to one Representative in Congress, except South Dakota, which shall be entitled to two Representatives. Section 11 provides that all lands herein

granted for educational purposes shall be disposed of only at public sale, and at a price not less than \$10 per acre, the proceeds to constitute a permanent school fund, the interest of which only shall be expended in the support of said schools. But said lands may, under such regulations as the Legislature shall prescribe, be leased for periods of not more than five years, in quantities not exceeding one section to any one person or company; and such land shall ot be subject to pre-emption, homestead entry, or any other entry under the land laws of the United States, whether surveyed or unsurveyed, but shall be reserved for

All mineral lands are exempted from the grants made by the act. The two Dakotas are to be added to Justice Miller's circuit (the Eighth) and Washington and Montann to Justice Field's (the Ninth). Until last night the name of Washington was changed in the bill to Takoma, but it was

then stricken out. Mr. Barnes, of Georgia, said that as one of the conferees he had been unable, under his sense of duty, to sign the report. He would not attempt, however, to enter into any argument against the bill, but would allow the House to vote upon the report without delay. The report was then adopted amid ap-

plause on both sides of the chamber. The report was then presented to the Sep-te by Mr. Platt and was at once taken

under consideration. After a long discus-sion a vote was taken, and the report was agreed to without a division.

#### THE CHINESE MUST GO.

#### California Declares That the Wily Celestial is an Unmitigated Evil. others.

WASHINGTON, February 20.-Senator Stanford to-day presented resolutions adopted by the Legislature of California, indorsing the action of Congress and of the President in the enactment of the Scott Chinese exclusion bill, and asking, in be half of the people of California, irrespective of party, that the provisions cf the law be rigidly enforced, and that such additional legislation be enacted as will make the act more effective by preventing the entrance of the Chinese into the United States over the Canadian and Mexican borders. It is recommended that if necessary

treaties be entered into between the United States and the Governments of Mexico and Great Britain to prevent the transit of Chinese throughout those countries into the United States. The resolutions declare that an experience of 40 years has proved that the concession to the people of China of the rights and privileges of the most favored nation was a mistake, and that the reception within our borders of a non-assimilating class is an evil unmittgated by a single real bencht to the citizens of the Re-

The resolutions were, by direction of the Legislature, telegraphed to Senator Stanford by Governor Waterman.
