Do you have burning, painful, scalding, frequent urination, having to arise nights interfering with sleep? Then you have what is commonly called the gravel, sometimes also called the grab. Both men and women are subject to it at all times, particularly beyond the age of fifty. This is an indication that your body chemistry is too acid and an alkali should be taken in order to neutralize this acid condition. URANERZ contains six alkaline powders intimately mixed and an aromatic camphor is added to make it still more agreeable to the stomach. Also indicated for the relief of gastric distress resulting from excessive acid secretion, hyperacidity, sour stomach, flatulence and to reduce acidity of the urine. Does not affect the heart. Do not suffer from Arthritis or Rheumatism? These ailments arise from the same underlying cause—too much acidity that permits deposits of urates in joints or muscles that cause excruciating pain. Science has spent many years seeking remedies for these ailments. If you have tried many remedies without relief try URANERZ and obtain relief. Also most excellent tooth powder, removing acid film from the teeth, correcting acid mouth and fresh breath. Halfpenny Price \$1.00 large bottle. By mail \$1.25.
