

THE HOMEOPATHS, And the Drift of Opinion From Doctors Well Posted FAVORS THE HOSPITAL.

Dr. McClelland, Edmondson and Others on the Complaints. THEY SAY IT IS THE OLD STORY Of Ungrateful Charity Patients Biting Their Healers. THAT BOY IS GLAD HIS LEG REMAINS...

men injured in the mine at Meyer, for example, were sent to the Homeopathic Hospital. They are usually hurt there, they are removed to the nearest place where they can be properly attended to.

ALL TENDING ONE WAY. Nothing but praise of the Institution That Few Chose to Criticize - The Resident Doctors. Other physicians on both sides, were interviewed yesterday at the hospital.

PASSING EXAMINATIONS. "As to the ability of the 'resident,' this is unquestioned, if the Examining Board are at all competent. There is no favoritism shown, and each year a competitive examination is held, in which many contestants who have just graduated from college take part.

SENSITIVE AND CHARITABLE. The reputation of a hospital is as sensitive as that of a woman's. The Homeopathic Hospital is a charity institution, and its reputation is as sensitive as that of a woman's.

AS TO YOUNG DOCTORS. This hospital is conducted like other general hospitals. We take young men from the colleges and make them residents, or put them "in turn," as we call it. All that these men do is to carry out the orders and instructions of the visiting doctors.

PROMPTITUDE ITSELF. I have never known men to suffer in the Homeopathic Hospital for lack of attention. More than once I have seen a patient who had been at the hospital waiting for a patient who had been hurt to arrive. They had been telephoned for, and got there before the ambulance, so promptly they were there.

BETTER THAN A TARIFF. So Says Mr. James Chambers of His New Tank System of Glass Making - It Will Shut Out Cheap Importations. Mr. James Chambers, of the firm of Chambers & McKee, owners of the large tank furnaces for the manufacture of window glass, at Jeannette, left last evening for Philadelphia, where Mr. McKee, his partner, now is.

AS TO CONTRIBUTIONS. What I do not like about the whole affair is that such charges injure the institution with the people who contribute toward its support. Some of them may believe these stories, while others are always looking out for excuses to get out of contributing.

THOSE INJURED BY ACCIDENT. It is said by one doctor that the majority of cases of injury by accident go to other hospitals. This is not true, as the Homeopathic Hospital gets its share.
