Chicago Gets One Game and We Get the Other.

MORRIS AN EASY MARK.

Old Sport Galvin Looms Up in Formidable Style.

THE GIANTS EASILY BEAT BOSTON.

A Great Tie Game Between the Phillies and Senators.

GENERAL SPORTING NEWS OF THE DAY

There were two hall games on the local grounds yesterday between the home club and the Chicagos. Each team won a game. Galvin again pitched with wouderful effect. New York defeated Boston in a good game. The Senators and Phillies played a 12inning tie game. There were some good Association games.

The fates seem dead against the local team winning two games in one day nowadays. For some time past it has been thought that if the first of two games in an afternoon could be won we would surely collar the second one also. The notion, however, was dispelled yesterday afternoon at Recreation. There were two games between the Windy City delegation and the home people, and the latter won the first game quite easily. When this had been achieved the majority of the 2.500 people present were confident that two victories would fall to the lot of the home

This was all a mistake, however, and the home team had no more chance of winning the second game than has a Hindoo of being the next American President. Both games were long drawn out, and the crowd was wearied before the end of the second game was reached. There was nothing of a brilliant kind to interalmost bone fide scrapping. Poor Umpire Lynchgot sadly battered up by numerous foul tips and hits. irrespective of his extensive padding he was the painful target for the ball on several occasions. He breathed with pain several times and the crowd showed its sym-pathy by giving vent to a good hearty laugh.

The first game was the best:
not because the home team
won but because there was a better style of
playing shown. Galvin and Hutchinson were the pitchers and probably the former never pitched better. The Old Sport was out to do business, and he gave Anson's aggregation to understand this before the game was over. He held them down to four little hits and they would have been shut out had not Fields

THE OLD MAN WAS GAY.

Indeed the old man was in gay spirits, Hutchinson pitched exceedingly well up to the eighth inning, when the local people fell on to him like as many tons of bricks. Previous to that inning he had not been receiving the best kind of support. He pitches a very effective ball and has pretty fair control. However, the visitors never had any show of winning the first

game.

The third inning was reached before a run was made. Galvin led off, and he was feeling as gay and lively as a young colt. He was in batting mood and rapped a single over to short right field just where nobody could run in time and catch it. Hanlon made a long single to center, and Galvin trying to reach, third on the hit was nabbed by Tommy Burns. Hanlon got to second on the play. Rowe knocked out a grounder to Williamson, who threw to first, and during the throw and a little stumble by Anson to catch Williamson's somewhat erratic throw, Eanlon scored. In the next scene there White's, fly.

BATTED THEM IN. Fields stopped at third. Kuehne sent out :

Kuehne reached second on the throw m of the ball to the plate. Dunlap got first on balls and Galvin's second hit to left sent in Kuehne.

The eighth inning started out as if there was going to be a repetition of the famous elevenrun inning. Hutchinson seemed to suddenly become the mark that the home players had been looking for. Miller lea off with a hit to center and Fields followed suit. White came next with a two-barger to right, sending Miller next with a two-bagger to right, sending Miller frome and Fields to third. William the Kaiser then loomed up and rapped the ball out to cen-ter and it bounded over Ryan's head, allowing William to reach third. Dunlap then knocked out a single to middle and Kuchne scored the

out a single to middle and kuenne scored the fourth and last run.

When the eighth inning commenced the visitors had only made three little hits. Hutchinson then knocked out a single and reached second on a wild pitch. Ryan fouled out and Van Haltren knocked a long fly to Fields and Jocko muffed it, allowing Hutchinson to score. THE GAME WE LOST.

The second game was at best a dull and tedious affair. Morris and Gumbert were the pitchers and the latter had hosts of East End friends present to cheer him on. He pitched an excellent game, although he gave severa bases on balls. He was too much for the home

bases on balls. He was too much for the home players, however, as they could not make free with him at all. On the other hand Morris was a happy mark for the visitors. His slow balls were of no account yesterday, as they were hanged all over the lot. The fielders were kept yery busy all during the game.

There was a little unpleasantoess between Pfeffer and Dunlap, which threatened to develop into an exchange of fists. In the third inning Carroll was running to second and Pfeffer was in front of him. Carroll tumbled Pfeffer over and the ball flew out of his hand. Carroll was called safe, which was right. In the visitors' haif of the inning Pfeffer, when running to second, apparently ran willfully into Jouniap, knocking the latter over with terrific force, hurting his shoulder badly. This caused a long argument, but the umpire deemed everything all right. Subsequently Dunlap was trying to nab Pfeffer at second, and swung his hand round with the ball in it with great force, just missing Pfeffer's head. Pfeffer claimed that Dunlap tried to hit him with the object of lujuring him, and Lynch delivered an admonition.

THE FIRST RUN MADE,

In the first Hanlon reached first on balls and stole second. Rowe flew out to Burns, and Beckley made a single to center, Carroll's sacrifice sent Hanlon home. In the third inning after Morris was out Hanlon thumped out a two-bagger to left, and Rowe followed with a triple to right. Beckley's sacrifice sent in Rowe. The other two runs in the seventh and eighth innings were made chiefly on bases

in Rowe. The other two runs in the sevening and eighth innings were made chiefly on bases on bails and errors.

In the first inning, after Ryan was out, Van Haltren banged out the ball over Hanlon's head for three bases. Duffy knocked a long fiv to Hanlon, whien the latter muffed, and Van Haltren scored. Anson made a single and Pfeffer got his base on balls, filling the bases. Williamson struck out and Darling made a single to a center, sending in two runs. Pfeffer was nabbed on trying to make third. Two singles and a passed ball sent in the run in the second and Anson's double and Pfeffer's single sent in the run in the third. The score was tied in the eighth inning and after Darling was out Burns made a hit and so did Hitchinson. The latter went out on Ryan's grounder to White and then the batters started to trim Morris up. Van Haltren made a single, Duffy a triple and Anson's double. Pfeffer went out at first after four runs had been earned. Following is the score:

They Put Up a Great Game and Beat the Scottdales.

PEPECIAL TELEGRAM TO THE DISPATCH. McKeesport, August 30.—Scottdale and McKeesport played one of the most interesting games here to-day that has ever been played on the home ground. McKeesport played Gray, of the East End Athleties, and had Jones and Hese as a battery, and their work was some-thing wonderful, especially the work of Jones, who only allowed the visitors three hits, and they were made, two in the first and one in the second inning. After that Jones settled down and in the next seven innings struck out 13 men and did not allow them a base hit. Scottdale put up a great game and is one of the best clubs that has been here. Miller and Cargo are a good battery and the rest of the club are

are a good battery and the rest of the club are good.

Hugh Weir, McKeesport's new third baseman, played his first game to-day and put up the greatest game ever seen on the home grounds. Some of his stops being wonderful. McKeesport has been very weak at third ever since Torreyson has been off the nine, and Weir will fill the position in great shape. He was applauded loudly to-day and had to raise his cap several times. Youngman played a good game and Quinn on first made a good catch of a bad thrown ball. G. Smith and Hess batted good and very timely.

The same clubs play to-morrow and a great crowd will be in attendance, and a good game will most likely be played, as both clubs will have their strongest nines. Phillips and Liston for McKeesport, and Monafee and Boyd for Scottdale, will be the batteries. Score:

Authorities.

The Grand Circuit races at Hartford were brought to a close yesterday. Roy Wilkes paced a remarkably fast mile and Gean Smith lowered the record for a fifth heat. Geraldine, the running horse, also made a new half-mile record at Morris Park. A pacer dropped dead on the Meadville track.

PEPECIAL TELEGRAM TO THE DISPATCE. HARTFORD, August 30 .- If the weather had been pleasant for the spectators during the first three days of the grand circuit meeting it was particularly friendly to the horses for the conclusion of the affair and it is not to be wondered at that the miles were

rolled off in unusually fast time.

The free-for-all pacing class which came first on the card was generally considered to be a pretty sure thing for Roy Wilkes, with Gossip, Jr., as his most dangerous opponent. The vet campaigner was in good form, but the younger stallion was far better and was able to knock a trifle off his record in the first heat won his record in the first heat won by him. After losing a second from excessive eagerness to get in front Roy Wilkes paced the third in 2:12% well within himself, thishing at a 2:16 clip. Had there been anyone to force him out the stallion could have beaten Brown Hal's 2:12 made at Cleveland four weeks ago. Gossip, Jr., made a gallant effort for supremacy in the next heat, but the stallion had street and to source and when Geers made on

Brown Hal's 2:12 made at Cleveland four weeks ago. Gossip, Jr., made a gallant effort for supermacy in the next heat, but the stallion had speed and to spare, and when Geers made one of his characteristic finishes with Wilcox in the fifth heat, the swith-footed Wilkes horse was equal to another mile in 2:14%. There was a very similar contest in the free-for all trot when another time-honored campaigner. Harry Wilkes, sought to take the larrel from Gean Smith in return for the defeat at Poughkeepsie just a week ago. The fahous little flyer had his speed for two heats, which he trotted in 2:15% and 2:14%, but he failed to stay up in the third when the son of Dauntless challenged him on the home stretch. After Turner had driven Harry Wilkes an easy mile in the fourth heat he made a final bid for supremacy in the fifth, when he made a most creditable attempt, being well up with Gean Smith as the latter finished in 2:16, having trotted the fastest fifth heat on record.

Harry Wilkes, in some way only known to himself, out a vein in his nigh hind foot. His driver states that he did it by striking the foot against the tire of his wheel. It is not thought that the injury will prove serious.

After these two brilliant engagements between the vets came the contest among the juvenilatrotters for the stake open to 4-year-olds. Repetition, who leaped into fame by his two victories last season, when he finished on the outside and got the first heat in 2:19%, but after that he was not able to keep up the clip, and in the last heat was so badly off that he was far behind the distance flag when Prince Regent reached the wire. This colt, who won a good race at Rochester, and who was well up in several heats of the Poughkeepsie stake, was successful to-day because he was in better form than most of the thers, while his good blood enabled him to outlast the rest. McEwen made a brilliant finish in the second heat, but that was his limit, while Frince Regent could have trotted his last two heats much faster had it been necessary.

LOUISVILLE, KY., August 30.—The official list of entries to the stakes of the Louisville Jockey Club that closed August 15 have been completed. The stakes are eight in number, four being for the fall meeting, which commences September 19, and the other four being the great events of the spring meeting of 1891. With one exception, the nominations in each stake are fewer than the same events have had for the past three or four years.

The cash handicap for the coming fall meeting shows an increase in number over the same at with a very high class of horses for a fall meeting engaged. They Have Been. for a fall meeting engaged.

The most noticeable decrease is in the Bar ford stakes, one mile, for 2-year-olds.

THE MARINE AND MITCHELL.

A Battle Probable Between the Youngster and Dempsey's Victor.

SAN FRANCISCO, August 30.—The next as-parent to battle with La Blanche is young pirant to battle with La Blanche is young Mitchell. If he whips Johnny Reagan in a fight at the California Athletic Club in October, a match will probably be made and a great fight expected. Mitchell is made of good stuff, and though lacking the science of Dempsey, will be a handful for the Marine.

Dempsey is heart broken. He has gone back to his training quarters at Alameda to escape the crowd of city sports. Another fight with amaller gloves is talked of, but nothing is likely to come of it, for, as Dempsey says, \$5,000 is a big sum, and as long as it lasts La Blanche will not be anxious to fight. Middle-weights have taken heart at the Nouparell's defeat, and are aoxious to tackle the Marine. The Marine still seems to fear Dempsey's science. Among the talkers Kelleher and McCarthy appear to be the most sincere, and will probably arrange to fight.

WILL FIGHT THE AUTHORITIES.

nith, the Chicago Poolseller, Means to do CHICAGO, August 30.-George Smith, poolroom proprietor who proposes to fight the authorities on the New York plan, was arrested again to-day and additional bonds exacted

Smith says he will keep running his place and that the officers may arrest until they get tired. He is firm in the belief that he will come out on top as did the defendants in the New York case against poolsellers. A notice on the blackboard, containing the names of the the black of the country of the fastern tracks, states that the proprietors are simply quoting the odds offered at the race courses and that for all the services they thus render they will charge 25 cents commission. Smith will probably be arrested again to-morrow.

WILL SETTLE IN THE RING.

Two Denver Pugilists to Fight for a Girl

[SPECIAL TELEGRAM TO THE DISPATCH.1 DENVER, August 30.—A prize fight with bare knuckles will take place Sunday within six miles of Fossie, W. T., between John Sullivan and Tom Murray, a well known trapper. The prize is a young lady who cannot decide which of the two suitors she should accept for a hus-band.

band.

Several weeks ago the rival lovers agreed upon a five-mile foot race, and they trained for the contest. Murray, who was the accepted suitor when Sullivan appeared, thought the foot race was a tame mode and challenged Sullivan to meet him in the orize ring for a fight to a finish. The challenge was promptly accepted. The battle will be for \$200 a side and the winning man to have the beauty.

WHAT SHALL WE DRINK? Some Eminent Medical Authorities Talk Upon the Subject.

Light Wines Not Unhealthy.

In an article appearing in The Pittsburg Dispatch of August 18, you will find Dr. Louis A. Sayer, a prominent New York physician, quoted as saying the best wine one can take with their meals is Charet Wine, or, if you should want something a little strong, pure Soutch Whisky is the best that can be used.

We invite special attention to our present stock of Pure California Claret. It possesses qualities of rare excellence and purity never equaled, and while it is now considered the finest table wine in the land and excels all others, it is also a restorative and may be taken at all times, the quantity being regulated only by inclination, with the very best results. Our price for this wine of wines is within the reach of all. Full quarts, 75 cents, or 56 per domen.

RAMSAY'S OLD SCOTCH WHISKY. Together with other celebrated brands of Old Irish and Scotch Whiskies of our own importation, we are now putting up in full quarts and selling at \$1.50 per bottle. An absolutely pure whisky and wine is a great desideratum.

Our Claret and other California Wines, and our full, varied Stock of Pure Whiskies, meet the demand because they are absolutely pure. All orders by mail promptly shipped. Please send P. O. order or draft or register your letter.
