CHRISTMAS REGULATIONS AT LOCAL POSTOFFICE

Shortage of transportation, equipment and personnel makes it imperative that packages and Christmas cards be mailed early. Acting Postmaster Ebon B. Bower advises patrons of the Bellefonte office to observe the following rules and schedules:

MAIL EARLY. All packages and cards for delivery west of the Mississippi River should be mailed not later than December 9, preferably during the month of November; all other packages and cards not later than December 16, preferably the first week in December.

SERVICE HOURS. To facilitate early mailing the Bellefonte office will observe the following schedule: Open from 7 a. m. to 7 p. m. from December 4 to December 16. From December 18 to December 22, the office will be open from 7 a. m. to 6 p. m., as usual. On Saturday, December 23, the office will be open from 7 a. m. until 1 p. m. One delivery will be made by carrier, Sunday, December 24.

On Christmas Day, Monday, December 25, there will be no deliveries or window service but mail will be dispatched as usual. All special delivery mail will be delivered and the lobby will be open until 8 p. m.

Caution. The War Department advises that Christmas greetings for soldiers overseas must be sent in sealed envelopes and postage prepaid at the first class rate (3¢ per ounce), and must be mailed now—on or before—in order to reach destination by December 25.

2. Send all greeting cards first class with return address, as this method insures directory service, forwarding and return.

Unsealed greeting cards sent at the 1½-cent rate, if undeliverable as addressed, are not forwarded or returned, but destroyed, thereby causing disappointment.

3. Air Mail. Air Mail Overseas—6¢ per half ounce; Air Mail, United States, 3¢ per ounce. Deficient postage delays mail because it must be returned to the sender for additional postage.

4. Parcels. Parcels which are not adequately packed, particularly those containing matter of a fragile nature, will not be accepted as ordinary insured or C. O. D. mail.

5. Cooperation. Cooperation with the postal clerks by separating your mail. Deposit Bellefonte mail only in the left hand mail slot; all other first class mail in the right hand mail slot. Deposit all Air Mail in top slot.

6. Winter Schedule for Air Mail: Leaves Bellefonte for Williamsport, 9:30 a. m.; leaves Bellefonte for Pittsburgh, 10:30 a. m.; leaves Bellefonte for Williamsport, 1:45 p. m.; leaves Bellefonte for Pittsburgh, 4:00 p. m.

WARNS AGAINST PARCELING OUT OF GERMAN LANDS

Victorious allies will be sowing "the dragon seed of future wars" if they adopt any proposal to parcel out parts of the German nation among themselves, Professor G. J. Wurff of the Pennsylvania State College warned today.

Professor Wurff, former German Imperial army officer whose son is now overseas with the U. S. Army Air Forces, recommended that the Reich be ruled by a commission composed of England, the United States, Russia, and Germany itself.

"The masses of German people, he explained, follow leaders such as Hitler only because of confusion, fear, and coercion. Democracy, he believes, could be successfully established with allied help.

"Even if the allies maintained military rule in Germany for the next 50 years," the German professor emphasized, "only chaos could result from a plan of dismemberment."

Such dismemberment, he added, would so anger and humiliate the German people that they once again would turn to thoughts of war, and would commission their scientists to go to their laboratories and seek new ways to fight.

His dismemberment, he added, would so anger and humiliate the German people that they once again would turn to thoughts of war, and would commission their scientists to go to their laboratories and seek new ways to fight.

Attendants were Miss Helen Kreidler, sister of the bridegroom, and Boyd Kreidler, father of the bridegroom. Mrs. Kreidler is a graduate of the Sugar Valley Vocational High School in the class of '41, and Cpl. Kreidler is a graduate of Lock Haven High School in the class of '39. Following the ceremony, a wedding breakfast was served at the Kreidler home. The bridegroom left for Fort Benning, Ga., where he is stationed with a tank, and the bride will reside at present with her parents and continue her work at the General Armature Corp., at Mill Hill.

SEES SCARCITY OF CHICKENS AND TURKEYS

Neither chickens nor turkeys will be plentiful this holiday season. Professor P. H. Margolf, poultry expert of the Pennsylvania State College, said the chicken supply will not be large enough to overcome the expected shortage of turkeys.

He attributed the dual shortage to military demands, plus transportation difficulties and the manpower shortage.

"This year," Margolf explained, "the output of chickens was 20 per cent less than last year and the present storage stocks of dressed poultry for the civilian market are much lighter than they were a year ago."

The retail trade which usually depends on farm supplies until late December or early January is already making inroads on the stored poultry supply, he pointed out.

While doubting that either supply will be adequate, the Penn State expert expressed the belief the chances of obtaining a chicken will be better at Thanksgiving than at Christmas, while the turkey supply will be better at Christmas, because "late-hatched birds will be ready for market and all military demands will have been met."
