WHITE IS WILLING

The Judge Thinks More Licenses Should be Given in the County.

A PETITION WITH 12,000 SIGNERS.

Judge Magee Declines to Express an Opinion on the Subject.

LEE HELD FOR MURDERING NATCHER

The petition for the granting of more retail liquor licenses was heard yesterday morning by Judges White and Magee. The petition, which was the one presented to Judge Ewing a few months ago, was submitted by Attorneys Robb, Cohen and Montooth.

Attorney Cohen argued the matter first, dwelling on the necessity of more licensed saloons. Mr. Robb and Mr. Montooth followed, making lengthy addresses on the subject. A second petition, asking for the granting of the first was also presented. It had over 12,000 names appended.

When the arguments were concluded Judge Magee said that as he was not a member of the License Court he did not see what he had to do with the petition.

Judge White immediately said that he alone was responsible for the number to which the licenses have been reduced; but as to whether it is expedient to grant more licenses at the present time was a matter upon which all the Judges of the Quarter Sessions Court of this term would be required to pass. The responsibility did not rest upon one, but upon all. If the others agreed he would consent to grant more licenses. If himself and one other agreed they would be granted. He concluded by saving that if he had it to do over again, with the light he now has, he would grant

THE GRAND JURY'S WORK. A True Bill Found Against Lee for the Murder of Natcher.

The grand jury yesterday returned a true bill against William E. Lee for the murder of John T. Natcher. About three weeks ago Lee shot and fatally wounded Natcher in the latter's office on Second avenue. The quarrel was about some business transaction, Lee, who was drunk, having threat-ened Natcher several times. The other true bills were: Michal Marta-

husz, Edward Perkins, George Taylor, aggravated assault and battery; Jennie Me-Cormick, aggravated assault; Thomas Powers, John McElroy, Burt Tierny, Annie Wilson, assault and battery; Louis Schaak, maintaining a nuisance; Paul Weisen-berger, misdemeanor; Philip Wills, maous mischief.

The ignored bills were: Joseph Bernstein, Philip Moeller, larceny by bailee; Peter Seibel, larceny and receiving stolen goods; Lucy McCall, perjury; Andrew G. McCloskey, felonious assault and battery; Joseph Pendergist, assault and battery.

THE APPROPRIATION EXHAUSTED. Why All Further City Printing Bas Beer Stopped.

City Controller Morrow yesterday issued an order to the various departments stopping any further orders for printing When asked the reason for this course Col onel Morrow said he wished to see exactly where the city stood, and that when this was definitely ascertained measures might be taken to go on with the work. He would not at present say any more on the subject than that the printing appropriation was about exhausted through the contract for the assessors' book and he was determined to find the exact state of affairs before incur-

ring any more indebtedness. From the tone of his remarks it was apparent that he saw a way out of the difficulty, but refused to state what that was until he found what was needed.

George Sheppard, City Clerk, said, in regard to this order, that such a step had been taken before, which had partially had the effect of stopping legislation, so that when people interested in an ordinance wanted it put through they had to defray

the printing expenses themselves.

The appropriation for printing this year was \$13,500, as against \$15,000 last year, and the ordinances had to be printed three times in three papers, based on their circulation, which materially raised the cost, so the ap-propriation should have been larger instead of smaller. The assessor's book, he thought might reach \$3,500, but this was not all, There were 50 ordinances passed lately, and hundreds awaiting. This year there were 50 per cent more ordinances than ever be-fore passed in a single year. This, he said, showed that unless the contingent fund could be drawn on or some other means devised to tide over the difficulty, the wheels of civil legislation would be stopped and the grinding out of ordinances be merely

the production of chaff from wheat.

There was one exception, he said. Chief Bigelow had an appropriation for printing street ordinances which may carry that species of legislation through. In February next Councils could clear up business which had lagged through lack of funds, and take from the trouble involved a lesson to make the new appropriations sufficient to cover the necessary expenses, as well as probably some indebtedness. "Do you think this order of the Controller

will shut up Councils?" was asked of one of the Hall officials as he left the building "Wish it would, or anything for the day. else would, but I'm afraid it can't," was the reply, as he stepped out into Smithfield street and started for his home.

On Thursday afternoon Annie returned nome from school in a very serious condition. She was racked with pain and was suffering so terribly that she could not give any account of her injuries. When Dr. Hieber was called to attend the child he did what he could to relieve, and she was then able to tell the following story:

She had had a quarrel early in the day with one of her male schoolmates, and after

school he renewed the quarrel, and during its progress struck her a terrible blow. She did not know his name, but she would recognize him again if she saw him.

DO YOU WANT A FINE PIANO?

The Everett Club or Co-Operative System Offers the following inducements, if you wish to pay cash. By becoming a member you will save \$75 in the price of the piano and get it at once. If you cannot spare the cash you can get your piano any time, on pay-ments of \$25 cash and \$2 50 per week, no interest; and still save \$75 in the price. If you cannot pay so fast, by waiting until your number is drawn you will get your piano on payments of \$1 per week, no interest, and save \$75 in the regular price to our retail trade. Think of this! Our club is composed of \$70 members, and a price \$1 composed of 350 members, each paying \$1 per week. Thus you see the members are buying for cash, and one piano is delivered to the member whose number is drawn each week, until all are supplied, or, if one-half of the members take their pianos and pay \$2 50 per week, we deliver twice the num-ber, and get double the amount of cash each week, and it leaves only one-half the number to be drawn on the \$1 weekly payments. It is a simple business problem. We are saving our members the difference in price saving our members the difference in price by contracting for 350 pianos at one time, and on a cash basis. We have now enough members to guarantee the success of this plan, and have decided to begin delivering the pianos on Saturday, September 21. Do not wait, but apply for membership at once. Call and see the piano, or send for circular.

THE CONFESSION O. K. No Disposition on the Part of Local

Presbyterians to Change. THEIR REASONS FOR KEEPING IT.

A Paper of Rev. Dr. Purves on That Point Heartily Supported.

GENERAL CHURCH-NEWS AND GOSSIP

The General Assembly of the Presbyterian Church in the United States, at its last meeting, sent down as an overture to the Presbyteries two questions for them to vote ipon: Do you desire any change in the 'Confession of Faith?" If so, to what ex-

ent?

This overture is the subject which attracts Church. Liberty avenue and Cedar street, on ttention among all Presbyterians, as there is a sentiment largely prevailing that it could be improved by certain changes in its wording, not to affect its doctrines, but to make plainer to some minds what is meant to be taught. At the meeting of the Pittsburg Presbytery, in the Hazelwood church, on Tuesday last, the Rev. G. T. Purves, D. D., paster of the First Church, this city, presented a paper, which, after being discussed pro and con, was adopted as the sense of this Presbytery. His paper reads:
"In reply to the Assembly's overture on the revision of the Confession of the Confessio

revision of the 'Confession of Faith,' the Presbytery of Pittsburg declares that it does not desire revision.

Allegheny College. He is 31 years of age, and well equipped for imparting instruction in Latin and Greek. "First-We are sincerely attached to the sys-

tem of doctrine contained in the Confession, and would oppose any movement likely to im-pair the integrity of that system. "Second-We deem the proposal to revise the phraseology of the confession, even though made with the intention of preserving the sys tem of doctrine unchanged, inexpedient. 1 Because the confession as it stands has proved through years of strife and growth adequate for the purposes for which the church needs a confession: has been found fully consistent with revivals and missions, and has served happily to unite in an ecclesiastical household Cal vinists of various types. While not pretending that it is perfect, we regard it as the most cor-rect, complete, moderate and carefully drawn summary of Scripture doctrine which has been produced by the church, and fear that change produced by the church, and lear that changes in its language might hinder rather than help its future usefulness. 2. Because the possible improvements which might be made in its lan-guage do not promise to be worth the risk which an attempt at revision would incur. 3. Because popular misunderstandings of one doc-trine are not likely to be removed by the mere change or omission of peculiar phrases in the trine are not likely to be removed by the mere change or omission of peculiar phrases in the Contession, and, therefore, constitute no sufficient reason for its revision, while the effort to remove them may lead to supposed or real declension from the dottrines themselves. 4. Because, finally, the terms of subscription required of our office bearers binds no one to the exact phraseology of the Confession, but allows ample liberty, within the limits of essential Calvinism, for those who dissent from the details of its statement. Revision could not secure more uniformity of belief than now exists, for the terms of subscription would remain the same. It would in no way increase the practical efficiency of the Church nor make her testimony stronger to the truths of evan-

her testimony stronger to the truths of evan-colical Christianity, while it might raise serious gelical Christianity, while it might raise serious obstacles to future union with other brauches of the Presbyterian family. If any doctrines seem inadequately expressed by the Contession we are of the opinion that a declaratory statement, similar to that adopted by the United Presbyterian Church of Scotland in 1879, would be preferable to any revision of our honored and hereditary symbol."

The Allegheny Presbytery also voted on the overtures at the same time, and by a vote of 31 to 5 decided that any change is not desirable.

The marriage of Miss Blanche Wales, daughter of ex-Surgeon General Wales, of the United States Navy, to Minor Goodlett, was made public in Washington yesterday, and created much surprise. They were married over a year ago. The news which is received from Atlantic City about the birth of a young daughter to Mr. and Mrs. Goodlett, has been known to the friends of the family for some time. Church, on Monday morning, will listen to a paper by Rev. G. W. McDonald, on "What Methods are Needed for the Proper Training of Converts from the World."

—John Gordon, in the employ of the Lake George Paper and Pulp Company, at Ticonderoga, N. Y., fell asleep near the machinery. Two fellow-workmen planned to scare him. They tied a rope about his feet and threw it over a shaft making 125 revolutions a minute. They could not cut the rope in time and Gordon was killed, his body being horribly mutilated. One of the perpetrators of the joke has lost his reason from the shock.

day next, at 9 A. M. The examination of Mr. J. J. Raiston, the pastor-elect of Mountville and Portersville, will take place at this meet-ing. -The forest fires which are now raging near Bangor, Me., have enveloped that city in a cloud of smoke. The country roads are im-passable on account of the heat. The thriving cities of Frederickton and Moucton, N. B., are surrounded by flames, and the people are fight-ing bravely to save their property. Counter fires are being started all around the cities, and are burning everything which would be likely to prove a leeder to the flames when they come. in the Allegheny semmary, married on Tuesday last at Martin's Ferry, O., a Miss Kerr, of that place. -Four million acres of land in Northern and and Central Minnesota are about to be opened to settlement. Commissioners Rice, Whiting and Marty got into a quarrel with the red men at Leech Lake, and came pretty close to losing at Leech Lake, and came pretty close to losing their lives. Finding the Indians obstinate they sent for Major Whitehead to come and assist them. The Major was an Indian agent as far back as 1856, and is well acquainted with Indians of the Northwest, and his influence

—A race war is threatened at Dexter, Mo. The people in that section have for years excluded all negroes from among them. A short time ago a man named Williams settled on a farm near there, and engaged a dozen negroes to work for him. Fifty armed white men waited upon him there and told him he must get rid of the negroes. He said they might kill him first. The armed men returned to town, where they circulated a paper pleuging the signers to stand by the regulators. About 500 men signed the paper.

EPPS'S COCOA.

BREAKFAST.

By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame. "—Civil Service Gazette.

Dr. Shafer, one of the physicians of the Polypathic Medical Institute, at 420 Penn ave. Mr. C. V. Puipress, of No. 46 Liberty street, Allegheny, had for a long time suffered from a weak, tired feeling, no ambition, pain across the small of his back and palpitation of the heart. His complexion was very sallow, and as the diseased condition of his kidneys from which he suffered further progressed, his stomach became involved. He had bloating, belching of gas and distress after eating. He lost flesh, his memory became poor and his mind became so affected that he could neither read or think, and was in constant fear of becoming insane. He often felt dizzy, so that everything seemed to be in a whirl, and he became so nervous as to entirely unfit him for any business. Having read in the papers that the physicians of the Polypathic Medical Institute make a specialty of kidney and urinary diseases he began treatment with them. His own words state the result: "This is to certify that I have been cured by the physicians of the Polypathic Medical Institute at 420 Penn avenue."

BEECHAM'S PILLS ON A WEAK STOMACH. 25cts. a Box

The Clothes Pin is the finishing touch in washing. A fine piece of linen is hung over the line; the clothes pin is jammed down to holdit; the wind blows and a constant wrenching is going on until the article is taken down. A hole

appears where the clothes pin was. It

is difficult to see how you are going to get rid of the clothes pin; but there are things which make more holes than clothes pins; for instance the rubbing up and down on a board-a necessity when an article is washed with common soap-will rub more holes into fine clothes or coarse, than can ever be charged to clothes pins. There is a way out of this dilemma,

Use Pearline.

You do not have to rub your clothes; soak them, boil them, rinse them, and the job is done. They will be cleaner, sweeter, whiter in half the time; colors will be brighter, flannels softer, and you have gotten rid of half the labor.

PEARLINE costs no more than common soap. Millions of women are using it. Five cents will buy enough PEARLINE to prove to you that every word we say is true, and if true, a great many times five cents would be cheap for it.

Reliable Quality

NEW ADVERTISEMENTS

Isn't it singular how Wanamaker & Brown talk about quality, day after day? Isn't there anything else to be thought of? Yes. Reliable quality and low price.

But it isn't needful for us to make a big splurge over prices. Wanamaker and Low Price are tied; if you know the one you're sure of the other.

Most clothing advertises nothing about itself but the extravagantly low prices. What sort of low prices? For inferior goods, dear even at such prices, or solid and good clothing, that is being sold at a loss?

You get Wanamaker clothing at a low price any time of the year. Needn't raise a shout over it now.
