

BOTH IN A BAD BOX.

Theatrical Parties and Fishing Clubs to Pay Regular Fare.

LOCAL ROADS VS PARTY RATES.

The Companies Fall Back on the I. & C. Law, as is Usual.

TRANSCONTINENTALS AND MR. KING

The 2-cent rate for parties of ten or more traveling on one ticket has been withdrawn. Yesterday the Baltimore and Ohio and the Pennsylvania Railroads issued circulars, instructing their agents to charge regular rates for ten or more as well as one traveler.

THEY WILL ALL ENFORCE IT. This rule will be put into effect by every road in the country, as soon as they are informed of it.

Pittsburg is full of fishing clubs that go camping for a few weeks in the lake regions or mountains during the summer. The clubs paid the 2-cent rate. Some time ago the managers of these pleasure parties received an intimation of what was coming, and the clubs have been very much worried about it.

PROVIDED THE RATES ARE FILED with the commission and the public are properly notified, so that every person who desires can take advantage of the reduction.

As for travelers in the theatrical business, their last hope of low rates is gone. In the future they will have to whip up the regular fare.

IF THIS NEW RULE will only bankrupt the trashy companies on the road, the public will have a sign of relief, and the theatrical profession will be benefited. Verily it's an ill wind that doesn't blow somebody a little good.

WILL THEY ACCEPT?

Transcontinental Lines Offer Initial Roads a Percentage.

Chairman Blanchard has accepted, but the roads have not yet ratified, the percentage offered the lines east of Chicago by the Western roads on transcontinental business from Pittsburg territory.

IF THE ROADS accept the percentages in the future they will receive 15 per cent on the through transcontinental rate to Chicago and 16 per cent to St. Louis.

On some commodities the roads would make local rates; but on some they will lose. For example, the iron rate to the Pacific is \$1 15; 15 per cent of this rate is about 15 cents, or the local rate from Pittsburg to Chicago. On glass, however, the initial rates would lose 15 cents. The glass rate to the coast is \$1 45; 15 per cent of this rate is about 15 cents. The local rate to Chicago on glass is 37 1/2 cents, and the local roads would lose the difference between 37 1/2 and 15 cents.

WHAT THOMAS M. DOES.

Vice President King to Look After the Physical and Operating Service.

According to a circular issued by President Mayer, of the B. & O., Thomas M. King's duties as Second Vice President will be to look after the physical and operating branches of the company's service. Other duties may be assigned to him by the President.

THE DRESSED BEEF FIGHT

Is New Engaging the Attention of the New York Legislature.

ALBANY, April 5.—The Assembly to-day went into committee of the whole on the antedressed beef bill. Mr. Nixon, the introducer, made a long speech in explanation and advocacy of the bill. Mr. Crook thought the bill was distasteful. While it was ostensibly introduced for the purpose of preserving public health, and while it was skillfully and ingeniously drawn to avoid unconstitutionality, the bill was really for the purpose of preventing competition of Western with Eastern dealers.

PATRONIZE Home Industries!

One of the most charming of poets in one of his most charming poems tells us that in his youth his heart was filled with an unadmitted longing, a wild craving for love—for a pure, unselfish, devoted love. Then he tells how he left his home and wandered forth in search of this wondrous love, this exalted affection that his soul yearned for; he wandered North, he wandered South; he journeyed East, he journeyed West, but all in vain. At last, despairing of success, he sorrowfully turned his steps homeward. He reached his home, his mother met him at the gate, and he looked into her soft eyes, and saw her welcoming smile, and felt his loving embrace, he recognized that here was the pure, unselfish love, in search of which he had roamed the wide, wide world over.

We, too, have been on a search—not for love, but for paint, a first-class, reliable paint at a reasonable price. We went to Philadelphia, Baltimore, Boston and New York; we had samples sent from Chicago, Cleveland, Milwaukee and St. Louis. But none was just the right thing. One was good in quality, but too high in price to be come popular; another was reasonable in price, but lacking in quality.

At last we came across the paints of the Iron City Color Company, manufactured right here in Pittsburg, an article that entirely filled our requirements, both in regard to price and quality. We take pleasure in recommending these paints. The prices for common colors will be 12c a pound, and for high colors, such as red, yellow, green and blue, 15c a pound. These paints are put up in cans of various sizes, and will be sold as follows, viz:

Table with 2 columns: Common Colors, High Colors. Pints.....\$ 23 30; Quarts..... 40 58; Half-gallons... 70 1 50; Gallons..... 1 35 2 00.
