CATTLE HIGHER, SLOW ADVANCE

Yearlings and Spring Lambs Easy, Choice Weathers Steady.

FIRMER FEELING IN FLOUR TRADE

OFFICE OF PITTSBURGH DISPATCH, MONDAY, June 10, 1930.

Markets were not at all spirited, but cattle were a full 1/2 cent higher than a week ago. A Diamond market butcher said: "I paid about 25c per cwt. more for the best of the week, and a Beaver Falls butcher paid for some prime cattle, which is the highest paid this week was good. There were a few items weighing as high as 7,000. But this class of cattle is no longer in demand in our markets. The steer market has not gone up much, about 1,200 pounds or in price. Supplies of cattle were large. A dealer in Western stock said: "We will do well if we get our crop here this week. We had in any case as much as Chicago as butchers here are willing to pay, and hence will have to work for glory instead of boodie this week. One item is sure that margins of profit are about as good as they can be.
