## **Grandma Knew the Reason!**

Mild and Mallers

Remember the wonderful aroma that filled Grandma's kitchen when she ground coffee beans in her little hand mill? Remember, the wonderful flavor of the steaming brew she made from that freshly ground coffee? No factory-ground coffee could ever smell so fresh or taste so rich, because no coffee ground days or weeks in advance is so fresh . . . and no coffee made with a grind that's too coarse or too fine is so rich. Grandma realized that ... and so does A&P. That's why A&P Coffee is kept in the whole, flavorsealed bean till the very moment you buy it . . . then Custom Ground to your order, just right for best results in your coffeemaker. Try this famous coffee . . . you're sure to say it's the best you've tasted since Grandma's day!

### **HOW TO "MAKE A HIT"**

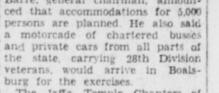

#### with your Party-Line Neighbors

1. When you start to make a telephone call and find your party line in use, hang up gently and give the other person a few minutes to finish his call.

2. When, while talking, you realize that your neighbor is waiting to make a call, hang up reasonably soon and free the line.

These little courtesies are returned again and again .... with dividends for all in good telephone service. When party-line neighbors cooperate, everybody benefits !
