GOING DOWN AND OUT

Won't forget this mug soon, will you? He was top man once-in

some quarters. Though he doesn't look it now, there was a time when he seemed to have the world in his pocket. Today, he's headed for the ash ean. But it has been a tough,

bitter job heading him off. And

ft still is. What did finally stop him? First of all, fighting men. Then, among other things, American production - something he couldn't begin to match! Production of ships and planes and food and munitions and

schat it takes-in unbelievable

quantities!

You see, this country had the men and the machines. And it had electric power, too-without which war industry could not Over 70% of the electricity

TRUCKMAN-SPARE THAT TIRE!

Truck tires are scarce today . . . so it's just plain common sense to look after them better now than ever before. Drivers can help by "sparing their tires" from unnecessary jolts against curbs, ruts and chuck holes and by keeping speed down on the open road. Maintenance men can help by keeping proper air pressures and having repairs made in time and we can help with "U.S." Transportation Maintenance the plan that truck operators everywhere find is saving truck tire miles and cutting tire costs.
