student and rather retiring in nature, although he had been a member of Co. B. N.G.P., and had accompanied it to the Spanish-American War. After his return to Bellefonte he was associated with in the practice, but died at the out the world. early age of 32. Zeigler, on the other hand, never wished to be in the position? background. He was active in practice in his adopted town of Philipsburg, and had much to do with several of the large coal combines of that place. He died in 1934, James Noll was admitted in the next year, but did not remain long in the district. He moved to Oklahoma,

died in 1911. In the following year, 1891, two nen were admitted who were both o be future judges of the district, Harry Keller and Henry C. Quigley They were both Republicans, lived as neighbors and friends for many years, practiced for some years in adjoining offices in Temple Court, and were both members of the Bellefonte Club and the Nittany - Country Club. Keller was a hard student, painfully slow and meth-After the program, games were odical in legal matters, but aimed natural wit and brilliance. They were both athletes and fond of every sport. Keller became an authority on Orchans Court procedure and Quigley devoted a large portion of We are all very sorry to hear that his time to his duties as referee in
