HROUGH THE COMMON COUNCIL.

Plea for Sexual Equality in Pay Prevails in the Same Branch.

HAT RED POND PARK PROJECT

Conneils seemed to be in a business mood esterday, quorums being easily secured. Common Council the first thing of note as an ordinance changing the official titles of as an ordinance armonist of Public Safety, ublic Works and Department of Charities, id making them directors instead of chiefs; it as referred along with a batch of other ordices, etc., among which the most important ere those establishing grade on Water street om Smithfield to Grant; one establishing the Renfrew street, from Achillis street, Lincoln avenue; opening Finance street, centy-third ward; locating Smith street, enty-third ward; a petition for the assess-nt of damages of Elizabeth Brownwalter on se changing of the grade of Crozier street, and any for the vacation of a portion of South

eventh street. can presented a resolution asking re Chief of the Department of Public Works furnish an estimate of the cost of enclosing se Red pond with an iron fence, and in casne sewer is built, furnish an estimate of main-sining the Red pond as a lake with pure ater; referred to the Chief of the Depart

ent of Public Works.

Mr. Magee offered a resolution for the paysent to E. Y. Breck of \$781 50 for stenographic ork; referred to the Finance Committee. Mr. Magee offered a resolution relieving ames McKnight from a contract for the contruction of a sewer on Penn avenue, East nd, entered into with the Board of Awards, wing to McKnight being actively engaged in ork at Johnstown; passed under a suspension Mr. H. T. Steinecke, elected to succeed Mr.

luhlandt, was sworn in. AGAINST RAPID TRANSIT. The ordinance compelling all traction and

ectric roads in the city to be provided with utomatic bells, stop on all street corners, etc., ras opposed by Mr. Magee, on the ground that here was now too much clanging of bells, and is traction and electric roads were constructed ogive more rapid transit, the object would be lefeated, as, if they were compelled too stop on wery street corpor they would be slawer than the old street cars. Action on the ordinance inferred.
Magee moved to increase the salary of

Mr. Magee moved to increase the salary of the matron at the Central station from \$50 to 75 per month, on the ground that her work was fully as hard as that of a sergeant there. The motion prevailed, as also one by Mr. Ferguson raising salaries of matrons at outside stations from \$50 to \$65 per month, and the amended ordinances were ordered printed. The ordinance fixing the salaries of the engineer in Municipal Hall at \$75 per month was finally passed.

When the ordinance for a sewer on Gum street was called, Mr. Lambie spoke of the occasity of the sewer on that street as the cellums were flouded. There was some opposition, which came from people who had at their own expense put in a sewer on one part of the street and did not want to be assessed for the new one. It was decided that they should be exempt.

Chairman Bigham, Committee on Public Vorks, reported an ordinance opening Mifflin treet, Kirkpatrick street between Wylie and Vebster avenues, Toriey street from Friend-hip avenue to Peari street, Gast alley, Woolamp avenue to rearistreet, Gast alley, Wool-slayer alley, Clement alley, Sumerlee street, Apple street, Bowery alley and Amber street; also ordinances for the grading, paving and curbing of Omega street, Mahogany alley, Holmes street and Fox alley. They were all passed finally. THE IMPORTANT ISSUE.

The ordinance for the widening of Diamond licitor Moreland read. It was in brief that by 97 Fifth ave. acts of Assembly of January 6, 1864, June, 1887, and by acts of the last Legislature, the power also the right to assess all properties benefited. He stared that he was advised that the Board of Viewers would report sufficient property benefited to pay all costs, expenses and damenefited to pay all costs, expenses and dam-pess arising from such opening. Finally: lammy spinton the city will incur no dishillity for sunages occasioned by such improvement, ex-erting upon the happening of one of two things, iz.: First, if it shall be found that this improve-ient is one in which the public at large has just much benefit and advantage as those whose roperty lies along the line of the alley, it then make to be a local and become: a general benefit, i which event the city must bear the expense: or, cond, if a jury should award an amount of dam-ges to a property holder greater than that alages to a property holder greater than that al-owed by the viewers the difference must be paid by the dity, unless there shall be found other property benefited in an amount equal to such liftersnee.

The report of the Board of Viewers was next

Sound of Viewers respectively in the proposed ing statement: se amount of money involved in the proposed provement is so great and the interests so com-ated. Involving not only the values of the free-d taken but the value of leases that would be maired by a reduction of the area or by a com-paired by a reduction of the area or by a com-

impaired by a reduction of feases that would be impaired by a reduction of the area or by a complete loss of the entire area so leased, and the value of narrow strips of ground insufficient for building purposes that would be left, that a greater length of time than has been given to the audject should be necessary.

It is, however, very important that a decision shall be reached as to whether the street shall be located at the increased width, in order to prevent a greater increased cut for buildings now being erected within the proposed lines.

A very considerable margin either way would be caused by the possibility of disposing of the remaining strips of Jand to property holders, who, by purchase, would obtain a front upon the new street, or, in default of such sale, throwing the surply into the street, causing its further widening at such points, and under the recent street act the viewers are instructed to make such adjustments.

The value of leases wholly destroyed or contin.

The value of leases wholly destroyed or continued under now conditions is a delicate and difficult matter to determine, as leases are not placed upon record; even their existence cannot be determined in brief inquiry.

The board deemed the important point to determine was-weighing all that could be ascertained affecting the lease, whether there was certainly property enough sufficiently benefited to justify the large cost that would ensue. ASKING THOSE INTERESTED.

in order to so decide all property holders whose operty would. In whole or in part, be taken are called in to make a statement of what they emed the damage would be if such action was sken. The amounts so given were aggregated at an estimate made of the footage on the new rect that would be increased in value by the idening of the street, and in the judgment of the ard the increased values of new frontages made n aggregate far exceeding the maximum claims nade, leaving a large margin for the unascer-tioned value of leaseholds and other matters not tily considered in the necessarily limited inquiry nade. hilly considered in the necessarily limited inquiry made.

These preliminary reports under the act are imply an expression of the judgment of the board as to the expediency of the improvement proposed, and are not supposed to be accompanied by a detailed statement of the estimates which led to the conclusion, which would generally be injudicious to present, as it would complicate the final action of the board by seeming to commit it to specific claims for damace, which are only heard to enable an approximate estimate to be made and to decide the maximum amount which would be demanded, and which, in the float report, is subject to all the evidence and information that can be brought to bear upon it, to sift it down to an equitable sum.

In any case, however, where the Councils would deem the preparatory information gathered by the board needful to them in deciding the passage or refusal of any ordinance for improvement, it is, of course, always at their service, individually or as a body.

In so important a measure as the proposed visioning of Diamond street, it will be a great

in as a body rank a measure as the proposed ridening of Diamond street, it will be a great ellef to have the Councils in possession of all the inta upon which the board based its affirmative ecommendation.

It is the clear conviction of the board that all images caused by the proposed widening of plamond street should be assessed upon that treet, and only upon the portion of the street included within the limits so widened. There has eeen no consideration given to the city for any use of rentals which would be caused by the reunction of her rental, and because the new aseased values upon the improved street would

as of renthle which would be caused by the remethon of her rental, and because the new asmethod of her rental, and because the new asmethod of her rental, and because the new asmethod is a statement of the claims made and
re rais amount on all other properties whose
where did not make specific claims. Also a statement of the footage which would be assessable to
as the amount of the damare. This footage is the
nuire footage which in the changed limits, all propries left upon the street with sufficient building
oph being held to be henefited. The board defres the Council to fully undertand that these
aims made do not receive the Indorsement of the
ourd. Many of them indeed are manifestly in excuss. But exclusive of the value of leases and
one minor matters they seem to represent an apfortimate amount which may be demanded, and
a tile judgment of the board the increase in the
site of the properties upon the street when
ridened would be greatly in excess of this aggreable of damage as presented, or of any sum of
amages that could be shown to accrue.

OVER HALF A MILLION.

OVER HALF A MILLION.

Foolage to be assessed, 1,663 feet.
Respectfully submitted,
EDWARD J. ALLEN,
DANIEL WENKE,
TIMOTHY O'LEARY, JR.,
Viewers. Mr. Carnahan last counseled caution, as the City Attorney had pointed out dangers in their

City Attorney had pointed out dangers in their path.

President Holliday opposed the ordinance. He said great damage would result to lease-holders, and this had not been heretofore considered. They would probably seek legal redress, and the result might be an impassable street for years, but the ordinance passed by the following vote of 32 to 9:

Aves-Mesers. Battles, Baum, Berry, Bigham, Binder, Brown, Carr, Donley, Donahue, Pouthilt, Duncan, Dunn, Elliott, Hague, Helmold, Johnston, Kearns, Magee, Mason, Moschell, McGurry, McDermott, MacGonigle, McGuire, Niemann, Wightman, White, Wright-32.

Noet-Carnahan, Ferguson, Fox, Gardner, Lydon, Mullin, Steinecke, Steggert, President Holliday-9.

An ordinance granting the Pittsburg, Oak-

An ordinance granting the Pittsburg, Oakland and East Liberty Railway Company the
right to lay tracks on Atwood, Boquet, Frazier,
Ward and Semple streets was passed finally;
also the ordinance granting the City Bridge
Company the right to construct an approach to
its bridge over Duquesne way and the wharf
near Barker's alley.

The action of Select Council in refusing to
appoint a committee of conference, also the
resolution indorsing the action of the citizens
and officials in the recent Johnstown calamity,
were concurred in.

AS SHORT AS SELECT.

New Members Qualified and Some Work Done in the Upper House.

Done in the Upper House.

John McM. King, of the Second, John C. Reilly, of the Fifth, and A. T. Watson, of the Eighteenth wards, took the oath of office, having been elected to fill unexpired terms of saloon keepers, resigned.

Dr. C. Evans presented a resolution authorizing the Mayor and Controller to sign a petition for the grading of Gien Caladh street between Second avenue and Sydenham street. The paper was adopted.

The following ordinances were passed finally: Granting I. Benz & Bro. the right to lay a switch on Water street, Twenty-eighth ward; authorizing the Oliver Iron and Steel Company to lay switch tracks on South Tenth and Twelfth streets: authorizing the opening of Kirkwood street from Hiland to Collinsavenues; granting the Pittsburg. Allegheny and Manchester Passenger Railway Company the right to extend their tracks down Penn avenue to Fifth street and to Duquesne way: incressing the may of the engineer in Municipal Hall from 80 to 85 per month; granting certain privileges to the Pittsburg. Oakiand and East Liberty Passenger Railway Company; authorizing the City Bridge Company to construct an approach to its bridge across the Allegheny wharf.

The ordinance regulating processions, par-

des and street assemblages postponed.

The action of the Common Council in approving the reports of the Board of Viewers, Department of Awards, and passing other ordinances and resolutions was concurred in.

Glass Blowers Will Take in the Paris

Master Workman Ross is Still Prosecuting the Bakers' Strike.

WHAT THE LABOR PEOPLE ARE DOING

About 200 window glass workers will eave this city next week to attend the Paris Exposition. Arrangements are now being made to secure as many as possible to go upon the excursion when the window houses lose down for the summer. The prime object of the majority of the men going to Europe is to visit their old homesteads, and ome of them who have been in this country but a short time will bring back their families with them to this city. A number of the al-leged imported men, who are now working at Jeannette, will do this, as none of them brought their wives and children with them when they came over. The summer suspension will give them all their first opportunity to visit their old homes. Those who will go to, the Exposi tion are mostly Americans, who, instead of spending their vacation fishing

IN THE SHADY NOOKS among the Thousand Islands, will put in the time doing Europe, the low rate of fare enabling them to do so. The action of the Pittsburg railroad companies in not making low enough rates for their respective fishing clubs, is said to have had considerable influence in making the men decide to go to Europe.

A number of the flint workers who will also quit work this week, will visit the Exposition, but the majority of them, as usual, will go to their annual encampment grounds and remain there for the summer.

Secretary Loeffier, of the Window Glass Manufacturers' Association, in his report, which has just been issued, says there have already been closed down 20 factories. This shows that the trade is very poor. Generally the manufacturers run as long as they can and lay in heavy stocks for the summer and early fall trade. This year it seems that it would not pay to tun to the end of the fire, and consequently the owners of the factories put them out of blast.

SOME ARE CLOSED. among the Thousand Islands, will put in the

SOME ARE CLOSED.

Abel, Kim & Co.'s works, in this city, and O'Leary Bros.' factories, up the Monongahela river, closed down last week. According to the report of the Secretary, stocks are medium and the demand light.

The proposed suit of the Central Trades Conneil against James Campbell, President of the Window Glass Workers' Association, and others, for violation of the contract labor laws, was not entered yesterday as was expected, President Joseph Dyans, of the Council, stated assertion that the matter was in the hands of ast evening that the matter was in the hands o his attorneys, and the suit would be entered in

his attorneys, and the suit would be entered in due time.

Nothing will be done about the matter, however, until the successor of District Attorney Allen enters upon the discharge of his duties, Mr. Walter Lyon was appointed to the office last Thursday, but as yet Colonel Allen has not seen him. The present District Attorney does not wish to hamper the beginning of Mr. Lyon's administration, and will not enter the suit.

A FUNNY FAKE.

The Story That Lillipation New York Glass People Control the Country-Utterly

Nonsensical Assertions. A hurrah story is going round which will interest Allegheny county glass people in a measure. In substance it states that "The United States Glass Company, with a main office at Syracuse, N. Y., with a capital of \$1,000,000, and containing men from New York State, will make a trust to control all the glass manufacturies in the country." It also states that they now have nearly all the New York interests, some in Ohio and several m Pennsyl vania, and that the tank process is to be em

yesterday. J. S. Atterbury, of Atterbury & Co., was first spoken to, and in reply said:

"Nothing in it, whatever, to affect us! Why, the idea of a company of only \$1,000,000 trying to control the glass interests of the country, or even of a little part of Pittsburg, is absurd! The names mentioned in the article I do not know, and have never heard of them. Such stories as these I would term as 'desk stories.' There is not a glass company in the country which has less than \$1,000,000 invested in the business."

Mr. David, Frank, of D. O. Graningham, &

Mr. David Frank, of D. O. Gunningham & Mr. David Frank, of D. O. Gunningham & Co., said:

"That's all a canard, and those gentlemen who purport to be the representative glass people of the country I don't know, with the exception of Orin E. Frazee, of Canastota, N. Y.; but even he is not a large operator. There are some people interested down about Findlay, Ohio, in the natural gas fields; but, as for Pittsburg being affected, there is nothing in it at all."

Other glass men, when spoken to poob-

Other glass men, when spoken to, pooh

TO REFUTE ARGUMENTS.

Master Workman Ross Working Against S. 8. Marvin in Wheeling. Master Workman Ross, of D. A. No. 3, went to Wheeling yesterday to appear before a meet-ing of the Retail Grocers' Association, which was held in the Nail City last night, to take action upon the bakers' strike against S. S. Marvin & Co. The K. of L. in this city claim that they have taken 27 out of 30 of Marvin's cus-tomers away from him in Wheeling and Beltomers away from him in Wheeling and Bellaire. It was stated that Foreman Crawford, of the shops, was to go to Wheeling, appear before the grocers and show them why they should not withdraw their patronage.

He claimed that the strike was unjust, and if the firm's side of the case was heard, the merchants would reconsider their action and continue to handle Mr. Marvin's goods.

Master Workman Ross heard of the matter, and hurried to Wheeling to appear at the meeting, and, as far as night be, refute the arguments of Mr. Crawford.

THE UNION DROPPED THROUGH.

Telegraph Repairmen Are Now Without a Organization. The proposed Electricians' Union has fallen through, and the telegraph repairmen of the city are virtually without an organization. Some time ago it was decided to withdraw the local assembly, which was then gasping for local assembly, which was then gasping for life, in the Kuights of Labor, from that organization and enter the Federation of Trades.

The organization could not be strengthened enough, and it has now been decided by the members that the best thing to be done is to allow the organization to drop through. Since the removal of Master Workman Shields there has been very little interest taken in the assembly.

THE CHINA TRUST.

Pittsburg Jobbers Laying in Heavy Stocks Before Prices Go Up. The dealers in china and pottery ware in this city are laying in heavy stocks preparatory to the heavy ad cance in prices they expect, as a result of the trust formed last week among the manufacturers. manufacturers.

Nearly all the principal china and pottery houses in the country are in the combination, and it is expected that the prices on all kinds of ware will be advanced within the next two

THE BUILDERS TO MEET. The Quarterly Gathering of the Exchange t

be Held To-day. be Held To-day.

The quarterly meeting of the Builder's Exchange will be held to-day in their rooms in the Renshaw building. Nothing but routine matters will be discussed. The scheme to form a builder's club, and erect a house in the central portion of the city, has fallen through. The majority of the members of the exchange are opposed to the club, saying that it will take away members of the other organization.

Stendy Work Herenfter. The null mill of Chess, Cook & Co., at Rankin station, has resumed operations after an idleness of about nine months. They employ about 200 men. The mill was erected in 1885, but has not been operated more than a year in all since its completion. The firm expect to operate the mill steady from this time hanceforward.

Pilseer Beer.

A SAPE CURE for worms, an efficient tonic besides, may be had in Dr. Jayne's Tonic Vermifuge. It utterly destroys worms, and acts beneficially in the dyspepsia and general debility of either children or adults.

A STATE CONVENTION.

The Y. M. C. A. Arranges a Programme the Fall Meeting. The annual State Convention of Y. M. C. A. will be held on October 10 at New Castle, Pa., and will continue until the 18th. Mr. Ira D. and will continue until the 18th. Mr. Ira D. Sankey, the singing evangelist, and several other well-known people will be present. It is thought that a bigger attendance will be had at this meeting than at any heretofore held. Secretary Orr, of the Y. M. C. A., stated to the reporter yesterday that the daily and nightly attendance at the building has fallen off by one-half since the warm weather commenced. He does not think that outside attractions have caused the small attendance, but says the weather is the cause of it. When asked if pool and billiard halls had reduced the attendance any he said he thought those places had fallen off in their attendance as well as the Y. M. C. A.
