RESULT OF GAMES EAST AND WEST

Ramors that Washington Wants to Buy "Pop" Smith.

GENERAL SPORTING NEWS OF THE DAY

One more the home talent was laid out yesterday, and this time by the fair cowboys at Kansas City.

Special Telegram to the Dispatch: KANSAS CITY, April 4.—About 3,000 people witnessed the Kansas City Association team defeat the Pittsburg Leaguers today.

The great feature of the game was the pitching of Swartzel, the cowboys' new twirler. He kept the Pittsburgers down to six hits, two of which were triples.

Conway was not a puzzle for the men he faced, as they rapped him for 11 good hits. He showed lots of speed, but was easy to size up.

WARD'S MISTAKE

President Hewitt says Johnny Will Live to Regret It.

President Hewitt returned from New York this afternoon and was met at the train by the World correspondent, to whom he talked very freely about his mistake.

"What will you do now?" was asked. "I want it distinctly understood," said Mr. Hewitt, "that the failure to get one particular man will not in any way affect my energy in getting together a creditable team."

Here is President Hewitt's opinion: "What the two sides of it are, I think that Ward has made a big mistake. And I will live to regret it. This was a turning point in his career."

WASHINGTON MEETING

Good Prospects for the Ivy City Spring Races.

WASHINGTON, April 4.—The programme for the spring races of the National Jockey Club at Ivy City, has been published.

A number of nominations have already been received for some of the principal events. For the Annapolis stakes one mile for three-year-olds there are 22 nominations.

It is more than probable that Richard K. Fox will alter the conditions of his feather-weight championship belt.

Jimmy Carroll, the middle-weight cyclone who has not yet been defeated, will make a match with some of the fighters of his class.

A \$50,000 NIGHT BLAZE.

The Seaflo Block on Water Street Partially Destroyed—Sheriff, Son & Co. the Heaviest Losers—Prompt Response Delayed on Account of Other Matters.

About 11:35 o'clock last night a man named Doyle, while walking along First avenue, saw a bright light in the building occupied by J. B. Sheriff, Son & Co. as a machinery shop and warehouse.

He investigated and immediately began to yell "fire," and a policeman, hearing him, ran to the spot. The latter saw the flames about the elevator way and immediately sent an alarm from box 4.

Just a few minutes previous there had been two other alarms, and when the signal from No. 4 came the firemen were non-plussed. The first district responded promptly, and Chief Evans recognizing the importance of the fire, sent in three additional alarms.

Some of the firemen, however, were not so prompt in their response, and it was some time before the fire was under control. The loss was estimated at \$50,000.

FLEEING FROM FIRE.

Terrible Tales of the Ruin Wrought by the Flames in Dakota.

THE LOSS TO LIFE AND PROPERTY. Several Thriving Towns Practically Wiped Out of Existence.

ATTEMPTS TO START THE DEMON'S MARCH. Five Entirely Felt, and Much More Damage May Be Done.

THE DESTRUCTION CAUSED BY THE FIRE IN DAKOTA IS EVEN GREATER THAN THAT REPORTED. MANY LIVES AND PROPERTY TO THE AMOUNT OF MILLIONS OF DOLLARS HAVE BEEN LOST IN FLAMES. TERRIBLE TALE CONTINUES TO COME IN FROM ALL QUARTERS, AND IT IS POSSIBLE THAT THE WORST HAS NOT YET BEEN TOLD.

MITCHELL, DAK., April 4.—Nobody but a man who has stood before a wildfire and tried to stay its awful rush and roar when it is fanned by a fresh wind can appreciate its almost irresistible force. The fact that it has already killed 100,000 people, and that after paying dividends it has \$5,000,000 surplus last year, and also the fact that notwithstanding the continued operation of industries of the State, that it continues to extend even more this year so far than it has last year.

Flames in some instances leaped 100 feet of plowed ground, and rushed away again on their career of destruction. All ordinary precautions were vain. The spring has been very dry, and the top of the ground has been dusty or baked. The signal observer at Yankton says that the humidity of the air was but 7 per cent Tuesday, a condition of dryness never attained.

As the mean annual humidity is 70 this shows that the atmosphere has been practically devoid of moisture. Then the wind from the northeast blew between 40 and 50 miles an hour, fanning the flames into fury.

UNDER THESE CONDITIONS wherever fire touched the grass it burst out with a flash almost like powder, and shot away across the prairie like an arrow, its course never widening. To extinguish it by water, of course, was out of the question. Plowing fire breaks was slow work and the high wind often drove the flames across them.

There is a great difference between one man who is talking about his own property, and has no one to answer to but the State, and another who is managing the property of others, and must use it to suit himself or the interest of the State. Mr. Carnegie speaks about his own property, but Mr. Carnegie speaks about his own property, but Mr. Carnegie speaks about his own property.
