Apostrophes to second-rate clothing ought to be pitched in a low key.

It has you to back it up—as quickly as you find the price for it is just.

What use have you for any but the reliable? You believe in that kind.

We manufacture it. Whenever or however you buy our make of clothing you'll get that kind.

Isn't that the real reason for your past generous trade, and preference for our clothing?

We aim for a larger still; a healthy and increased business by the same policy; goods worth just prices.
