Almost a Miracle. COLUMBUS, O., July 2, 1887.

In the fall of 1884, a little sore appeared on the call of my left leg. At first I paid but little attention to it. But the sore grew worse until it finally became a running sore and ate its way down to the bone. I suffered intense pain, but could get no relief.

The doctors told me it was an ulcer, and poultice it with slippery elm, etc. But it went on getting worse. Then they scraped the bone. But this did no good. Meanwhile my lungs began to trouble me. Then I called a doctor and he became a running sore and ate its way down to the bone.

As the sore on my leg deepened and deeper, and my lungs and throat got worse and worse, I lost flesh at a frightful rate, my weight dropping in a short time from 140 to 70 pounds. I was in a condition that was simply a matter of time before I would be scribbled. I myself and our family utterly despaired of my recovery, and resigned ourselves to my death at any moment.

One doctor said he had cancer of the stomach. After trying 12 doctors, all to no purpose, the last and only resort, he was determined that I should try it. The effect was instantaneous and almost miraculous.

Within two months the sore was healed, and at the last and only resort, he was determined that I should try it. The effect was instantaneous and almost miraculous.

For almost two years, and having long before been given up to die, I began steadily to improve and to believe, also, that the medicine used was not a humbug, but a real cure. I had scrofula and consumption both, he declared, but he assured me that La-cu-pi-a would finally cure the scrofula and Peru-na the consumption permanently.

Finally I was able to have my deformity straightened out. And with this skill which had made him famous the country over as an orthopedic surgeon Dr. Hartman set to work to straighten my limb.

As predicted in yesterday's Dispatch, Peru-na the great consumption cure, and the unequalled orthopedic skill of Dr. Hartman, my legs were healed, my lungs made perfectly well, and in a couple of weeks I was able to walk with my crooked limb straightened, my weight restored to 130 pounds, and I became a well and strong woman. To see me now, walking as I do, and to hear me talk, you would hardly think that I am the same person. No one would ever know that one time I was at death's door, utterly helpless, hopeless and crippled.

Peru-na and La-cu-pi-a. I can honestly say that I have literally snatched me from the grave and have given me what promises to be a long and happy and I hope a useful life. It was indeed "almost a miracle."

To cap the climax, Miss Jones is now married, and is a happy and helpful wife. Mrs. Wilson is her name and her home is in Cooville, Athens county, O.

La-cu-pi-a and Peru-na are sold by all druggists—\$1 bottle; 5 for \$5. Manufactured by the Peru-na Medicine Co., Columbus, O. Write for a sample to the Peru-na Medicine Co., Columbus, O. It is the best cure for all kinds of consumption, cough, asthma, etc.
