

ERNEST H. HEINRICHS. RIDING ON THE RAIL.

Ernest H. Heinrichs.

WRITTEN FOR THE DISPATCH.

In the royal castle, in a bedroom hidden away from all eyes and eavesdroppers...

The bear pulled her and rider to the ground. King Odrick fell down, and the horse came down on his leg, which made him completely helpless...

Just at the moment when the bear sprang toward the young king to tear his heart out, he could, as Odrick pierced his heart, and dead as a log he tumbled down at the side of Odrick.

Just at the moment when the bear sprang toward the young king to tear his heart out, he could, as Odrick pierced his heart, and dead as a log he tumbled down at the side of Odrick.

Just at the moment when the bear sprang toward the young king to tear his heart out, he could, as Odrick pierced his heart, and dead as a log he tumbled down at the side of Odrick.

THE POSSIBILITIES OF INCREASE OF SPEED IN RAILROAD TRAVEL.

Ernest H. Heinrichs.

WRITTEN FOR THE DISPATCH.

Those who have watched the progress made in railroad building in America during the past dozen years, and the comforts that travelers now enjoy on the rail, need not be told that all that money and brains can do to increase speed and safety of travel is being done.

SUNSHY THOUGHTS. MORALS AND MANNERS.

BY A CLEVERMAN.

These materialists who imagine that Christianity is a spent force, playing at life to serve as the retreat of selfish place-men, must have had this notion rudely jostled by the case of the Belgian priest, Father Damien, just dead in the Sandwich Islands.
