The Challenge Issued by a Prohibition Campaign Committee.

ALL THE NEWS FROM NEARBY TOWNS

SPECIAL TELEGRAM TO THE DISPATCH.

Findlay, May 7.—As is well known the great difficulty with which oil and gas operators in the Northwestern Ohio field have to contend, is the presence of salt water, which often comes into a well while drilling, rendering it worthless and a dead loss...

CHANGED HIS MIND.

A Man Who Was Offered a Postoffice Deed to Decline It.

OFFICIAL TELEGRAM TO THE DISPATCH.

YOUNGSTOWN, May 7.—Myron Wood, who was tendered and accepted the appointment of Postmaster here, today announced that he had changed his mind, and sent a message to the Postmaster, to properly attend to the duties, would have to be in the office from 8 A. M. to 10 P. M., and that the "long hours would impair his health, which is not the best by reason of numerous gunshot wounds received in the army."

TICKET COMMISSIONS.

Western Railroads Appear Before the Interstate Commerce Commission at Washington.

WASHINGTON, May 7.—Western Railway men chafed and groused animatedly this morning in the rooms of the Interstate Commerce Commission while awaiting the opening of the investigation into the matter of the payment of commissions upon the sale of passenger tickets. Chairman Cooper opened the meeting with a few remarks upon the importance of the investigation and then called upon the railroads in alphabetical order to state what, if any, commissions they paid.

WORK OF THE FLAMES.

A Little Buckeye Village Practically Wiped Out by Fire.

SPECIAL TELEGRAM TO THE DISPATCH.

Findlay, May 7.—At midnight last night a fire broke out in A. Phillips' meat shop in Beaver Dam, a small village 20 miles west of this city, and before the flames could be controlled, the entire business portion of the town was reduced to ashes. The fire hour found the inhabitants all asleep, and the cause of the discovery of the fire was indistinguishable. Women and children, who only had time to escape in their night clothes, fled for when no shelter could be found, presented a pitiable sight. Little, nine miles west, was called on for assistance, and a portion of the fire department immediately responded by a special train on the Lake Erie and Western Railroad. While they arrived in time to assist in the work, the water of water precluded any possibility of saving anything.
