

Echoes From the Past

Fifty Years Ago

John Bower is home from Franklin and Marshall College for a week's vacation. Mr. Edmund Blanchard, Esq., is reported quite ill at this residence at this place. The Y. M. C. A. gospel choir is arranging for regular trips each Sunday at places adjacent to Bellefonte.

The people in the vicinity of Pine Hall, Ferguson township, have petitioned the department to establish a post office at Struble Station. A two-pound catfish in Jackson's mill dam on Sunday was caught by some boys when the water was drawn. It was never known that catfish inhabited that stream as it is cool spring water.

J. Miles Kephart, A. Sternberg and John O'Connor came up from Philadelphia for the purpose of visiting. They held positions at that time under the administration and are getting along nicely. On Saturday evening a very pretty wedding occurred at the home of Mr. and Mrs. Herman Miller, on East High street, in which their daughter Annie, and Mr. Epley Gentzel, of Spring township, were married.

On Sunday the breast works at Jackson's fountain had to be drawn to prevent serious damage. It will take several days to repair the break. They have been running their mill double turn for some time. On Monday afternoon the ladies of the Catholic church began preparing the new room in "Temple Court" for their fall. It will be kept up during the entire week. All kinds of fancy work will be offered for sale. Meals and refreshments will also be sold.

On Monday morning Gen. D. H. Hastings, wife and baby and nurse, arrived home and were met at the station by a number of friends. It was six weeks ago that the General left here for his campaign tour, during which time he traveled over the state and made 129 speeches. Rufus Toot, youngest son of Thomas and Catherine Toot, died at his home on East Beaver street, about 11 o'clock last Thursday afternoon, Nov. 1, with concussion of the brain. The deceased was aged 10 years and 7 months. Saturday morning the remains were taken to Spruceport for burial.

Returns from the entire state gave Hastings an estimated plurality of 212,644. Not one county in the state showed a Democratic gain. Returns were necessarily late because of the large vote polled. The greatest surprise of all is that Centre county, which according to Singery, is the "Sunrise of Democracy" again slumped over into the Republican column. It was feared by many that Hastings would sweep the county but that was all. It now seems that the entire ticket has been defeated by from 100 to 600 majorities. John G. Love, Esq., has been elected President Judge. The vote was Love 4,389, Bower 4,323, plurality of 61.

Twenty Years Ago

Georgt Harpster, son of Mr. and Mrs. Daniel Harpster, of Buffalo Run, suffered a fracture of the right arm while cranking a car. Henry Cabot Lodge, senior United States Senator from Massachusetts, died at his home in Cambridge, on Sunday night, following a stroke on Wednesday.

Robert Henderson, seven-year-old son of Mr. and Mrs. Thomas V. Henderson, of Houtdale, died at the Philadelphia hospital as the result of complications developing after an operation for the removal of adenoids. Pneumonia was given as the direct cause of death. Blain Kratzer, son of John Kratzer, well known hotel man of Milroy, piloting a small Curtiss airplane which he used for private purposes, escaped death or injury Sunday afternoon when his plane crashed to the ground nose first at the Old Fort hotel near Centre Hall.

Herbert Rocky, a sixteen-year-old son of Charles Rocky, of Bellefonte, underwent an operation in the Centre County Hospital on last Friday for the removal of a needle which had penetrated his foot. The needle penetrated the member so far that local attempts failed to remove the foreign matter or locate it. A Ford sedan owned by Dr. J. J. Kilpatrick, local dentist, was stolen Saturday night from in front of Herr & Heverly's store where Dr. Kilpatrick had parked it, while he was buying some groceries. On Monday morning Chief of Police Harry Dukeman recovered the automobile in the mountain near Curtin.

The carcass of a deer was sent to the Centre County Hospital by G. W. Cooney, game warden of Centre Hall. Mr. Cooney heard several shots one night near his home in the Colyer district and began an investigation. Entering the woods a flashlight was turned full upon him and while he was blinded the illegal hunters made their escape.

A huge parade at 1:30 p. m. was a highlight of the annual observance of Armistice Day in Bellefonte. After the parade, Bellefonte High met Huntington High in a football game and in the evening a motion picture "Powder River," an official film taken by the Signal Corps in France, was shown under the auspices of the American Legion.

Gaining entrance to the John Beck store at Snydertown, Friday night, through a cellar window, thieves smashed in a door leading into the storeroom and looted the place of merchandise and cash to the amount of \$100 or more. Sheriff E. R. Taylor, investigating the robbery, expressed the belief that it was the work of local residents.

John Jacobs, a brakeman on a freight train at the Chemical Lime Company kilns, was severely crushed about the chest when he was caught between two cars. The young man, who did not believe he was seriously injured, finished out the day's work, but on the way home suffered extreme pains and had hemorrhages of the mouth and nose. He was expected to recover.

MANY EARN EXTRA CASH TRAPPING IN SPARE TIME

Farmers, Boys, Older Men, Women Run Traps

The wild life of our woods, fields and streams is the source of one of this nation's great crops—raw furs. And all over America, thousands of folks who love the outdoors are getting sport and success appears to come quickly with a little practice. For last season hundreds of very young boys were among the trappers who sent regular pelts shipments to the nation's raw fur marketing centers. Older men, women too, are finding trapping a real money-making hobby.

There's real sport, they say, matching your wits with the sly four-toed creature, learning to recognize their tracks, homes and feeding places—and catching them! What's more, there's beautiful fresh air and exercise—and delightful views of woods, fields and streams. There's the fun of learning to skin the animal and get the pelt ready for marketing. And, best of all, there's the check that comes back to provide money for some of the things you want.

By way of encouragement—experts predict a good fur crop this season!
