Week's Transactions at East Liberty Live Stock Yards.

THE OUTLOOK OF FARM PRODUCTS Was Never Better--- Wheat Garnered in

Splendid Condition. A SEASON OF ABUNDANCE CERTAIN

OFFICE OF PITTSBURG DISPATCH, }
THURSDAY, July 18, 1889.

It appears from the accompanying reporthat there have been larger receipts at East Liberty yards than last week in all lines. As a result, cattle and sheep have declined in price on all but choice grades of 15@ 20c. Sheep have declined even more than this. Light butcher cattle, weighing about 1,200 pounds, are fairly up to last week's prices

on account of their scarcity.

Quality of cattle received this week was below the average. There were, in fact, no strictly prime steers in the supplies, and the heaviest offered did not exceed 1,400 pounds in

Following is the report of the week's trans-

Products for Farm and Garden. There is no longer a doubt that we are to have a second season of abundance in farm and garden products throughout the region of which Pittsburg is the center. Representatives of two different sections of Western Pennsyl-vania, who were seen to-day, tell the same story of abundant crops, each confirming the other in all essentials. The following facts

story of abundant crops, each confirming the other in all essentials. The following facts were elicited:

The wheat crop has been generally gathered in, and in good shape. The average yield through the territories with which the persons interviewed are familiar is five bushels to the acre above the average. Last year the average was only ten bushels. It is considered a first-rate yield when it bushels to the acre are obtained. This year the average is 20 bushels. The yield of oats promises fully as well as wheat, and 40 bushels to the acre is expected. Last year, on account of drought, there was an unusually short crop of oats, and the average did not exceed 20 bushels to the acre in this section. As to hay, the yield promises to beat all former records. Corn did not get a first-class start, owing to continuous rains, and had a hard struggle in its efforts to get above the ground. Of late it has been doing well, and, with favorable fall weather, will come out all right. Vegetables of all kinds are doing first rate. About all in the fruit line which will fall below last year in quantity will be apples! Last year was a very abundant year in this line. There promises to be enough and to spare this season. The outlook is for a short crop of poultry, particularly turkeys. Many were chilled to death in the damp, cold spring weather, and the lost time has not been recovered. Said a peddier who deals largely in poultry, to-day: "I look for a scarcity of turkeys and all paultry the coming fall. I do not remember to have seen chickens as generally poor in quality at this time of the year as they are now."

Condition of the Cuttle Business at the East Liberty Stock Yards. CATTLE-Receipts, 1,240 head; shipments, 1,260 head: market nothing doing: all through con-signments; no cattle shipped to New York to-

head; market slow; light Yorkers, \$4 75@4 85; medium and light Philadelphias, \$4 55@4 65; heavies, \$4 20@4 50; 3 cars of hogs shipped to New hork to-day. SWF## - Receipts, 1,800 head; shipments, 1,200 head, .narket slow and prices unchanged.

By Telegraph.

New York—Beeves—Receipts, 570 head, all for slaughterers direct, except 1 carload; nothing doing in the cartle pens; dressed beef very quiet at 52,00% c per B for native steers and at 56,00% for Texas Colorade do; exports to-day from this port, 1,500 beeves, 70 sheep and 800 quarters of beef. To-day's cable advices from London and Liverpool quote American refrigerator beef firmer at 8% c per B. Caives—Receipts, 570 head; reported steady at 44,006 per B for veals, and at 23,00% c for buttermilk caives. CINCINNATI—Hogs easy; common and light, \$5 6525 65; packing and butchers, \$4 00624 40 receipts, 1,250 head; shipments, 2,000 head.

NO NORTHERN PACIFIC DIVIDEND.

Instead an Attempt Will be Made to Float a S15,000,000 Lean. NEW YORK, July 18.—The Northern Pacific New York, July 18.—The Northern Pacific directors held their regular monthly meeting to-day, but failed to declare the expected dividend on the preferred stock.

They took steps, however, to frame a promise of a dividend similar to that made in 1887, when the stockholders waived their rights under the reorganization, and consented to the issue of a third mortgage. The new promise will be incorporated in what the directors call a financial plan, providing for the issue of \$16.000,000 new bonds, but the details of the plan will not be given out for a couple of weeks.

No Rush for Chicago Quetations. NEW YORK, July 18.—The Board of Managers of the Produce Exchange, having under consideration the proposition of the Western Union Telegraph Company to furnish Chicago prices as formerly, decided to suspend action pending an expression of opinion of general traders in grain and provisions.

Metal Market. NEW YORK-Pig iron quiet and unchanged. Copper nominal. Lead dull and firmer; domestic, \$8.57%. Tin steady; straits, \$19.76.

MARKETS BY WIRE.

Wheat Drops a Few Fractions on a Disposition to Realize - Core and Oats Steady - Only Local Trading in Hog Products.

in Hog Products.

CHICAGO—Early in the day there was fair trading in wheat, quite a number of buying and selling orders being on the market at the opening, but after that trading was slow and the market ruled quiet, accompanied with an easier feeling. July fluctuated within a 1% range, and closed 1% lower than yesterday. Deferred futures opened 10% higher, declined 1% and closed 1% lower than yesterday.

The weather was cloudy and threatening South and West, and this had some effect upon the market. There evidently was a disposition the market. There evidently was a disposit to realize on the part of longs, and the offeri were large, which resulted in a decline of %0 from opening figures, but the offerings were met with a good demand. After the buying orders were filled, which caused some reaction from the early decline, the market ruled more quiet, and with fair offerings a steady shrink-are followed to inside prices.

age followed to inside prices.

A fair trade was reported in corn early, after A fair trade was reported in corn early, after which the pit became quiet and inactive. The feeling on the whole was comparatively steady and prices showed but little change from yesterday. At 36c for September offerings were quite heavy, and this was the extreme price for that future.

A strong feeling developed in oats, especially in August and September, and prices advanced fractionally.

In mess pork trading was lighter and chiefly local. Opening sales were at a slight advance, receded 75c, advanced 10@125c and closed steady at about the outside.

Lard was quiet and steady and without new feature.

SIX PER CENT PER ANNUM. The Louisville and Nashville Road Shows

The Louisville and Nashville Road Shows an Improved Balance Sheet.

New York, July 18.—The Louisville and Nashville directors to-day declared a semi-annual dividend of 3 per cent out of the earnings of the last six months. The dividend is payable in stock issued for that purpose. The last dividend declared was only 2 per cent. The statement of the business of the system for the fiscal year ending June 30, compared with the previous, shows: Gross earnings, \$15,500,535; increase, \$252,295. Operating expenses, \$10,227,564: increase, \$200,028. Net earnings, \$6,270,971; increase, \$148,294. Total income, \$1,224,851; increase, \$77,140. Dividends, \$1,594,510; increase, \$76,810. Balances, \$330,041; increase, \$330.

NEW YORK, July 18.—Trade in drygoods shows improving tendencies, and re-orders by mail were numerous, though in small lota aggregating a firm trade for the period and of a healthy character. Print cloths were offered at second hands at 3%, less % per cent.

PURE American champagne, Cook's imperial, established reputation of over 25 years; quarts and pints.

SCHUETZ, RENZIEHAUSEN & Co., 100 and 102 Market st., cor. First ave.

IRON ON THE JUMP

An Active Local Market and Prices Seeking a Higher Level.

THAT B. AND O. BUILDING AGAIN. Good Manufacturing Sites Thick as Hops in

THE PROPOSED CHANGE OF MOVING DAY

and Around Pittsburg.

There is a good feeling in the 1ron trade this week. A broker outlined the situation yesterday as follows: "The iron business is once more in good shape. Steel blooms have advanced \$1 a ton. Bar iron is stronger. Splice bar, steel, in large lots, may be cote at \$1 75; iron, \$1 70. Track bolts are fir at \$2 65. The pipe mills are crowded with orders, and prices are on the jump. Rail mills are running at top speed, and refuse orders for shipment earlier than September. A sale has been reported to me of 1,500 tons of steel rails for an Ohio road at a shade bet-

ter than recent prices. "Nearly all the mills are pushed. The sheet mills are especially busy, and are un-able to fill orders for immediate delivery. This is encouraging for so late in the season, and is a good forecast of what we may ex-pect in the fall and winter. Iron supplies of all kinds have run so low that it will take a long time to fill the gap. There will be very little accumulation of stock for at least a year."

A morning paper contained the statement that business men are protesting against the repairing of the Baltimore and Ohio building, at the corner of Fifth avenue and Wood street, at the corner of Fifth avenue and Wood street, insisting that it had been condemned and should be torn down, and proceeds: "A compromise was afterward effected by which the railroad company was permitted to occupy the first floor until the expiration of the lease in April next, but it was expressly stipulated that the upper floors were to remain unoccupied during that time."

In reply to this, Mr. William Roseburg.

ing:

"Building Inspector Frank condemned the building and an appeal was taken, and the condemnation was not sustained by the arbitrators, but certain repairs were recommended. The building is now being repaired and strengthened, and will be much improved when completed. I am not aware that the business men have anything to de with the matter, as I am proceeding strictly in accordance with my legal duty in the premises. No compromise was made and no proceedings had other than as above stated. No understanding existed, nor was any stipulation made that the upper floors were to remain unoccupied until April I, next, or any other time."

or any other time."
THE DISPATCH a few days ago gave an outline of the proposed improvements. They will be extensive and thorough. All of the old timbe extensive and thorough. All of the old tim-bers will be removed and new ones substituted. New floors will be laid and parts of the old walls rebuilt. They will be ornamented with large and handsome cornices. The building will be handsomely painted inside and out. The repairs will cost about \$4,000. When fin-ished the building will be one of the handsom-

As previously reported, there is no scarcity of manufacturing sites in and around Pittsburg.
Said a real estate dealer yesterday: "That
story about a dearth of manufacturing sites
here was an outrage. It has prevented at least
one firm from coming to the city—a Southern
concern that manufactures ice by a new process. They may, however, see the denial and
representations. The country between Se. renew negotiations. The country between Sewickley and Braddock, on every side, is full of the best kind of manufacturing sites. I have a number for sale at Glenwood-all first-clas

and cheap.

"As good sites as there are under the sun can anyone doubts this let him come to me and I will soon convince him. Pittsburg wants more manufacturers, and will insure them lots of ground to build on—ground close to railroads and rivers—and an abundance of natural gas."

The movement begun by real estate agents last spring to secure a change of "flitting day" from April to May is making good headway, and will likely be adopted. An agreement is being prepared by Attorney Watterson, which will be submitted for signature by landlords at a meeting to be called in a few days. Should it receive a majority, another meeting will be called and final action taken.

Mr. J. I. Glonger who has the matter in called and final action taken.

Mr. J. L. Gloninger, who has the matter in charge, said yesterday that he thought the change would be adopted, as nearly all the real estate men were in favor of it, and he believed a majority of landlords, but it cannot take effect for two years. Leases now out are drawn to expire many taken. drawn to expire next April, at which time, should the plan be adopted, they will be made out for 13 months, or to May, 1891. Thereafter it will be plain sailing.

During June 250 building permits were issued, of which 115 were brick, 134 frame and one ironclad. The total cost of the entire lot is estimated at \$4.50 620. The largest was taken out by the Chautau qua Lake Ice Company for a storehouse and office, to cost \$42,000. The Courteenth ward led in the number of per 18. The Seventeenth came next with 16.

Building this month shows an improvement over last, and the number of permits will not fall much short of 300.

HUNGRY FOR LA NORIA. Stocks a Little More Active, but Values Con-

these to Shrink.

There was an encouraging degree of animation in the local stock market yesterday, especially in the afternoon, but there was no improvement in prices. On the contrary, nearly all the favorites submitted to slight shading. A number of brokers were hungry for La Noria, but they wanted it at concessions, which were refused. A bid of 1½ was made for 500 shares, but the result was wind. Electric went at 40, seller 60, and 40½ regular. Philadelphia Gas was offered in small bundles at 36½. The tractions were as badly in the soup as ever, being almost cultrely neglected. Switch and Signal sold down to 22 and Chartiers Gas to 50. "There are hardly any orders either way," remarked a broker, "and of course we can't reasonably expect much of a market. When all the loops get back and the weather cools off there will be a change. Local securities are too good to go a begging very long!" Bids, offers and sales were:

HORNING. AFTERNOON. Bild. Asked. Bild. Asked. tinue to Shrink.

. NO MONEY PAMINE.

There was no special feature to the local money market yesterday. The "sinews of war" were reported to be in good supply at 566 per cent. There were no dealings in exchange, currency being in insufficient amount for business purposes. Checking was good and depositing fair. A few small icans were made at current rates. A better demand for money is

expected as soon as all the iron mills get fairly down to work. The Clearing House report was favorable, the exchanges being \$2,155,268 86 and the balances \$832,745 28.

Money at New York yesterday was easy at 25,633 per cent; last loan 8 per cent; closing offered at 8 per cent. Prime mercantile paper, 42,654. Sterling exchange dull and steady at 486 for 60-day bills and 487% for demand.

New York-Clearings, \$14,196,413; balances \$5,788,191. BOSTON — Clearings, \$12,561,277; balances \$1,413,163. Money, 11/62 per cent. BALTIMORE—Clearings, \$2,696,983; balances PHILADELPHIA—Clearings, \$13,416,519; bal ances, \$1,976,878. ances, \$1,976,678.

LONDON—The bullion in the Bank of England has decreased £176,000 during the past week. The proportion of reserve to liability, which last week was \$9.05, is now 38.03.

PARIS—The weekly statement of the Bank of France shows an increase in gold of 6,250,000 francs and an increase in silver of 650,000 francs. Three per cent rentes, 83f 80c. BERLIN-The statement of the Imperia Bank of Germany shows an increase in specie of 180,000 marks. CHICAGO-Money unchanged. Bank clear ings, \$10,648,000.

A LITTLE BOOM. Oil Spurts and Climbs High Up in the

Nineties. Ninetics.

The oil market vesterday displayed a degree of animation that had not been witnessed there for a long time, and led the advocates and friends of the new rules to still higher hopes that they would yet prove the salvation of the trade. Trading was lively all along the line and the clearings will probably show half a million barrels. Those for Wednesday were 376,000.

The market energy decidedly builtsh at 83%c

million barrels. Those for Wednesday were 376,000.

The market opened decidedly bullish at 83%c—%c better than the closing price of Wednesday—but soon sold off to 33%c. From this point it gradually sold up to 35%c, the top of the day. It fluctuated between this figure and 94%c until near the close, when the bulls again came to the front and forced an advance to 55%c, where the market finished. The difficulty of getting oil was the principal reason for the spurt. Holders saw their advantage and kept putting up the price almost as fast as bids were made. Several brokers with large orders were unable to fill them. Had oil been plenty the day's business would have been -of large proportions. The most of the trading was around 94%c, but an offer for 100,000 barrels at that figure fell flat. New York and Oil City were the principal buyers. The close was firm, with the shorts a little nervous.

A broker said: "My prediction yesterday that oil would be higher to-day has come true. The law of supply and demand is beginning to assert itself. There is not enough oil to go round, and prices must go up. There may be some slumps before it gets fairly on its feet, but rallies will follow. Dollar oil is a certainty in my judgment."

Features of the Market. Corrected daily by John M. Oakiey & Co., 45 Sixth street, members of the Pittsburg Petro-leum Exchange.

Refined, New York, 7.20c. Refined, London, 5/1d. Refined, Antwerp, 17/4f. Refined, Liverpool, 63-164. A. B. McGrew & Co. quote: Pats, 94/40 Washington Wells. WASHINGTON, PA., July 18.—Hart Bros, this morning reached a pay streak in the Gordon sand at their J. P. Sayer No. 1. She is making eight barrels per hour. The No. 2 is expected to get in the sand on Saturday. The Gantz-Brownlee lot well is in and showing small. Her first six hours' production was about 30 bar-rels. Harding No. 2 is in the sand, and should

get the pay streak to-night. At the Linton-Mitchell-Vankirk the drill is at work on the top of the sand. Andrews Bros.-Acheson well is due the first of next week. Other Oil Markets. TITUSVILLE, July 18.—National transit certificates opened at 187%c; highest, 389%c; closed, 365%c.

BRADFORD, July 18.—National transit certificates opened at 83%c; closed at 35%c; highest, 183%c; lowest, 363%c; dearances, 982,000. MOVEMENTS IN REALTY.

Several Good Deals Closed Up-Big Sale in the Thirteenth Ward.

C. Beringer & Son sold for Wm. Hunter a two-story frame house, with mansard roof, and lot 20x188 feet, on Beaver avenue, Allegheny, for \$3,500. They also placed a mortgage at Emsworth for \$500.

Reed B. Coyle & Co., 131 Fourth avenue, sold to H. W. Taudte lot No. 67 in the Marion place plan for \$385 cash. Mr. Taudte will start building immediately.

plan for \$385 cash. Mr. Taudte will start building immediately.
Black & Baird, No. 95 Fourth avenue, sold for Wickliffe C. Lyne a tract of land in the Thirteenth ward, known as the Lyne tract, lying between Madison avenue and Monroe streets, and between the Peebles and the Biggs properties, containing three acres, for \$10,000.
W. C. Stews-t sold for Levi De Wolf lots Nos 3 and 4 in the McCombs Grove plan, Squirrel Hill, 60x150 feet each, for \$3,000.
W. A. Herron & Sofes sold a lot on Fifth avenue, near Aiken avenue, being 60x190 feet, for \$5,450, spot cash.
J. R. Cooper & Co., 107 Fourth avenue, placed a mortage for three years on Eighth ward property for \$3,500 at 5 3-10 per cent. They also sold lot No. 44, McNeil plan, to Patrick McEiroy for \$350.

Business Notes.

Among the mortgages filed vesterday was one for \$5,000, one for \$4,500, one for \$4,000, one for \$8,000, and eight for \$2,000 and \$1,000.

Continued duliness is beginning to tell on local stocks. Everything is weak. A little more vim is necessary to sustain prices.

In "The Story of a Tell", which was a stocks. In "The Story of a Trip," which appeared in this department of THE DISPATCH a few days ago, Southwestern Texas should be substituted for Northwestern.

It is almost too much to hope that any of the

gas stocks except Philadelphia will pay divi-dends out of the earnings of the present quar-ter. Wheeling may do so, but it is doubtful. Gossip yesterday was to the effect that the long-deferred La Noria statement would be made next week. The stock is very firm, presumably in expectation that the statement will be favorable.

A BANKER remarked yesterday: "Pittsburg wants no outside assistance in money matters. She is rich enough to take good care of all her business interests. If outsiders want help let them ask for it." them ask for it."

THE statement of the Pittsburg Petroleum.
Stock and Metal Exchange for the quarter ending July 1, 1889, is as follows: Resources—Real estate, \$150,000; investment account, \$5,759 21; furniture and fixtures, \$3,305 37; Keystone Bank, \$4,000; Clearing House, \$304 09; cash 10 hands of Treasurer, \$4,606 46; total, \$168,177 66. The liabilities are the same.

NEW YORK, July 18 .- Vice President Blandiversity of dates of the Central Traffic lines for the restoration of grain rates, that probably the matter would be arranged harmoniously and the date fixed upon would probably be August 1. At the meeting of the general freight managers of the trunk lines the subject of a through prorating arrangement was under consideration, a proposition being made which will receive the consideration of the roads. The form of this proposition could not be learned until the roads have accepted or rejected it.

A BEAR BAID.

Street Stocks—The Sugar Trust Lets Go-Other Weak Spots—Lesses

All Along the Line.

NEW YORK, July 18,—The stock market was full and weak to-day, but under bear attacks it became more active, and prices ran off materially, though a large portion of the loss was regained toward the close. There was a marked absence of the larger commission brokers to absence of the larger commission brokers to-day, and as many of the leading bull operators are away at present, and the smaller class of operators are indisposed to take hold, the con-dition invited attack, and the bears made the most of the opportunity, though long seiling was not wanting, especially in the earlier por-

was not wanting, especially in the earlier portion of the day.

The market was irregular at the start, and under the liquidation of long stock a weak and feverish tone was given the market, and Sugar Trust led off with a drop of 2 per cent, to 108. In the regular list, however, there was also decided weakness, and a rumor that there would be no dividend on Northern Pacific preferred was the occasion of a decline of over 1 per cent in that stock. The stories which accompanied the slump in Manhattan yesterday were made the basis for an attack upon New England, the argument being that if the proposed extensions of the Manhattan ware to be given up there could be no connection with New England, and that road would not be able to reach New York. New England lost nearly 2 per cent on this. per cent on this.

Atchison, which had been very well held,

Atchison, which had been very well held, next gave way, the decrease in the earnings for the first week in July causing some selling. Toward noon, however, the bears made their great attack of the day, and the first point was Oregon Transcontinental, which was quickly knocked down to 25% against 32 last evening. Richmond and West Point was next, and the ease with which it ran off was a decided surprise to the street, especially as the earnings for the first half year show an increase over those of last year of over half a million. There was absolutely no support at first, as the insiders have been paying no attention to the market interests of the stock, and stop orders were soon reached, which accelerated the decline, and it dropped to 19%, against 25% last evening.

The break in Oregon Transcontinental ex-

cline, and it dropped to 19%, against 2% last evening.

The break in Oregon Transcontinental extended to the other Villard stocks, and the ease with which other stocks yielded encouraged attacks upon the Grangers and Coalers and Missouri Pacific, Reading, St. Paul, Union Pacific, Lackawanna and Lake Shore were all forced off over 1 per cent. The lowest prices were generally reached toward 2 P. M., but no effort was made to stem the tide, though Richmond and West Point and Oregon Transcontinental had rebounded from the lowest figures. At that time, however, a rumor was circulated that the negotiations for the purchase of the Burlington and Northern by the Chicago, Burlington and Quincy had been concluded and the tide was immediately turned in the upward direction.

the tide was immediately turned in the upward direction.

The reaction was sharp and the covering of shorts assumed large proportions, and before the close of business everything except Oregon Transcontinental, which remained sluggish, had recovered nearly to the opening prices. The close was active and strong, generally at fractions under first figures. After the early drop in Sugar Trust the truitstocks were quiet and fluctuated within narrow limits, and the inactive stocks were devoid of special feature. Most of the list is fractionally lower this evening, but the only important change is the drop of 2% in Oregon Transcontinental.

Railroad bonds were again duli, and, as usual of late, responded neither to the activity Railroad bonds were again dull, and, as usual of late, responded neither to the activity nor the weakness in the list. The market remained without feature of any kind throughout the day, and the sales of \$925,000 were accompanied by no movement of importance. Utah Southern extension 7s rose \$2,4 to 116, Guif, Colorado and Santa Fe seconds lost 2% at 70, Rochester and Pittaburg consols 3% at 110%, and St. Louis, Alton and Terre Haute dividends \$16,48

dends 3 to 43.

The followine table shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for THE DISPATCH by WHITNEY & STEPHENSON, oldest Pittaburg members of New York Stock Exchange, 57 Fourth ave-

A \$700,000,000 COMBINE.

A Wild Scheme Said to Include All but the Villard Railroads.

New York, July 18.—A Hartford special says: The text for a bill which is to be introduced at the opening session of Congress in December, involving the most gigantic scheme for railroad consolidation ever candidly discussed in this country, is now being put into type in this city, and a Chicago firm is engaged in publishing the maps illustrating the consolidation of railway lines and the tracts of country which are to supply the proposed system with business. The fundamental idea is to make Boston the metropolis of the, continent. While the Inter-State Commission and the business men of New England are discussing the problems to be solved on account of the low freight rates enforced on the Canadian Pacific road, the consolidationists are consummating plans for the absorption of the Canadian rival with the American system and the establishment of the greatest railroad power in the world. The Villard system is the only one not embraced in the conception. The Union and Northern Pacific roads and the Canadian Pacific are the ones to be consolidated. The system extending from Santa Fe through the Southwestern States, thence by way of the Pennsylvania coal regions and across the Hudson river at Poughkeepsie, taking in the Hartford and Connecticut Western line with the new road from Tariffville to Springfield, is also invoved in the unparalleled scheme for consolidation. From Boston the originators of the plan propose to run a steamship line to Europea funnishing the amplest accommodations for freight and passenger traffic from the Pacific slope to the largest ports on the European continent.

The details of the bill cannot be ascertained at present, but its projectors state that members of the Senate are familiar with the scheme and are enthusiastic for its prosecution. The canitalization to be asked for will not be less than \$700,000,000. A Wild Scheme Sald to Include All but the world. The Villard system is the only one not embraced in the conception. The Union and Northern Pacific roads and the Canadan Pacific are the ones to be consolidated. The system extending from Santa Fe through the Southwestern States, thence by way of the Pennsylvania coal regions and across the Hudson river at Poughkeepsle, taking in the Hartford and Connecticut Western line with the new road from Tariffylie to Springfield, is also involved in the unparalleled scheme for consolidation. From Boston the originators of the plan propose to roan a steamship line to Europe, furnishing the amplest accommodations for freight and passenger traffic from the Pacific solope to the largest ports on the European continent.

The details of the bill cannot be ascertained at present, but its projectors state that members of the Senate are familiar with the scheme and are enthusiastic for its prosecution. The canitalization to be saked for will not be less than 5700,000,000.

DOMESTIC MARKETS.

Potatoes and Tomatoes Are Firmer-Country Butter Slow.

ORANGES AND LEMONS TEND UP

Receipts Too Liberal. SUGARS ARE ON THE VERGE OF A RISE

OFFICE OF PITTSBURG DISPATCH,]
THURSDAY, July 18, 1889. Country Produce-Jobbing Prices. Country Produce—Jobbing Prices.

There are few features of interest in produce lines. Grocers' picnic yesterday had a quieting influence on trade, and business has not yet fully recovered from its vacation. Potatoes are not so pienty as they have been for a week or two past and prices are stendy. Tomatoes are also a shade firmer. Melons are coming in freely, and are drifting steadily toward a lower level. Berries are not as abundant as for a week or two past, but supply is equal to demand. Eggs, cheese and creamery butter are fairly active at old prices. Country butter still drags. Lemons and oranges tend upward. Bananas tend the other way.

BUTTER—Creamery, Elgin, 18@19c; Ohio do,

BUTTER—Creamery, Eigin, 18@19c; Ohio do, 17@18c; fresh dairy packed, 12@13c; country rolls, 10@12c.

BEANS—\$1 75@1 90.

BRESWAX—25@30c F h for choice; low grade, 18@20c.

BRANS-\$1 75@1 90.

BRESWA.—26@0c P B for choice; low grade, 18@20c.

CIDER—Sand refined, \$6 50@7 50; common, \$3 50@4 60; crab cider, \$8 90@8 50 P barrel; cider vinegar, 10@12c P gailon.

CHEESE—Ohio. \$34c; New York, 10@1034c; Limburger, \$60c; domestic Sweitzer, 93/6 123/c; imported Sweitzer, 223/c.

CALIFORNIA FRUITS—California peaches, \$4 00@4 50 P box; cherries, \$8 00; apricots, \$4 00 64 50; plums, \$4 00@4 50.

EG68—153/@10c P dozen for strictly fresh; goose, 30c P dozen.

When baby was sick, we gave her Castoria, When she was a Child, she cried for Castori When she became Miss, she clung to Castor When she had Children, she gave them Casto

It Might Have Been Worse. Not long since, Mr. Charles M. Eichenlaub. an Allegheny gentleman, who lives at 189 Fed-eral street, was made to fully realize the fact that the aches and pains he experienced in different parts of his body were not without a cause. The high-colored urine, pain across the small of his back and kidneys, together with other unmistakable signs, warned him that his condition was fast approaching Bright's disease. The sharp, burning pain in his feet gave him untold misery. In fact, his disease grew from bad to worse, until he was unable to walk from bad to worse, until he was unable to walk or step on his feet without experiencing great pain. He also frequently felt pain under his shoulder blades and different parts of his body. He lost his appetite, and he felt a full, bloated feeling after meals. As the little food he ate fermented in his stomach he had much eructation of gas. After taking six weeks' treatment at THE POLYPATHIC MEDICAL INSTI-TUTE, at 420 Penn avenue, his sches-

TUTE, at 420 Penn avenue, his aches and pains all left him, his appetite came back to him, his stomach performs its function properly, and he feels well and hearty and is able to attend to his business every day. He further states: "It gives me pleasure to state to my many friends, and the people generally, that although my disease was chronic and of long standing, I have been entirely cured of my kidney disease and rheumatism by the physicians and specialists for these diseases at No. 420 Penn avenue.
