## BUT LITTLE CHANGE

Has Been Made in the State of Trade Within the Past Week.

MONEY NOW SOMEWHAT EASIER.

Although the Stringency is Still Apparent at Some Points.

IRON PRODUCTS IN EXCELLENT SHAPE.

Facts of a Stubbern Kind Continue to Depress the Figures on Wheat.

Reports to Bradstreet's and R. G. Dun & Co. indicate no radical change in the general condition of business. The money stringency is still noticeable at some points. The boom in iron shows no signs of a col-

SEPECIAL TELEGRAM TO THE DISPATCH.

NEW YORK, October 25 .- There is more or less increase in the volume of goods distributed at Boston, Memphis, Chicago, Dubuque, New Orleans, Atlanta and Louisville, whileat Philadelphia, Detroit, Omaha, Kansas City, St. Louis, St. Paul, Portland, Ore., and San Francisco there has been rather less activity noted in some lines, due to unfavorable weather and farmers holding off owing to low prices of grain, corn being quoted at 12 cents per bushel in Iowa. Louisians and Georgia cotton-picking weather is excellent. Cattle prices tend up, while those for hogs are off some. The China steamer service at San Francisco is reduced from eight to six owing to Canadian Pacific competition

General trade at New York is more active in groceries, country produce, furniture, building materials, leather, boots and shoes and fertilizers. The New York stock market has been irregular, high rates for money part of the time operating against an advance, while plans for rehabilitating the Missouri, Kansas and Texas and Chesa-peake and Ohio and the traffic agreement between Union Pacific and Northwestern had an opposite influence.

A VANDERBILT DEAL

Directors of the Union Pacific state to Bradstreet's that there is no alliance or smalgamation intended, but admit that the contract will give the Vanderbilt interest a transcontinental system. Coalers declined. Northern Pacific and Northwestern were strong. The trusts were all weak and

Special telegraphic investigation of domestic money markets by Bradstreet's re-veal that funds were easy to-day at 49 out of veal that funds were easy to-day at 49 out of 69 cities reported, important ones reporting funds working close being Chicago, Baltimore, Cleveland, Toledo, Peoria, Dayton, Birmingbam, Ala., Cincinnati, St. Louis and Omaha. Mercantile collections were reported slow or unsatis actory at 19 points, chief among them the two Portlands, Providence of the control of the dence, Sacramento, Burlington, Ia., Grand Rapids, Detroit, Toledo, Troy and Albany. It is also shown that collections are improving, and while the current of funds at the interior has not finally turned eastward, western sales of New York ex-

castward, western saies of New Lora ex-change indicate that it is turning. Wheat flour is less active for export, owing to lower offers and higher ocean rates. Wheat has been fiercely sold at times, the total at New York aggregating 70,000,000 bushels for the week. The recent Government report, free movement of spring, increasing supplies, bearish foreign markets and high and scarce steam freight aided in depressing prices 1%@1%c. A rumored revision of the late Government crop report had some influence.

OTHER AGRICULTURAL PRODUCTS. Demand from Indian corn shippers and nortsellers send early deliveries up 1@11/c. Later ones have varied little. Spot oats are %c higher on good demand. Exports Exports of wheat (and flour as wheat), both coasts, equal 2.197,460 bushels this week, against 2,758,538 bushels last week and 1,827,346 bushels in the like week in 1888. Total shipments abroad July 1 to date equal 32,641,103 bushels this year, against 39,184,-458 bushels in 1888, and 55,800,000 bushels in 1887.

In 1887.

Hog products are unsettled and price changes frequent, notably at Chicago. Lard advanced and closes firm, about 10 points higher, and pork barely steady.

Aggregate domestic stocks of raw sugar are only 85,300 tons, against 141,400 tons

August 14, when the highest figures of the year were reached, yet lack of inquiry causes continued depression, and prices are off 1-16@%c. Refined is not in active demand and is off 1/6%4c. The anti-trust prediction of a decline of 1c on sugar within 30 days, threatened competition and in-cressed supply of refined attract wide attention. Louisians's estimate of its sugar crop is 25,000 hogsheads behind that of 1888.

Speculation in coffee is moderate and prices leave off 10@20 points lower and weak. Experts and others are still revising coffee crop reports. The distribution of coffee is slaggish. Tea is fairly active and prices steady.

THE DRYGOODS TRADE.

Leading lines of drygoods are more active at Boston at first and second hands. At New York trade is moderate, mail orders constituting a prominent feature. Agents report spring goods in active sale for future delivery. Prices continue steady in all leading lines, and print cloths are 1-16@1/cc higher. Wool is in slightly improved demand from manufacturers at steady prices. Cotton is 1-16c lower locally on heavy crop movement, 5-16d at Liverpool and 1/@5-16c at primary markets.

Business failures reported to Bradstreets number 190 in the United States this week, against 205 this week last year. Canada had 26 this week against 41 last week. The total of failures in the United States January 1 to date is 9,132 against 8,074 in

R. G. Dun & Co.'s weekly review of trade says: The money market has become more easy, with prospect that serious disturbance this season is no longer to be apprehended. The banks are running with narrow reserves, and artificial stringency may at any time be engineered, but the movement of crops has been heavy. In the natural course of events the return of money to this center should soon begin, and the possibility of a foreign war seems imminent. The Bank of England gained last week \$1.270,000, and the Bank of France \$230,000 gold. Securities do not appear to be moving largely either way, while merchandise exports for three weeks shows gam of 14 per cent over last year, against a gain of 10 per cent in imports. The rate of foreign exchange has accordingly declined a shade.

A LITTLE STRINGENCY. There is a little more stringency at Omahn, less at Cleveland, and active demand with conservative tone at Chicago, but otherwise the markets West and South all re-port supplies adequate for legitimate needs. Collections are unusually satisfactory at al-most all points, though Milwaukee notes some tardiness, because farmers hold back products for better prices. The volume of trade, fair for the season at all points, is greater than a year ago at most, though the aggregate of bank clearings, outside New York, exceeds last year's by 2 per cent. Chicago finds a larger increase, particularly in drygoods, while sales of clothing and shoes are fair, notwithstanding mild and dry weather; of provisions larger than last year's, and of grain about same.

Iron grows stronger, the Thomas Com-pany having advanced its price \$1. A de-mand from Canada and from Mexico is felt, foreign prices being high. Bar iron is firm, blooms and billets feverish, and rails are \$31 50 to \$32, the orders miready booked for 1890 amounting to 750,000 tous or more. Corper is steady, tin a shade lower here at 203%c, and lead depressed to \$38,75 by expectation of large Mexican supplies.

COAL STILL DULL. The coal trade is dull, and the week's meetings have accomplished nothing beyond fixing upon 3,000,000 tons as the output for November; sales are generally below the schedule, stove at \$3 90.

Liquidation in wheat continues, with prices 3 cents lower than a week ago, and sales of 65,000,000 bushels here. Stubborn facts, heavy receipts and scanty exports wear out the patience of those who have had faith in a world's famine, and State official reports indicate a larger yield than those of the de-partment. Corn is three-eighths of a cent higher, with sales of 5,500,000 bushels, and the export movement still exceeds last year's. Pork products are weak, and in hogs the de-

cline has been 60 cents per 100 pounds.
Oil has risen 3 cents, coffee is unchanged and sugar is again lower. Cetton continues downward, receipts exceeding those of the same week last year by 40,000 bales, and ex-ports by 30,000 bales, and while there has been a touch of snow in Virginia, the dreaded frost in cotton States is still deferred

STOCK SPECULATION.

The market for securities has been weak, in spite of relief in the money market and some very favorable reports regarding particular properties. The traffic arrangement between Union Pacific and Chicago and Northwestern is thought to foreshadow an abandonment of the so-called President's Association, and an attempt to secure more effective consolidation. Earnings are 10½ per cent larger than last year's for February thus far, but the Pennsylvania statement thus far, but the Pennsylvania statement for September shows a very scanty increase, and causes disappointment. On the whole, the speculative markets are not promising, and are judiciously let alone by the public. But the outlook for all departments of legitimate business is more encouraging than it has been for a long time.

The business failures during the last seven days number, for the United States 188, and for Canada 37. For the corresponding week last year the figures were 222 failures in the United States and 32 in the Dominion of Canada.

Dominion of Canada.

## A SALE OF SKULLS.

Auction of a Good Peruvian Collection Mummies and Other Antiquities Sold at Rulnous Prices-A Special-Ist's Collection Sold

for a Song. [SPECIAL TELEGRAM TO THE DISPATCH.] NEW YORK, October 25 .- Mummies and human skulls were sold this afternoon by auction at the art rooms of George A. Levitt & Co., on Broadway. The skulls brought all the way from 121/2 to 60 cents each, according to their state of preservation. One lot of four skulls, in which the lower jaw was lacking and which were otherwise disfigured, brought 50 cents Another of six pieces, which was advertised as a fine lot for museum or collection, was knocked off for a total of \$3 60. Mummies realized a cash value of from \$7 to \$9. An imperfect one, wrapped in Guanaco robes and wearing a crown, and which looked as though it might once have been the body of a Peruvian of influence, was bid off at \$7. Three others, each in sitting posture, with the legs and arms bent and tied to the body, brought from \$7 50 to \$9.

The skulls and mummies were a portion of a collection of Peruvian antiquities, which embraced also funeral wases, jars, which embraced also funeral vases, jars, diotas, urns and bottles, in terra cotta of different colors and in all sorts of shapes, though the gourd shape seemed to prevail. The collection was gathered from the necropolis at Ancon and the immediate vicinity, by George W. Kiefer, who devoted nine years to the work, and whose hope it was to dispose of his collection entire to some American museum. He, however, contracted a disease in Peru which ended fatally, a few months ago, and to-day the fatally, a few months ago, and to-day the fruits of bis researches were disposed of

under the hammer.

The collection was one of the most remarkable ever got together, comprising many curiously shaped vases which it is believed cannot be duplicated in any mu-seum. Most of the more common articles went for a mere song, but some rivalry and the rarer specimens of pottery. Prices ranged from 2 cents, which was paid for each of four gourd rattles, such as might once have tickled the fancy of a Peruvian baby, to \$14 50, which was given in ex-change for a tuneral vase of oval shape, with change for a funeral vase of oval snape, with carvings that passed for ornamentations, and which was found in a king's tomb. This was bought by Charles Stiegerwalt, of Lancaster, Pa., who was the largest purchaser of the day. The collection was catalogued by Ed Frosard, who found it no easy task, as Mr. Kiefer left no notes of any kind in explanation of the various oddities.

LUCKY PRINCETON STUDENTS.

Three of Them Awarded Examination Prize

Amounting to \$150. INTECCAL TELEGRAM TO THE DISPATCH. PRINCETON, N. J., October 25 .- The Examining Committee of the faculty of Princeton College, consisting of Profs. Westcott, Winans, Fine and Thompson, has awarded the prize of \$100 given annually by George W. Childs, of Philadelphia, to that student of the entering class who passes best entrance examination in the academic department. The papers handed in by Messrs. Brown and Henderson were so excellent and so equally meritorious that the committee was obliged to divide the prize

between both.

The second prize of \$50, offered by the New York Alumni Association, was awarded to Benjamin B. McAlpin, of New York City. Mr. McAlpin is a prominent athlete, being a member of the freshmen football and lacrosse teams. The lucky freshmen were sent for this evening by President Patton, who announced to them the results of the examinations.

JENNINGS WAS THE QUICKER.

Colonel Bowman Was Trying to Draw a Pistol When He Was Shot.

ST. LOUIS, October 25.-In the preliminary examination of B. M. Chambers for the killing of Lawyer Frank J. Bowman, resumed at Clayton to-day, Frank Jennings, colored, and Miss Ella McLaughlin testified that Bowman made a motion as if to draw a pistol before Chambers fired the fatal shot. The examination is progressing very slowly.

Covered with Sores

Boy one year and a half old. Face and Body in a terrible condition, being covered with sores. Sulphur Springs Fail. Cured by Cuticura Remedies.

Cured by Cuticura

Cured by Cuticura

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with scree. I took him to the Messena Sulphur Springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES, which I did. He took one and one-half bottles of CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to-day. I used the CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to-day. I used the CUTICURA SOAP in washing him. He is now five years of age, and all right. The other case was a disease of the scalp, which was cured by washing with the CUTICURA SOAP and rubbing in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. They have proved successful in every case where I have advised the use of them. It is surprising how rapidly a child will improve under their treatment. I recommend them for all diseases of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement.

American House, Hogansburg, N. Y.

Itching and Burning.

American House, Hogausburg, N. Y.

Itching and Burning.

I have been afflicted since last March with a skin disease the doctors called eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your CUTICURA REMEDIES so highly recommended, concluded to give them a trial, using the CUTICURA and CUTICURA SOAP externally, and RESOLVENT internally for four months. I call myself cured, in gratitude for which I make this public statement.

MRS. C. A. FREDERICK, Broad Brook, Conn.

Cuticura Resolvent The new Blood Purifier and purest and best of Humor Remedies, internally, and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally, cure every species of torturing, humiliating, itching, burning, scaly and pimply diseases of the skin, scalp, and blood, with loss of hair, and all humors, blotches, eruptions, sores, scales, and crusts, whether simple, scrofulous, or contagious, when physicians and all known remedies fail.

## Don't Take Babble IN JUSTICE TO YOURSELF

YOU CANNOT AFFORD TO IGNORE KAUFMANNS'

WHEN BUYING YOUR FALL & WINTER CLOTHING.

BE TRUE TO YOURSELF!

One should think that this would be the first principle of nature, clothing! Put ours alongside; but, strange as it may seem, there are people who from ignorance or neglect always try their level best to injure their own interests.

Let's look at the people who buy clothing. The majority come to us, to be sure. But what of the minority? Those who, without stopping to think where they can get the best value for their money, rush isfying service; stylish, as pos- helter-skelter into the next best clothing house, and buy costly garsible; reliable beyond perad- ments as if they were buying postage stamps. Poor, misguided people! When will they find that in clothing stores, unlike in postoffices, goods prices and principles are vastly at variance?

It is to this minority—the people who have never patronized usthat we direct our words to to-day. If they are but open to conviction, we shall have no trouble in bringing them under our banner.

Here we are with the largest stock, the best qualities, the new styles, the lowest prices, the most centrally located building, the lightest and largest salesroom, the most experienced and efficient corps of salesmen-ready, ready, ready, to supply you with anything in our line for less money than you could obtain it elsewhere, or, if we fall to do this, to refund your money without a murmur. You certainly canfigures to prove that reliable not ask more. And, if you would stop to pick up a penny, you surely won't pass us who will save you dollars.

COME TO-DAY, THEN.

if you want to save money, and read this special inducement we hold out to our patrons for this day only:

The most useful and expensive

present ever given away by any house.

KAUFMANNS'

Will give a genuine Gloria all-Silk Umbrella, with gold top and carved handle, and guaranteed not to fade for one year,

GRATIS

with every Man's Suit or Overcoat, or Lady's Cloak or Wrap bought to-day. Remember, these Umbrellas can be carried with equal propriety by a lady or gentleman.

KAUFMANNS'

In spite of these grand Presents we still guarantee our prices lower
