Loses Arm In Press At Titan

(Continued from page One)
He had removed the shell and was removing some pieces when an assistant press operator, apparently believing all was clear, gave the signal for a channel to be moved back toward the big cylinder. The channel, a heavy block of metal, came back and cleanly severed the workman's arm. In so doing it severed him around so that his left hip also was caught by the channel, inflicting a severe laceration.

Air Mail Pilot Dies In Michigan

Jack Knight, 53, one of the pioneer pilots of commercial air transportation, who had a record of 2,400,000 miles flying for United Airlines, died Saturday night in a hospital at Niles, Michigan.
Mr. Knight retired from active flying in 1937 to become the company's director of public education. He later flew for the Defense Supply Corporation in South America, developing rubber surveys along the Amazon. He retired after a short time with the Civil Aeronautics Administration.
Mr. Knight was widely known in Bellefonte and vicinity as one of the early pilots when the local airport was the main stop on the New York-Cleveland route.

Woman's Club Hears Program of Music

A regular meeting of the Bellefonte Women's Club in the Presbyterian Chapel, Monday night, was highlighted by a special musical program by the Music Section.

Mrs. Harry Jones, Club president, was in charge of the meeting, and the program was in charge of Miss Kathryn Burkett. Miss Betty Lockington, chairman of the music section, introduced those who took part in the program.
Miss Grace Corman, narrator, traced the development of American music from the early days of the Pilgrims when songs were the only music permitted, to the composers and music of the present day. She explained that there are two sources of folk music, Indian and Negro, and that the composers of other nations have used our folk music for some of their greater compositions. The origin of our patriotic music was traced and several of our national songs were sung by the audience.

The latter part of the program was devoted to the work of well known modern composers. American music it was brought out, has progressed steadily and today with our many fine music schools, public school music and the outstanding artists presenting splendid concerts, and radio programs, America has become the leading music center of the world.

FIREMEN CALLED, FIND SMOKE, BUT NO FIRE

Undine Firemen answered an alarm because of a fire fire at the Roy Heeman home at Beaver-Hoy Row about 9:30 p. m. last Wednesday. No damage resulted and firemen remained on the scene while the fire burned out.
Members of the same company were called to the Grubb apartments formerly the First National apartments on North Allegheny street, at 3 a. m. Thursday, when tenants of the building became alarmed because of smoke.

Firemen searched the building for an hour but failed to locate a fire or a reason for the smoke odor. Philip Saylor, Bellefonte Fire Marshal said. Six families occupy the building.

The black market is a menace to us all; it is even a threat to those who buy and sell on it for a profit.

thers; Raymond, who is in the Navy in the South Pacific; Gerald; Dean, Irvin, Lloyd, Paul and Harold, and two sisters, Miriam and Etel.
Sgt. Rogers, who was serving with a bomb squadron, received his Aerial Gunner's Wings in the fall of 1943 upon completion of his training at a gunnery school in Harlingen, Texas.

Cpl. Yecina Missing

Mr. and Mrs. Ignatz Yecina, of Clarence, this week received a War Department telegram informing them their son Cpl. John Yecina, 30, has been missing in action in Germany since February 2.
Cpl. Yecina entered the service on October 6, 1943, and received training at Ft. McClellan, Ala.; Ft. Benning, Ga.; Ft. Meade, Md., and was sent overseas in April 1944. On June 26 he was awarded the bronze star for heroic service in action at La Thiel, France, and on January 26, this year, was awarded the Oak Leaf Cluster.

Lt. McKibben Missing

Lt. John W. McKibben, 31, son of Mr. and Mrs. I. McKibben of Spring Creek, who are now living in Bristol, has been missing in action since January 5. In the European War theatre, it was learned in a telegram his parents received last Wednesday from the War Department.

Mr. and Mrs. McKibben did not learn that their son was missing until returning Sunday to their home from Bellefonte, where they attended the funeral Friday of the latter's father, John A. Wolfe, of Burnside street, Bellefonte.

Lt. McKibben, a brother of Mrs. William Omer of Pleasant Gap, was a pilot aboard a B-24 bomber. He enlisted in the Air Forces about two years ago and was stationed at Washington, D. C., for a time and also served at several eastern camps. After being commissioned and receiving his wings last fall, he was sent overseas in December, landing in England.

The county lieutenant is a graduate of Bellefonte High School in the class of 1941 and was employed as a draftsman by Hunter Manufacturing Company at Bristol when he enlisted in 1942. The McKibbens family lived on the former Christ Lessor farm along Spring Creek before moving to Bristol.

Pfc. Reese Wounded

Pfc. Lloyd Reese, 21, son of Mrs. Hazel Reese Wensel, of Milesburg, was seriously wounded in France on February 15, according to a War Department message received this week. The message gave his hospital address.
Pfc. Reese entered the armed forces on March 1, 1942, and trained at Ft. Lewis, Wash.; Shreveport, La.; Camp Phillips, Kansas, and was sent overseas last September, landing in France. He was attached to an infantry division.

The county soldier was home last Memorial Day, and upon leaving here reported to Camp Phillips, Kan. Shortly afterwards he was sent to Boston, Mass., and from there to a point of embarkation.

He was graduated from the Bellefonte High School in the class of 1942 and was employed by the United Match Corporation here at the time of entering the service.
Early this year, while he was in a hospital in France undergoing treatment for trench feet, Pfc. Reese and Lt. Martha E. Walker, also of Milesburg, an army nurse, met unexpectedly and spent several hours together.

S/Sgt. Wagner Wounded

Staff Sgt. Chester A. Wagner, 30, of Centre Hall, was slightly wounded in action in Germany on February 9, it was revealed in a War Department telegram received last Thursday by his father, Clayton Wagner, of Centre Hall. The message added that his hospital address and further information would follow.

The Centre Hall soldier, who was a member of a heavy artillery unit of the 78th Division of the First Army, entered the service on September 5, 1942, and was sent to New Cumberland. From there he was sent to Ft. McClellan, Ala., September 24, 1942, where he received six weeks of basic training. He then was transferred to the 78th Division and was placed in the field artillery, receiving additional training at Camp Butler, N. C.

In November 1943, he took part in maneuvers in South Carolina, and on January 10, 1944, was promoted to sergeant. In the spring of 1944 he was on maneuvers in Tennessee and was promoted to a staff sergeant. Last March he was sent to Camp Pickett, Va., where he remained until going overseas last October. He landed in England and from there went into Belgium and finally Germany.

Sgt. Wagner is a graduate of the Centre Hall-Potter Township High School and prior to this induction was employed at the Kerlin Poultry Farms in Centre Hall for about seven years, during which time he became an expert at sexing day-old chicks.

Pfc. Walker Wounded

Pfc. McDowell Walker, 30, of Orviston, was seriously wounded in action in Belgium on January 20, according to a War Department message received recently by his wife, the former Mary Lucas, of Howard.

Since receiving the War Department message, Mrs. Walker has received three letters from her husband, who is undergoing treatment in a hospital in England. He reports that he was wounded in both feet, and that the injury to his right foot is the most serious one. He adds that he is recovering satisfactorily.
Pfc. Walker entered the service on April 5, 1944, and at New Cumberland was assigned to the infantry and was sent to Ft. McClellan,

Alabama, for basic training. From there he was transferred to Ft. Meade, Md., and later was sent to New York City. In September he went overseas, landing in England, and shortly afterwards was sent to the continent. He served in France, Holland and Germany before going to Belgium where he received his wounds.

Prior to entering the army Pfc. Walker was employed by the General Refractories at Orviston. His wife and two children, Leroy and Franklin, are living with Mrs. Walker's sister, Mrs. George Houdeshell, at Howard, R. D., during Pfc. Walker's absence.

The county soldier reports that he has been awarded the Purple Heart, which he has sent to his wife, but which has not been received up to this time. He has a brother, Cpl. James Walker, who is now serving in Belgium. Mrs. Walker has four brothers in the armed forces, one of whom, David Lucas, has been missing in action in Belgium since the German breakthrough about December 18.

Gov. Martin Plans Large New Building

(Continued from page One)
on the prison grounds have not been decided, several sites have been suggested, one of them being on the former Pravel farm, across the Bellefonte-State College highway from the residence of Dr. J. W. Claudy, superintendent of the prison.

It is said, by the unofficial sources, that the new building will be relatively close to the prison, both in plant, for it is the hope to have the single boiler plant serve both institutions. It is also probable that the administration of the new institution and of Rockview would be consolidated to some extent to keep administrative costs at a minimum.

Rockview recently acquired the title to three farms in the area; one of them known as the Pravel farm, and two others. The prison has approximately 7,000 acres of land in that area.

Wards Might Work on Farms

It is believed here that the new institution would be for the use only of male deficient delinquents. Separate dormitories might be provided for different age groups, and it is believed by those in close touch with such matters that wards in the institution who are physically and mentally able would be employed on the extensive prison farms.

Governor Explains Plan

"A new building at Bellefonte," said Governor Martin, "can be operated better and cheaper than elsewhere because all the facilities and products of the large farm there would be available for the inmates of the new institution."

Governor Martin made his announcement at Harrisburg after State Senator George N. Wade (R., Cumberland) had withdrawn his bill to authorize the Governor to proclaim Huntingdon ready to receive

delinquent defectives when the Welfare Department certifies the institution as equipped for their care. The aim of the bill was to prevent mingling of old and young inmates—a defect which would be remedied by the Governor's two proposals.

Mr. Wade said that as a result of the new program it was agreed by the Governor and the Welfare Department that there would be no need for enactment of his measure. Secretary O'Hara emphasized that the proposed Bellefonte institution would be so designed as to segregate the various types of defective delinquents.

State Senator H. Jerome Jaapan (D., Philadelphia), sponsor of a pending resolution asking an explanation for refusal to accept defectives committed to Huntingdon, offered this comment when Senator Wade announced Governor Martin's program on the floor of the Senate: "I hope the building at Bellefonte is erected in the next few months and not five or six years from now."

Dispute Over Admissions

Attorney General Duff, in his recent opinion, held Huntingdon became the place for defective delinquents when most of its youthful inmates had been transferred to the new White Hill Industrial School—a

process which began in May, 1941. The controversy over Huntingdon's suitability for the reception and care of defective delinquents of mature years reached its peak several months ago, when four men in that category, all committed to Huntingdon by the Philadelphia courts, were rejected by State welfare officials on the ground the institution lacked facilities to segregate them from younger inmates. As a result of the Governor's order yesterday, all were accepted at Huntingdon. All are more than 25.
