Smith, Milesburg, Pa. 1-M. BE WISE—Alkalize! Why Healett—Eliminate Al-Pepsoid URBANEZE Rheumatism Powder. Do you have burning painful, scalding, frequent urination, having to arise night after night, interfering with sleep? Then you have what is commonly called gravel. Sometimes also called the grab. Both men and women are subject to it. Urines, particularly beyond the age of fifty. This is an indication that your body chemistry is too acid and an alkali should be taken in order to neutralize this acid condition. URBANEZE contains six alkaline powders intimately mixed and an aromatic camphor is added to make it still more agreeable to the stomach. Also indicated for use in cases of gastric distress resulting from excessive acid secretion, hyperacidity, sour stomach, flatulence and to reduce acidity of the urine. Does not affect the heart. Do you suffer from Arthritis or Rheumatism? These ailments arise from the same underlying cause—too much acid in joints or muscles that cause excruciating pain. Science has spent many years in research and has finally found that permit deposits of uric acid in joints or muscles. If you have tried many remedies without relief try URBANEZE and obtain relief. Also a most excellent tooth powder, removing acid film from the teeth, correcting bad mouth and felding breath. Call 8125. THE TIBBENS PHARMACY, Beech Creek's Exclusive Drug Store. 4712
