AN ALMOST MARVELOUS ESCAPE.

The Truth of the Valley Railroad Deal is Again Asserted.

ALL THE NEWS FROM NEAR-BY TOWNS

MOUNT CARMEL, March 15.—Supreme joy reigns in the homes of John Hall, Nicholas Revel, Michael Burgoyne, Patrick Leonard and Vincent Rokus tonight on account of their almost miraculous deliverance from what at this hour last night seemed certain death.

Hall and Revels, though suffering extremely from nervous exhaustion, gave tonight the first account of their experience. These two men were engaged in driving new shafts in breast No. 8 in the south slope of the mine about noon yesterday, when they heard a terrific roar, and the next minute they experienced a shock which caused Hall to exclaim to his buddy, "My God, Nick, the slope has caved in!"

Revel descended to the gangway, and 12 feet from him and their comrades to the slope cut off by huge rocks. He called to the miners who were working in No. 7 and found six miners crawling from the debris. They had found in the debris and heard nearhastly calling from No. 7 chamber for help. He was pinioned by a large rock and urged his comrades to come to his rescue. They climbed up a distance, but the danger grew so great that they had to give up and climb up an abandoned chamber and gain an exit, but mountain-like boulders stood in their way. They returned to the gangway and endeavored to console one another.
