It has been a marked characteristic of live stock trade all this season that heavy cattle and hogs have moved slowly.

As will be seen by our quotations, receipts of heavy cattle were not so numerous as in previous weeks.

Following is report of the week's transactions at East Liberty yard.

Table with columns: CATTLE, HOGS, SHEEP. Rows: Thursday, Friday, Saturday, Sunday, Monday, Tuesday, Wednesday, Total.

PLATE GLASS STOCK.

SHORTEST MEETING ON RECORD.

Electricity to Supply Oakland and Squirrel Hill With Rapid Transit.

MT. WASHINGTON COMING TO THE FRONT

One of the largest transactions in local stocks of recent date has just been closed up.

J. B. Ford sold to C. B. McLean, President of the Masonic Bank, 1,000 shares of Pittsburgh Plate Glass stock at \$150 per share.

More of it can be had at the same price. This is 37 points below Exchange quotations yesterday, and is probably the fair value of the stock.

The proposition to divide the Exchange surplus of \$600,000 among the members was slipped in the bid in the most summary manner yesterday.

President Arthur called the meeting to order and stated the question. It was immediately moved and seconded that the proposition be laid on the table.

The meeting was over in less than two minutes, and it was further whispered that it was the shortest meeting on record.

He had forgotten what he wanted to say. The surplus, therefore, remains in the treasury, to be used as exigencies may require.

It was whispered about yesterday that the much-talked-of "toop" which is to give Oakland and Squirrel Hill rapid transit.

The opening price was 92 1/2, the highest 92 3/4, the lowest 92, and the close 92 1/2.

Trading was moderately active in the market for the remainder of the day.
