

Titan Announces \$155,000 Bonus

(Continued from page one)
The gross amount of the bonus is subject to a twenty percent withholding tax and social security deduction.

All employees, except part-time temporary and those in executive positions, will take part in the bonus, which this year will total approximately \$135,000.

In addition, one-hundred dollar checks have been mailed to former Titan employees now serving in the Armed Forces. Included in these checks are three to beneficiaries of three former employees killed in action. Bonuses to servicemen totaled over \$20,000, making a total bonus payment this year of approximately \$155,000.

This bonus payment is not recognized by the company as wages. It reflects the operations of the company for the year. How hard we have labored, our ingenuity and planning, how well we cooperated, the quality of Titan products and how we have met competition—all of these are reflected in this bonus payment.

As we enter 1945, our sights must be leveled on one target—Victory. There are many new faces on Titan's payroll, making the problem of supervision more and more complex. We must all feel the great responsibility of seeing this war through to a sure victory.

Sincerely yours,
TITAN METAL MFG. CO.
W. P. Sieg, President
