THE QUEEN OF SHEBA

Takes Up the Scepter Forced From the Hands of King Solomon and

REIGNS ON THE OLD PLANTATION.

She Holds Her Dusky Court in a Moonlit Cornfield.

LATEST PHASE OF THE GEORGIA CRAZE

WALTHOURVILLE, August 2 .- One white Christ, one black Christ, one King Solomon and one queen. That's the Liberty county record up to date. The white Christ is in Milledgeville. The black Christ and King Solomon are in adjacent cells in the county jail at Hinesville, and the queen is holding her court to-night in a moonlit cornfield, six miles from here.

King Solomon's reign terminated very abruptly Monday forenoon. He announced to his followers that he was going to Hinesville, nearly ten miles distant, and liberate all the prisoners confined there on charges of lunacy. He asked that 15 of the faithful be appointed to accompany him and witness the miracle. With great pomp and ceremony, and amid the wildest excitement, King Solomen and the chosen started out for Hinesville. One by one the faithful fell away by the wayside, and when the king reached Hinesville only five or six followers were left. The marshal arrested the whole crowd and locked them up.

In two or three hours news of the ignominious capture of the King reached camp,

and one of the sisters forthwith announced that she was the Queen of Sheba, and also God. Her assertion was accepted without question and she is honored accordingly. The camp where the negroes are collected is seven miles northeast of Walthourville station, on what is known as the old Wal-thour homestead place. The palatial resi-dence of the old master was burned during the war and was never rebuilt. About th site, however, some eight or ten small cab-ins have been built. There are none but negroes on the place. The property has passed into the hands of non-residents, and of late years has been sadly neglected. Its present poverty and abandonment are a mockery of the old plantation.

AN INSANE LEADER. Dupont Bell needed no remarkable pow-Pupont Bell needed to remarkable pow-ers of mind or body to maintain success-fully the role he assumed. The fact that he was insme aided rather than embar-rassed him. Then James, an ignorant negro justice of the peace, was equally successful in the same character. Shedrick Walthour, another negro, made an excellent King Solomon, and finally a black negress, 28 years of age, and the mother of eight children, is Queen of Sheba and also God. The negroes have crowded into these little cabins until the cabins will hold no more. Many others have built up fires and are sleeping by them in the open air. Not less than 250 are sleeping there to-night, men, women and children. Besides this number, fully as many more followers live near enough to go home and divide their time sleeping at home. Others content themselves with an occasional visit to the Queen, as they did the two Christs and King Solomon before her, and refuse to altogether quit work. About 100 yards from the row of cabins are About 160 yards from the row of caoins are two immense live oak trees, the spreading branches of which meet and form a sort of archway. Under this is still standing a small table, and arranged around the table making a circle some 40 feet in diameter, are numbers of rude benches. A seat is made by driving four stakes into the ground at convenient distances apart, and placing loosely upon them a flat plank. That cir-cle, under the live oak branches, was the

holy ground. The two Christs and King Solomon have all held meetings there, and there it was that the human sacrifice was offered. The the holy place. An irreverent act in this place, whether by old or young, is severely punished.

BATAN'S THRONE.

It will be noticed that the two trees are covered with Spanish moss, except on one limb that stretches across the entire width of the ring some 15 feet above it. There is no moss on this, and the leaves have been picked off to make its appearance the more bare and black. On that limb the devil sat during all the services. Satan was Uncle Simon Walthoug, a negro man about 65 years of age. The meetings are stopped now by a peremptory order from the Sheriff delivered in person. The negroes are still command of the Queen. The self-constituted sovereign passes into a trance every 10 or 15 minutes, and then wakes up to tell her disciples of heavenly visions and inspira-tions. She has entirely discarded her hus-band and children. She is the guest, so to speak, of Alexander Walthour, a gray haired negro man who rents the homestead

place from its present owner.

She was found there in one of her trance moods this afternoon, lying upon her back, surrounded by eight or ten crazy negroes. The Queen's head and body were covered with a soiled sheet. The women about the bed were fauning Her Majesty with palmetto fans, and a death-like silence prevailed

"How's the Queen?" the attendants were

"She be in heaben," was the solemn reply.
"How long has she been there?"
"Ten minutes." When do you expect her back?"

"When she git through wid God."
"Did you hear Christ preach when he was

"Who told you that woman was Queen?" 'She say, an' God say to her.' "Yes," put in another woman, ',an' she be God, too." "Yes, glory!" in a chorus from the oth-

ers. "Can't you take that sheet off her face?" THE QUEEN IN A TRANCE.

There was some opposition to this, but finally the sheet was thrown down, exposing the woman's face. She is a dark ginger-cake colored, flat nose, thick-lipped, and veritable type of ignorance. The black face was as stolid and immovable as if carved in stone. Not a muscle quivered. For 30 minutes or more a conversation was kept up with the attendants as an excuse for watching the Queen's tace. Where are the Christs that preached to

you awhile?"
"One be in jail an' one be in Milledge-

ville." In jail at Hinesville," explained an-

"Why don't they come back?"
"How you think we know dat?"

'Are you going to have any more preaching?"

"Then what are you all staying here for?" "We go when she says go."
"Why don't you have preaching?"

"Dey have us 'rested like Christ, an' send us away. Several were asked where they came from. One or two came from South Carolina, 40 miles away, but most of them from within three miles of the camp. The entire number

belong to the Congregational Church, and a few to the Baptist and Methodist. For 30 minutes at least the Queen's face hadn't moved so much as the width of a hair. Her attendants were by no means impatient, but watched with awe-stricken faces for the return of reason

"She's up in beaven now," whispered one woman to another.
"Dere she be," was the reply.
"Dat woman shooly be queen,"

TROUBLE AHEAD. Outside the shanty in which the Queen was lying was the main group of spostles. It was supper time, and 10 or 12 pots were boiting and little picaniunies were gathering green reasting cars to cook in the fire. Some hongery and some soup with a little combread made up the general supper,

Old Alex, Walthour has given his last piece of meat to the disciples, and the negroes have nothing to eat except what they can gather from the fields around them. Undoubtedly the main body of followers is smaller than it has been since Bell left, and it is steadily falling away. They are out of provisions, and not half of them are sheltered. The Queen's position is a comparatively neutral one, and the crase may gradually subside and disappear without further outbreak. But again they may not. All they want is a leader, and that leader may suddenly arise in their midst.

There is no fear that the white settlers will be attacked. The chief anxiety is for the future of the negroes themselves. The turpentine season is about halt over and the rice fields are needing attention. This is the working season, and time lost cannot be replaced. Winter is coming, and 500 negroes in Liberty county have made absolutely no provision for it.

The Queen's zome is Ella Roberts. Old Alex, Walthour has given his last piece

IN DAYS GONE BY

Now Deserted Portion of Mexico Was Evidently Inhabited by a Civilized Race-The Remains That Have Just Been Discovered by

Explorers.

CITY OF MEXICO, August 2.-Recently returned explorers from the State of Chiapas confirm and add to the remarkable reports concerning important archeological discoveries. A fine broad paved road, built by prehistoric inhabitants, has been traced from Tonala down into Guatemala and thence in a curve up again into Mexico, terminating at Palenque. All along this road are still to be seen the remains of ruined cities, and a cureful estimate of the opulation of these places is about 30,000,-000. On that part of the road near Palenque ooo. On that part of the road near Palenque the ruius are of great magnitude. Houses four and often five stories high have been found in the depth of the forest. Many of these houses are pyramidal in form, and so covered are some of them with vegetable mold that large trees are growing from the roofs. In some of the houses great employment has been made of stone beams of tremendous weight, and the architecture indicates a high degree of scientific attainments.

mendous weight, and the architecture indi-cates a high degree of scientific attainments.

In some houses visited bronze lamps have been discovered, and the interior and ex-terior mural decorations of the more im-portant houses consist of panelings filled with elaborately carved figures almost life size, two types of men and women being represented, some plainly Egyptian and others genuine Africans. In front of one of the houses the explorers found 14 sculptures of gods with folded arms. The work of ex-ploration was one of extreme difficulty, of gods with folded arms. The work of ex-ploration was one of extreme difficulty, owing to the density of the forest and the unwillingness of the Indians to enter ancient edifices, they averring that the buildings were inhabited by spirits. Another dis-covery was that an enormous paved road ex-tends from Palenque across Yucatan to the Island of Coumet, and is continued on the Island of Cozumet, and is continued on the island. The explorers went to Chiapas on private business, but incidentally became interested in the work of exploring the ruins, and they suggest that the Government fit out as expedition to make a complete map of this wonderfully interesting region, regarding which little comparatively is known even after so many years since the white men became aware of its existence.

Palenque explorers absert that they have discovered in the edifices before mentioned examples of a perfect arch. One explorer is a scientifically trained man who has recently

a scientifically trained man who has recently arrived from India, and by his account the region from Chiapas to Yucatan must have been the seat of a densely populous nation.

FOR DYNAMITING FISH.

Two Men Fined for Violating One of the State Game Laws.

A hearing was held yesterday before Alderman Jacob Bupp, of the Eleventh ward, Allegheny, in a suit entered by Fish Warden Hague against Larry O'Toole and James Gallagher, charging them with a vio-lation of the fish laws by dynamiting the waters of the Ohio river for the purpose of killing fish. Both were found guilty, having violated the law near McKee's Rocks. Alderman Bupp fined each defendant \$50 and costs. More suits will likely follow, as there are said to be a number of other ersons implicated.

A PSYCHOLOGICAL STUDY the form of a romance, by Edward S. Van Zile, will be published in to-morrow's DISPATCH.

Young Man Meets With a Misfortune While Hunting-The Lesson it Teaches to All Careful Observers.

The son of Lawyer Atkina, while hunting a few weeks since, drank at a spring, and while doing so, drew in a small lizard. The animal grew wonderfully and caused the boy much annoyance, but Dr. Wainwright yesterday succeeded in removing it.—Exchange.

It seems terrible to think of an experience like the above, and yet millions of minute animals are drawn into every one of our bodies with each breath; are taken in with every drop of water,

"The human body." "What do they do?"

"Cause pain, disease and death."
"Can they be killed or avoided?" "They can. They are dangerous, but they can

be rendered harmless. Three drops of Perry Davis' Pain-Killer in a glass of water will kill every germ that may be in the glass. For fifty years this great remedy has been the only absolutely certain means by which these germs could Germs feed upon the mucous membranes of the body and so cause pain. Pain-Killer kills the germs and in that manner kills the pain." The present season of the year is specially

dangerous. The air, the water, even the fruit we eat, is filled with germs. Shall we permit them to prey upon our lives and cause pain, perhaps death? Shall we sit calmly and allow this destru tion to go on when by keeping a supply of Pain-Killer on hand, and using it regularly, we may avoid these summer dangers and preserve our health and happiness?

The New York agent of the College of Electrics Engineering says: "I have studied medicine and traveled extensively. I have seen the dangers and deaths that hot weather and bad water bring, but I never found a better medicine than Perry Davis' Pain-Killer.''
Remember it is better to prevent summer dis-

ease, but Pain-Killer will certainly cure them even if neglect has caused them.

A DANGEROUS DISEASE.

The number of people who annually die from Bright's disease is simply astonishing. Beginning by a weakness in the back, accompanied by pain, which at first may be slight, still, as the disease progresses, there is an increased pain in the small of the back and in the region of the groins, high colored urine with brick dust sediment, scanty or copious flow, with pain in volding it. Not only do the kidneys themselves become organically diseased, terminating in gravel or stone in the bladder, diabetes or Bright's disease, but is one of the most potent causes of rheumatism and dropsy.

Dr. Shafer, one of the physicians of the Polypathic Medical Institute, at 420 Penn ave. The Polypathic Medical Institute is permanently located in Pittaburg for the treatment of rheumatism, kidney and urinary diseases. Its physicians are not confined to any school of practice, but embrace any and all remedies that close study and long experience have found to be the most effectual in curing disease. Dr. Shafer, one of the physicians associated with this medical institution, and a skilled specialist, gives especial attention to the treatment of all kidney and urinary diseases. Analysis of specimens of urine free. Consultation also free.

Office hours, 10 to 11:30 A. M., 1 to 4 and 6 to 8 P. M. Sundays, 1 to 4 P. M.

Consultation free.

ADVICE FOR ALL.

Sad and sorrowfully glance into the future many sick persons who suffer pain and who find an early grave through mistaken treatment. Do not forget that the proofs are here that my celebrated all-German remedies cannot be excelled. Thousands of patients have I met who said: "I was not a day without medicine and grew worse every day." They are correct. Where dangerous operations have been previously undertaken my remedy has cured in a short time. My remedies cure, in fact, most of the chronic diseases where no other medicine gives help. Daily sick persons come to me and complain that they have spent \$50, \$100, \$1,000 among doctors, but were not 5 cents worth better. When these doctors had received the money they left the city by moonlight. Thousands in Pittsburg and vicinity have been cured within a year by my wonderful remedies. Look at the following, a few of those who were cured in as many weeks as they were years sick. Mr. Wagner, chronic fraumatism, 2 years. Mrs. Homer, eye trouble, nearly blind, \$\mathrew{D}\$ years. Mrs. L. Mahone suffered 6 years with spinal disease, nervousness and liver trouble, leading to dropsy.

Mrs. Dickson, atthms, 10 years. ADVICE FOR ALL.

ease, nervouses, asthma, 10 years, dropsy, Mrs. Dickson, asthma, 10 years. Miss Johnson, dropsy, 6 years. Mrs. Gunther, cancer, 2 years. Mrs. Rieinmann suffered two years with terrible cramps, She is cured and suffers no more. If the disease is not to be recognized by any other evidence, then the urine is the best means of diagnosis; it shows what and where the trouble is. As soon as it leaves its normal straw color, you should not fail to use my celebrated remedies and be cured from the very root of the trouble. Mrs. M. D. Kuhns,

CAUTION W. L. Douglas' name and the price are stamped on the bottom of all Shoes advertised by him before leaving his factory; this protects the wearers against high prices and inferior goods. If your dealer does not keep the style or kind you want, or offers you shoes without W. L. Do uglas' name and price stamped on them, and says they are just as good, do not be deceived thereby, but send direct to the Factory, for you can get what you want by return mall, postage paid. Dealers make more profit on unknown shoes that are not warranted by anybody; therefore do not be induced to buy shoes that have no reputation. Buy only those that have W. L. Douglas' name and the price stamped on the bottom, and you are sure to get full value for your money. Thousands of dollars are saved annually in this country by the wearers of W. L. Douglas' Shoes. In ordering by mail state whether you want Congress, Button or Lace, London cap toe, plain French toe, or narrow cap toe, and be sure to give size and width you wear. I can fit any foot that is not deformed; as my shoes are made in great variety of widths, sizes and half sizes. I guarantee a fit, prompt delivery and perfect satisfaction or money refunded upon return of the shoes in good condition.

W. L. DOUGLAS, Brockton, Mass. W. L. DOUGLAS, Brockton, Mass.

W. L. DOUGLAS \$3 SHOE FOR GENTLEMEN.

Is a fine seamless calf shoe, with Gondola tops and Oak Leather bottoms. They are made in Congress, Button and Lace, on Léndon Cap Toe, Narrow Cap Toe, and Plain French Toe Lasts, in sizes from 5 to II, including half sizes and in all widths. If you have been paying from \$5 to \$6 for shoes of this quality do not do so longer. One pair will wear as long as two pairs of common shoes sold by dealers that are not warranted by the manufacturer.

Our claims for this shoe over all other \$3-shoes advertised are:

1st. It contains better material.
2d. It is more stylish, better fitting and durable.
3d. It gives better general satisfaction.
4th. It costs more money to make.
5th. It saves more meney for the consumer.
6th. It is sold by more doalers throughout the U.S.
7th, its great success is due to morit.
8th. It cennot be duplicated by any other manufacturer.

9th. It is the best in the world, and has a larger demand than any other \$3 shoe advortised. \$5,000 will be paid to any person who will prove the above statements to be untrue. The following lines will be found to be of the Same Quality of Excellence:

\$5.00 SHOE GENUINE HAND-SEWED, which takes the place of custom-made shoes that cost from \$7 to \$9.

\$4.00 SHOE THE ORIGINAL AND ONLY HAND-SEWED WELT \$4 SHOE. Equals custom-made shoes costing from \$5 to \$5.

\$3.50 SHOE FOR POLICEMEN. Railroad Men and Letter Carriers all wear them. No Tacks or Wax Thread to hurt the feet. IS UNEXCELLED FOR HEAVY WEAR. Best Calf Shoe for the price. \$2.50 SHOE

\$2.25 SHOE WORKINGMEN'S. Is the best in the world for rough wear; one pair ought to wear a man a year.

\$2.00 SHOE IS EQUAL TO SHOES THAT COST FROM \$3 TO \$3.50. One pair will wear longer than any shoe ever sold at the price.

\$2.00 SHOE wear longer than any shoe ever sold at the price.
