

TWO DAYS IN A MINE.

A Boy's Adventure in Subterranean Chambers Supposed to be HAUNTED BY CAPTAIN KIDD.

No Companions Save Uncanny Bats and Poisonous Snakes.

RESCUED ALIVE BUT VERY HUNGRY.

Strange Legends Connected With the Old Drowned Silver Mine.

Arthur Fairchild, a 15-year-old boy, has had a remarkable experience. While roaming around Westchester county he fell down an open shaft into an old silver mine. The mine has a romantic history, and is supposed to be haunted by the spirit of that good old pirate, Captain Kidd. The boy was rescued two days later, unharmed but greatly in need of food.

New York, July 18.—Forty-eight hours a prisoner without food in a deserted and almost forgotten silver mine, not in Mexico, but within a few hours of New York City, is the romantic experience of Arthur Fairchild, a 15-year-old Brooklyn boy. Arthur is spending the summer at a farmhouse near Lake Mohogah, in Westchester county, and is given to roaming about on expeditions. One of these led him over Snake Hill on Sunday forenoon, and being a stranger to the locality and unacquainted with its dangers, he suddenly found himself sinking. Before he could reach the bottom he found himself rapidly falling into an excavation, which proved to be the shaft of the old Benson silver mine, which has not been worked for generations.

Young Fairchild was badly bruised and scratched by his sudden descent, but fortunately no bones were broken, though he was too lame and sore to regain the surface, which was some distance above him. The lad was compelled to remain without food until his friends, becoming alarmed at his continued absence, organized a searching party and started for the lake, supposing he had been drowned there.

ALIVE BUT HUNGRY.

Learning that he had been seen going toward Snake Hill and the old mine, the party turned their steps in that direction, and young Fairchild, hearing their calls, answered them, and was soon taken out of the shaft, alive, but very hungry. Arthur had time to look around him while in the old mine, and tells an interesting story of his 48 hours' imprisonment. His prison was rocky, but he had no companions save uncanny bats, which fluttered weirdly about his head, or an occasional snake, which crawled uncomfortably near him, at times almost crossing his feet.

In the course of his confinement he came across a large stone basin filled with water, supplied from some hidden spring in the rocky sides of the mine, and a small chamber. He found it well stocked with fish of a peculiar form, and of a bright bronze color, which must, he thinks, have been there for generations, as they are without eyes.

THE LEGEND OF THE MINE.

There are many legends about this old mine, and the facts are plentifully garnished with fiction. Many years ago, when the mine was worked by a rich Englishman, Henry Benson, from whom it took its name, Benson dug out the silver ore and transported it to the Hudson River, where it was loaded upon a ship, let sink to England.

One trip was made successfully, but on the second voyage the terrible and unexpected pirate Captain Kidd, of piratical fame, intercepted the richly laden galleon, took the crew captive, removed the silver to his own ship, and, after searching his prize, let her sink with all on board.

The location of the silver mine seemed to have been almost unknown to the present generation, and the adventure of young Fairchild has again brought it to notice. Among the legends of the mine, which was the story that Benson would always lead those who assisted him blindfolded to the mine during the night, and take them to the silver in the same manner when their work was done.

There is said to be valuable ore in the old shaft still.

ANOTHER RURAL LINE.

Street Cars to Connect Rural Stations With Pittsburgh.

The Governor issued a charter to the Fifth Avenue, West End and Cranston Street Railway Company, of Pittsburgh, yesterday, with a capital of \$10,000. The line commences at Steuben and Cranston streets, thence along Steuben to city line, thence along Pittsburgh and Steubenville turnpike to the Pittsburgh, Cincinnati and St. Louis Railroad at Cranston station. The route will be operated by electric power. The stockholders, who are also the directors, are Ross J. Beatty, John W. Magnus and C. L. Netting, Jr., of Pittsburgh, and William J. Post, of Ingram station.

Charters were also issued to the Duquesne Electric Railway Company, of Pittsburgh, capital \$500,000. The stockholders are Wm. J. Hammond, John V. Patton, Wm. J. McKelvey, Wm. McKelvey and Wm. J. Hammond, Jr., of Pittsburgh; also the Oakdale Hill Company, of Oakdale, Allegheny county, capital \$50,000; also the Oakdale Hill Company, of Pittsburgh, for the purchase and sale of real estate, capital \$50,000. The stockholders are Geo. J. Whitney, Geo. D. Porter, L. A. Walter and Charles H. McKelvey, of Pittsburgh, and L. H. Halsey Williams, of Leetdale.

\$50,000 FIRE AT COLUMBUS.

Valuable Property Destroyed by an Early Morning Blaze—Firemen Injured.

COLUMBUS, July 18.—A disastrous fire occurred about 1 o'clock this morning in this city. Half of a four-story stone business block on North eighth street, owned by the heirs of the Breyfogle estate, was completely gutted by the flames. The German Furniture Company occupied the first and second floors, and their stock, valued at about \$40,000, was totally destroyed. The upper floors were occupied by J. A. McAlle's sawing and test factory. His loss was about \$20,000. The roof on the King building, a handsome six-story brown stone, supposed to be fire proof, was burned. The loss was about \$1,500. The total loss is estimated at about \$75,000 to \$80,000.

These fires were extinguished, but not dangerously. Several barely escaped suffocation. Families living in adjoining buildings were rudely awakened, and some barely escaped from the smoke.

Westerners Passengers Land.

New York, July 18.—After being submitted to a thorough examination and inspection, the 572 steerage passengers of the Red Line steamship Westernland were landed this morning at Castle Garden. Madeline Green, the witch aunt, who was discovered to be suffering from small-pox, on board the vessel, is detained at the hospital on North Brother's Island, while her husband and child are on Swanbrook Island.

It is said that the proposed riveted steel tube 5 feet in diameter and 10 miles long, which is one of the ways out of the Allegheny City water troubles, need not be laid under the ground. If simply run along the surface with a box covering it would save \$500,000.

LATE NEWS IN BRIEF.

—Owing to drought, the Manitoba and Canadian northwest wheat crop is a failure.

—The Lowell, Mass., horse railroad stables were consumed Wednesday night. Loss, \$100,000; insurance, \$74,000.
