The men were brothers-in-law, but quarreled some time ago about a married woman to whom they had both been paying their attentions, which quarrel was resumed when they met each other at the place mentioned. NEW YORK, January 3 .- Collins P. Huntington, through A. A. Law, asked the Chamber of Commerce to-day to favor the amending or abrogation of the Chinese exclusion bill. Mr. Huntington, in a long letter, protests that the bill is injurious to the commercial relations of the two countries. Mr. Huntington does not believe that honest people in America are opposed to the Chinese. Trade, he says, is falling off with China, because of the bill, and, beside, there is no good reason why China should not retaliate. In that event, he adds, the American trade now drifting to England and other powers would be alto-

Mr. Huntington further says that the measure was the result of partisan pressure and a political device. Rheumatism

According to recent investigation is caused by excess of lactic acid in the blood. This acid attacks the fibrous tissues, particularly in the joints, and causes the local manifestations of the disease, pains and aches in the back and shoulders, and in the joints at the knees, ankles, hips and wrists. Thousands of people have found in Hood's Sarsaparilla a positive and permanent cure for rheumatism. The medicine, by its purifying and vitalizing action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.
"I was laid up for six months with rheumatism, and used many kinds of medicines without

good result till one of my neighbors told me to take Hood's Sarsaparilla. When I had used half a bottle I felt better, and after taking two bottles I think I was entirely cured as I have not had an attack of rheumatism since." Eu-GENE H. DIXON, Rossville, Staten Island, N. Y N. B. Be sure to get
