

SCOTIA NEWS

(By H. M. Williams) We are glad to report that Calvin Lykens, Jr., son of Mrs. Bertha Lykens of Port Matilda, and a former Scotia resident who was taken to the Phillipsburg hospital a couple weeks ago, is somewhat improved at this time. Cal, as he is better known to all of us, was taken there with a serious heart condition. His sister, Mrs. Ray Showers reported to the writer that his chances are not as favorable as they might be.

Visitors at Aunt Dora Ghaner's home on Sunday were Carl Cronmiller and son Budd, and daughter-in-law, Mrs. Philip Cronmiller and infant daughter, Pamela Joan, all of Bellefonte.

Reuben E. Cronmiller of Bellefonte, spent a couple of days this week with his sister-in-law, Dora Ghaner. Mr. Cronmiller, a former employe of the Scotia mines, was machinist for quite a number of years and later was mine foreman until the mines closed down in 1911.

Mrs. Nellie Behrer spent a few days last week with Mr. and Mrs. Zane Gray of Fillmore.

Last week one day we walked over to Reeds gas station and as we opened the door there stood our good friend, Armstrong Francis. Army reached out his hand and we couldn't refuse to shake hands with him for after all he is doing a good job of getting our power line into the mines, but Dorothy is waiting on him and has a few words to say once in a while, but be patient Dor-

othy, and we know that Army will see that you get light real soon. With great interest we watch from time to time the actions and act of getting around for a man of 78 years of age, up early in the morning and busy all day with his chores. And last week with a team he planted corn continuously all day and never a complaint of being very tired in the evening. To tell the truth, he planted the whole field of corn and probably that won't be the only one he will plant. This man is our good friend and neighbor, William G. Saxton, Sr. better known around the gas station as the Boss, and one of the first employes of the Carnegie Steel Co. at Scotia. Not many men at his age will put in the long hours that he does and keep it up day after day. He is in the very best of health and probably can run around a lot of us younger folks in a day's time. And if you think these old folks can't get around, why, last Sunday we took a couple of them along with us for a walk toward State College, and on our little walk these two older women talked about walking to State College, and Mrs. Williams and I talked them out of the notion and finally persuaded Aunt Dora and Mother Williams that they had better not tackle it, and so they then decided to return home with us, which we thought was the better idea. Don't be fooled with these old folks.

Mr. and Mrs. Thomas Stine, Mr. and Mrs. William D. Stine and Mr. and Mrs. Adrian Stine and two children of State College, spent Sunday afternoon with Mrs. Johanna Williams. Due to most everyone working and help being so scarce, it was decided not to set any special date for a clean-up day at the cemetery, but we are hoping everyone who has a lot there and possibly can, will see that it is taken care of by Memorial Day. WOODWARD

Mr. and Mrs. Lindeman of Shamokin are vacationing at the home of Mr. and Mrs. Benjamin Hummel for about two weeks.

Dr. George Ard of Hanover, Pa. recently sold his timber to O. W. Houts, a lumber dealer of State College. Thirty-five years ago the same tract, known as the old Henry Von-

ada tract east of town, was lumbered off by Carl Motz and M. O. Stover. There is a fine growth of hemlock, pine and other trees on this tract.

Mr. and Mrs. Orvis Eisenhuth and daughter Dorothy, of Union county, were Sunday guests of Mrs. John Eisenhuth and family. Mrs. John Eisenhuth's son, Roy, accompanied his uncle and aunt to their home where he will work for his uncle and aunt on the farm.

Well the Woodward Consolidated school closed last Friday. Some of its pupils did not seem cheerful at all because they did not pass. Who is to blame? It is no wonder when many of them did scarcely or no home work. One of the pupils remarked that a certain pupil was absent from school for fifty days. We would advise the parents to look carefully into this matter. School days are days of golden opportunity to prepare for employment later on and many of our young people do not seem to realize what these preparation days will mean to them. So it's up to parents and teachers alike. Ignorant people are in many cases a liability to our country.
