I AM NOT A SPEEDER! Another thing—you dare not write me notes and force a Cop's name to them. You "Florence" Lucas's car. up enough to locate himself a job and has started to work for the Baltimore Construction Co. of Baltimore, who are constructing the new rotary lime kiln in Buffalo Run Valley for the National Gypsum Co. Well, I thought it was about time to locate a job, as the Boss at the house was getting a little tired of looking at me loafing around the house.

For the benefit of the many friends of Aunt Dora Ganser, she seems to be relieved quite a bit of her cold, which had her housed up for the past few weeks. She is not able yet to make many visits as her strength is not the very best at this time.

Will soon be thinking of fixing our Scotia Picnic date now, almost any time, and letting you old Scotians know when it will be.

If it takes the Senate three months to pass on the dispatch of four divisions to Europe, how long would it take both Houses of Congress to pass on sending ten divisions?
