

THE LOVERS IN JAIL.

No Wonder Mrs. Fraunfelder Was Rather Weary of Her Husband.

SHE HAD SKIPPED ONCE BEFORE.

The Colored Voters in Ohio Are Entering a Decided Protest.

ALL THE NEWS FROM NEARBY TOWNS

SPECIAL TELEGRAM TO THE DISPATCH.

SCRANTON, August 19.—Mrs. Hattie E. Fraunfelder, of this city, who was arrested in New York the other night with Ball Player Sam Crane, was married to Dr. Lockwood, of Freehold, N. J., when she was 14. Her only child by Fraunfelder is a 5-year-old boy named Charles. Before she went away last October to join Sam Crane in New York, she told neighboring women that Fraunfelder had beaten and thumped her for the last time, and she showed them bruises and black eyes to prove what she said. Crane boarded at Whyte's Hotel, on Franklin avenue, a few doors above Fraunfelder's fruit store. Mrs. Fraunfelder looked after money matters for Crane, and Crane got acquainted with her there. They were frequently seen talking together like young lovers, Crane's sympathy having won her affection.

Mrs. Fraunfelder was determined to leave her husband long before she finally got away. A year ago last June she packed two trunks, drew \$1,000 from the bank, put the money in one of the trunks, and took the New Jersey Central train for Manahock, but returned in less than a month. Fraunfelder blacked her eyes again, and she had to stay in the hospital for two weeks. When she went away last October she had a bad luck. Her husband chased her again, found her in New York and coaxed her to return. She returned, and when she reached Scranton in the day time. Leaving the trunks at the station they started to walk up Franklin avenue. Mrs. Fraunfelder told her husband that she had to pass the fruit store, and he told her she might go around by Penn avenue and meet him at their house on Spruce street. She gave him fifty cents to take her to the hotel.

In June Fraunfelder had his wife indicted, and Sam Crane for grand larceny and receiving stolen money. Sam Crane told her husband that he had to pass the fruit store, and he told her she might go around by Penn avenue and meet him at their house on Spruce street. She gave him fifty cents to take her to the hotel.

DISMAY AT JOHNSTOWN.

It is Reported There That the State Force is to be Withdrawn.

SPECIAL TELEGRAM TO THE DISPATCH.

JOHNSTOWN, August 19.—It is now stated upon pretty good authority that about all the money has been spent that had been guaranteed to Governor Beaver to prosecute the State work here. Such being the case, it is said that in a few days the State force will be withdrawn and Johnstown will then be left to shift for itself. The people are very much alarmed about the matter, as it is evident that if the workmen are withdrawn now that very serious consequences may ensue. Two more dead bodies were taken from the river today. Neither of them were recognized. One was a man and the other a child.

THREATS OF LYNCHING.

A Murder Near East Liverpool Creates a Great Deal of Excitement.

SPECIAL TELEGRAM TO THE DISPATCH.

EAST LIVERPOOL, August 19.—A murder took place on the boat known as the Annie L. lying on the Virginia side of the river opposite this city, about 7 o'clock this evening. Jack Lee, a somewhat noted English pugilist, was shot by John Lasey, the proprietor. Two women besides his wife were in the boat at the time. Lee fired two shots, one of which hit Lee in the back and another in the neck. Lee then fled and went on the rocks and went on the boat and undertook to run it. Lasey claims Lee proceeded to do him up, when he shot him in the back. Lee is still living, but the doctors say he will never regain consciousness. Lasey came over this city, and after consulting a lawyer, gave himself up. His wife has been brought over and both are now in jail.

FARMERS GREATLY ALARMED.

The Dreaded Texas Cattle Fever Makes Its Appearance in Westmoreland.

SPECIAL TELEGRAM TO THE DISPATCH.

GREENSBURG, Pa., August 19.—A fatal disease has broken out among the cattle in several localities in this county, and they are dying at an alarming extent. It is known among veterinary surgeons as splenic or Texas fever. Samuel Pool, of New Stanton, has lost eight head of valuable cows, and Weible Bros., west of here, lost four or five. The disease is supposed to have been transmitted through the bringing of calf carload of western cattle into the county by a farmer at New Stanton.

A PROTEST ENTERED.

The Colored Voters in Ohio Want a Partition of the Lovens and Fishes—A Lively Meeting at Findlay—State Conference Called.

SPECIAL TELEGRAM TO THE DISPATCH.

FINDLAY, August 19.—The colored voters of Ohio are in open revolt against the Republican party on account of the general failure to recognize "the man and brother" in the distribution of the State and Federal offices. The mutterings of discontent have, at last, swollen into a storm, which threatens to endanger the success of the Republican ticket this fall. A convention of the colored voters of the State has been called to meet at Xenia to canvass the situation and to formulate an ultimatum to be submitted to the Republican managers, and if this is disregarded, the colored voters of Ohio will be organized against the party in power, and the value of their support determined by the results of election day.

For years, they claim, the Republican party has led them on promises, and in but rare instances have these obligations been fulfilled. In this city and county the colored men have the balance of power. The Republican party cannot succeed without the aid of the solid colored vote, and it is for this reason they had demanded recognition in the distribution of the local and Federal offices, but in no case have they been given a single position.

At a meeting of the Charles Sumner Protective Club, composed entirely of colored men, held last night to take action on this state of affairs, some vigorous speeches were made. One orator, finding from the applause which followed his effort that he represented the feeling of the meeting, said: "The colored voters of Findlay have been treated at every step by the Republican bosses in this city, and it is high time we were showing them who holds the balance of power in this county. This fall is the time to make a stand. We cannot depend upon a single promise the white Republican leaders may make us. We all know how we are treated just before an election, but that game won't work this year. The Republican bosses will be going around a couple of months hence with a big fat kettle attempting to pour some of the toadskin sweetener over our throats, but let us show them this fall that we have sour stomachs, and refuse to gulp down the stuff they have heretofore fed us, and then let them try to carry the county without our aid."

This speech, which was made by one of the leading colored men of the county, was adopted as the keynote of the meeting. With the help of the colored vote, the Republicans have a plurality of about 100 in the county, and it can easily be seen that with this support they cannot expect to elect a single man on the local ticket. This last move has naturally caused consternation in the Republican ranks, and this open war has been started at all hazards, but the colored men are out for blood or offices, and nothing short of such recognition as they demand will stop the war. Advice from all over the State indicates the same state of affairs, and the leaders of the Republican party are greatly alarmed, for without the colored vote they are lost.

WENT OVER THE FALLS.

The Boat and Fatal Termination of a Pleasant Boating Trip.

EASTON, August 19.—Charles Keller, of Philadelphia, as present a bartender at Lambertville, N. J., accompanied by Mamie and Winnie O'Colligan, aged 17 and 20 respectively, went out boating on the river at that place last evening, and at 9 o'clock the boat and its occupants were carried over the falls.

The boat capsized and the girls were drowned. Keller was found a mile below the falls clinging to the boat and was rescued.
