COUGHING

IS Nature's effort to expel foreign substances from the bronchial passages.

Frequently, this causes inflammation and the need of an anodyne. No other expectorant is so effective as Ayer's Cherry Pectoral. It assists Nature in ejecting the mucus, allays irritation, induces repose, and is the most popular of all cough cures.

Of the many preparations before the public for the cure of colds, coughs, bronchitis, and kindred diseases, there is none, within the range of my experience, so reliable as Ayer's Cherry Pectoral. For years I was subject to colds, followed by terrible coughs. About four years ago, when so afflicted, I was advised to try Ayer's Cherry Pectoral and to lay all other remedies aside. I did so, and within a week was well of my cold and cough. Since then I have always kept this preparation in the house, and feel comparatively secure.

Mrs. L. L. Brown, Denmark, Miss.

"A few years ago I took a severe cold which affected my lungs. I had a terrible cough, and passed nights after night without sleep. The doctors gave me up. I tried Ayer's Cherry Pectoral, which relieved my lungs, induced sleep, and restored my strength. By the continual use of the Pectoral, a permanent cure was effected."—Horace Fairbrother, Rockingham, Vt.

A QUEER CASE OF INSANITY.

Dr. Cruise Able at Times to Perform Delicate Surgical Operations.

SPECIAL TELEGRAM TO THE DISPATCH. POUYKREKER, December 2.—Dr. T. K. Cruise, of Wappinger's Falls, who is a member of the Dutchess County Medical Society, and a surgeon of considerable repute, threatened to kill his wife last Friday. He was examined and adjudged to be insane, and was committed to the Hudson River State Hospital. He asked for another examination, which the Court granted, and the second examination is still in progress. He is a victim of cocaine and morphia, which he says he must have for heart disease. When not under the influence of those drugs he is rational. To-night he is on parole, and will go to Wappinger's Falls, accompanied by counsel, to attend a case of surgery.

Dr. Cruise has made several important inventions which are now used in New York hospitals, and is highly commended by Dr. Sargent of New York. He seems to be perfectly rational to-night. Judge Barnard looks upon it as a remarkable case.

FORTIFIED THEIR CASTLE.

A Drunken Elegant Ward Couple Have a Fight, but Reclaim the Palace.

They complained that both the man and his wife were drunk and creating a disturbance, and that after pointing to the floor, had threatened to burn the house down.

When an officer went to the place the couple barred the door, and, as no warrant was in the hands of the policeman, he could not break in the door. No arrest was made.
