BLOOD STAINED MONEY. "No. Why should I? Is not every dollar of the capitalist's money stained with the blood of the poor working man? I am going to shed blood if necessary, but I mean to get it, and I do not expect to live much longer. Someone else will rise to take my place, and in time the capitalists and rulers of the people will be overthrown. I, an Anarchist, am proud of it, and I know that Anarchism will not die until its object is obtained."

JUMPED THE TRACK. A Freight Locomotive Smashes Things on the Southside. Yesterday morning engine No. 166, on the Pittsburgh, Virginia, Chesapeake and Ohio road, while pulling a train around a curve from the White Hall branch at South Twenty-first and Josephine streets, jumped the track and crashed into some buildings that are an extension of T. Campbell & Co.'s glass factory.

SEEKING THE SIGHTS. A White Man Claims Two Colored Women to be His Sisters. John Boyd, a miner from Connelville, came to town on Wednesday to see the sights, having in his possession about \$100. He made his presence known by inquiring for Poplar alley. He was directed to that locality at an early hour yesterday morning.

FINED FOR DISTURBANCE. Boys of Mt. Washington Fall Into Inspector McKelvey's Hands. William Wilbert, John Hoffman, Florence Shafer and Alfred Wheatley, young men of Mt. A CAMPAIGN DODGE. Roward Reported to be Ready to Spring a Labor Scheme—He Says It is Not True—Secretary Martin's Views. Yesterday afternoon, and in fact for several days, the usual campaign rumors have been flying loosely around, more particularly centering on the Roward-Johnston contest as being the only close one. The latest which have been industriously circulated are that the friends of Arch H. Roward had negotiated with a labor leader at Bradford to secure the laboring vote, and a bonus of \$500 having been paid over, with a promise of more to come.

THE NEW BUILDING. Constructed With a View to Post-office Adaptability for Use. A RIVAL TO SEMPLER'S BIG STORE. An Agent of the Property Keeps Both Man and Mystery.

THE INSPECTORS HAVE NOT REPORTED. The notice to quit which Uncle Sam has received from the city authorities of Allegheny has brought so far only two eligible locations into the market—the Semple building, already spoken of in yesterday's DISPATCH, and the one at the corner of Diamond and Ohio streets, on which a building is now in course of erection.

JUST IN TIME TO VOTE. J. C. Chaplin Council of the Jr. O. U. A. M. Organized Last Night. The James C. Chaplin Council No. 365, Jr. O. U. A. M., was instituted last night at Silver Palace Hall by State Vice Councilor J. C. Chaplin, assisted by W. E. Kerr, N. Bryan, J. A. Beckow, Thos. Jolly, W. A. Davis, Thomas Duff, E. Becker, J. Patton and W. Scott.

WHAT PARKMAN SAYS. H. D. Parkman, the Postoffice Inspector, was seen last night and said: "I have not been seen specially to report on the Semple building as yet, and cannot be ousted, and nothing can be done in the matter anyway until April. Of course it will be for the benefit of the postoffice people to get more commodious quarters. The Semple building was offered, and I, having been instructed to look after the matter incidentally to my present trip, examined it, and I consider it eligible, but my decision has not been reached."

AGAINST THE SEMPLER BUILDING. Colonel Thomas M. Bayne was asked what the status of affairs with regard to the choice of a site was, and replied that it was still standing. He admitted that the Semple building was a good one for the purpose, but kindled a little at the other lot was mentioned. He said that of course the objection lay with the postoffice authorities, and that he would be glad to see the Semple building if it was the best recommendation from you assisting."

POOR GUARDIANS MEET. A Statement Made for the Month of October by Clerk Hunter. The Finance Committee of the Allegheny Poor Guardians met last night, and approved bills amounting to \$2,330.72. Lewis, of Bradford, who was employed lately at the Duquesne Pharmacy, died yesterday under suspicious circumstances. It is believed that Lewis, who is a drug clerk, took poison which ended his life. The jury at the Coroner's inquest reported that Lewis died from an overdose of poison. No cause is assigned for the supposed rash act. He was universally popular, and his death causes much sorrow in the neighborhood.

BROADWAY'S OPONENTS MEET. A Gathering of the Colored Men's Political Association. An enthusiastic meeting of the Thirtieth Ward Colored Men's Political Association was held last night. T. J. Gatewood presided and Robert Allen acted as Secretary. The meeting was composed of the opponents of the "Broadway" Smith and Robert Smothers delegation who attempted to hold a meeting and organize a Thirtieth ward club at the schoolhouse, Tuesday last, but the Executive Committee of the Workingmen's Political Protective Association was present, and it was decided to form the club into an auxiliary of the Workingmen's Association.

GLASS STILL HIGHER. Chambers & McKee Meet the Western Glass Makers' Association. AND GOTHAM A FEW POINTS BETTER. An Order for Three Million Fire Brick Placed in This City.

SOUTHERN FURNACEMEN IN THE CITY. Contemporaneously with the appearance of this statement glass dealers and the trade in general will have been apprised of another advance in window glass, by circular from Chambers & McKee. Last night the firm notified the trade that its prices for single would be 50 off, and for double strength 80, and 5 off, beginning with today.

HOW LAWRENCEVILLE GROWS. About 500 Dwellings Erected There Last Year—A Bright Outlook. The postoffice district of Lawrenceville, which embraces territory between Twenty-ninth street and Sharsburg bridge, and between the Allegheny River and Pearl street, has seen, within the past year, a rapid increase in the number of dwellings. Superintendent Patterson, of station B, stated yesterday to a DISPATCH reporter that there were at least 500 houses put up within the last year. He made a personal inspection of the neighborhood. This was done on account of the charge that there were too many carriers employed at the station. He now has ten men, but the increase in population has increased the employment of at least two more carriers.

THREATS OF BURNING. Some Boys Say They Will Set Fire to a Number of New Houses. J. A. Shafer, who is erecting buildings on his property at the corner of Trent and Wylie and Reed and Dinwiddie streets, complained yesterday to the police that the boys in both neighborhoods had been stealing his building material. The boys are fast moving out the parties who have finished houses. He said they had stolen thousands of laths and other lumber. He added that he would give \$50 to secure the conviction of the boys and would be threatened arson, or in fact any of the things.

THREE MILLION BRICKS. Pittsburg Firms Secure a Mammoth Order—A Brick at a Time. Two large orders of fire brick were awarded in this city yesterday. Both of them will aggregate 3,000,000 brick, or about 180 carloads. They were given to the Mount Savage Fire Brick Company and the West Virginia Fire Brick Company. The bricks are to be used in the construction of three new blast furnaces in Virginia.

A POLICEMAN FLOORED. Henry Green Hit Officer Smith With a Boulder and Was Locked Up. Henry Green, a colored man, was acting in a disorderly manner on Dinwiddie street last night. When remonstrated with by Officer Joseph Smith, he picked up a large boulder which he threw at the officer hitting him on the head and knocking him down. Smith managed to regain his feet in time to capture his assailant.

ABOUT TIME TO STOP. A Driver Arrested for Refusal to Halt at Fifth Avenue. Officer Grimes yesterday afternoon arrested Joseph Schmitt at the corner of Fifth Avenue and Smith street for refusing to stop in driving a wagon for Hissel & Co., and when he approached Fifth Avenue failed to slacken his speed. Two ladies were almost knocked down in consequence.

ANOTHER ELOPEMENT. William Buerkle, and not Joseph Buerkle, is the name of the young Allegheny who eloped with Miss Josephine Veisekole, of Nunnery Hill. Mr. Buerkle had for some time been paying court to Miss Veisekole, and finally proposed and she accepted. The next thing she was to be married, but just here a hitch in the proceedings, no unusual thing in weddings, by the way.

A GOLDEN HAIRED COLORED MAN. Forman Jacob, the golden haired negro, who bit an ear of John Woods in a fight at the corner of Wood and Water streets last Monday, had a hearing before Magistrate Duff yesterday and was held for court in default of \$500 bail.

A CONSTABLE TAKES TO DIXMONT. Patrick Clare, constable of the Seventh Ward, was removed to Dixmont yesterday. He has been suffering for the past two months from mental derangement, and became so violent that he had to be placed in the institution.

POINTS FROM THEIR RECORDS WHICH EVERY THINKING MAN SHOULD READ. The Trades Journal, the official organ in Pittsburgh of the Knights of Labor, has following in its issue of today on the District Attorneyship.

FORCING TRADE TO ENGLAND. American Jobbers Will Not Buy Pottery Goods From the Trust. A representative of the firm of Powell & Bishop, English potters, was in the city yesterday. He said he had received an order for \$20,000 worth of ware from a local jobber who had refused to handle the American product on account of the Pottery Trust in this country. The latter, it is stated, have forced the price so high that it is cheaper to import English goods. He stated that 25 jobbers in the country had refused to handle the trust product.

INCREASED MEMBERSHIP. The Quarterly Report of the A. F. G. W. of the Eastern District of Pennsylvania. The National Glass Budget, of this week, contains Secretary Dillio's quarterly report. The membership of the American Flint Glass Workers Union has increased by 275, due to the natural growth of the trade. Very nearly the entire membership is employed. In 92 locals only 283 members are unemployed out of a total of 6,827. The trade, in general, is reported as being in a good condition.

GOOD NEWS. Additional Seats for Thomas' Concert. The gallery in Old City Hall—the best place to enjoy orchestra music—has been reserved, and some 200 chairs will be placed therein for the accommodation of those who have been unable to secure seats in the body of the hall. BROWN HAS A CLUB. Colored Men of the Eighth Ward Organize a Political Society. FOR SIMON-PURE REPUBLICANS. Broadax Smith Lays Down the Law For the Colored Brethren.

SPEECHES IN DEPRIVE OF A. H. ROWARD. The J. O. Brown Republican Club was formed last night by the colored men of the Eighth ward. It is another of the series of colored Republican clubs which are being organized throughout the city by "Broadax" Smith, Colonel Robert Smothers, Joseph Manks and others. They already formed are the William Flinn and C. L. Magee clubs.

HARVEST HOME SERVICES. St. Mark's Congregation, Southside, Celebrate All Saints' Week. There was a special service in St. Mark's Episcopal Church, South Eighteenth street last night, in connection with the Harvest Home services. Rev. Robert Meach, of Allegheny, preached the service. To-morrow afternoon an opportunity will be given to those desiring to donate fruit and flowers to the sick at the Southside Hospital. Donations will be received at the church until 4 o'clock.

COLLISION ON LIBERTY STREET. Two Trains Come Together Near the Third Avenue Switch. A mistake made by brakeman William Strank was the cause of a wreck on the Pennsylvania Railroad tracks at the corner of Third Avenue and Liberty street, yesterday afternoon. Shifting engine No. 107 was going up Liberty street and another train was coming down, both on the same track. Strank, instead of signaling his engine to back the train, gave the signal to switch, notified him to go ahead. The engine and the last car of the other train crashed into each other. The engine was badly damaged.

BROADAX TURNED LOOSE. "Broadax" took the floor and spoke for half an hour. He said: "When I published his candidacy in the Broadax without a cent of pay, I never received a dollar for booming him. The party any man who says Broadax didn't pass a legal examination is a fool and a liar. Every man has to pass that to get admitted to the bar. A man does not know enough to be a District Attorney. He wants to have a knowledge of some criminal law and get enough to abuse the prisoner, and Roward will get there every time."

"This organization is not for booids. We haven't gone to a candidate and asked for a nickel. Mr. Flinn and Mr. Magee didn't know how to go to see their names until they saw it in the papers. Mr. Brown won't know it till to-morrow morning. To-morrow night we're going to organize a McCallin club in the Twenty-sixth ward. If you don't do it, we're not going to do it. I want to consolidate my brethren in this city. If you'll stand together you'll not hear the cry any more. The Republican party don't do anything for you. You can't make them do it by running around these side-shows. Colored men get all they ask for, don't they? They haven't asked for anything to be policemen and night watchmen. They all want to be on the police force. You had a colored Constable. Who defeated him? Not the colored men, but the white men. He started a saloon the colored men would bust him up; ain't that so, Joe? Mr. Manks nodded his head. "The colored men of this District could never get a man to the Legislature if they were not white. We'll make ourselves felt in the next election."

NO ANGELS IN POLITICS. "Now brethren, if Roward is such a thief, why ain't they got him in jail? He either didn't get caught, or they helped him to get it, and he is afraid to go to jail. As far as politics are concerned, there ain't no angels in either party. If there were, I would be an angel long ago. If any colored man were to be a Democrat, he would be a good right to make a fool of himself as a white man, but I want him to move off my side of the street. The way to treat Democrats is to treat them as they would treat a skunk. I can stand a white Democrat, but I can't stand a black one. They don't taste right. A black man that ain't a Republican never be a Democrat. He has committed the unpardonable sin."

Broadax urged the colored men to vote the whole ticket next Tuesday, to vote for State officers, and he urged them to vote for H. I. Gourley for Mayor next spring. Isaac Morton proposed a resolution urging all colored Republicans to vote the straight ticket next Tuesday. It was adopted, and was decided not to form a permanent organization until the next meeting, one week from last night.

Republicans announced that the colored members of the Third ward were preparing to organize a club, and it was decided to hold a meeting in that ward one week from to-night. The meeting was then adjourned.

RAISING THE GAZE. The Reception Committee of the Pan-American delegates will hold its final meeting in the Chamber of Commerce to-morrow afternoon, to hear the reports of the various sub-committees who have the arrangements of the affair in charge. The principal part to be considered will be the part the ladies are to take at the reception. The committee has been given to understand that the delegates are anxious to see the ladies of Pittsburgh. They have been over so many factories, works and shops, and they have feasted so abundantly that they have become indifferent to those sights.

The Finance Committee made a start yesterday at the important matter of raising funds and are meeting with great success. They expect to be able to report sufficient collections by to-morrow to defray the entire expenses.

There was a constant din throughout the chinery hall at the reception. The exhibitors were busy rearranging their displays and everything is expected to be ready by Saturday or Monday.

A Building Association Disbanded. The A. A. Allen Building and Loan Association did not make money as far as was expected, and the members became dissatisfied. All the stockholders were paid in full. This is the first building and loan association to disband in Allegheny county since the panic of 1873.

Another Corner Office Wrecked. A cornerman is badly needed at the corner of Smithfield and Water streets. It is said more hoodlums congregate there than at any other spot in the city. A gang of them indulged in some "roughing" and the consequence was the breaking of a pane of plate glass in T. J. Blackmer's cigar store.

The Family Chaperone. The home of T. W. Hans, of the East End, was entered by thieves Wednesday night and a roll of bills were stolen from the owner's pockets. The thieves were chaperoned on all the members of the family, rendering them unconscious while they perpetrated the deed.
