Studebaker Champion rates high with busy Federal law officer

HERE'S a letter from Frank M. Dur-rance of Orlando, Florida who says: "My 1941 Studebaker Champion has

been driven about 150,000 miles-at the lowest maintenance cost of any car I've ever owned. Whether across the county or across the nation, this dependable Studebaker is always ready to go on a moment's notice. Its gasoline mileage is consistently high and its materials and workmanship are the finest."

Yes, these war days, the tire-saving, gassaving, soundly built Studebaker Cham-pion adds new luster to its reputation from coast to coast.

It's no wonder that used Studebaker Champions, Commanders and Presidents are in such big demand everywhere.
