Secretly Cutting Freight Rates. CHICAGO, December 10.—The Chicago, St. Paul and Kansas City road is accused of cutting rates on grain and flour from the Northwest. rates on grain and flour from the Northwest. The rates on these articles were restored to the 10 cent basis November 20, by agreement of all the lines in interest, but it is claimed that the above named line has continued quoting the 7½c rate secretly and thereby secured the bulk of the traffic. President Miller, of the Chicago, Milwankee and St. Paul road, 70-day, filed a complaint with Chairman Walket, of the Inter-State Commerce Railway Association, against the St. Paul and Railway Association, against the St. Paul and

Railway Association, against the St. Paul and Kansas City, charging it with a violation of the Presidents' agreement.

If the charge is sustained, the latter company will be compelled to forfeit the whole of the revenue derived from the cut rates, in addition to paying the stipulated fine of not less than \$200. In consideration of the action taken by the President of the Milwaukee and St. Paul in this matter, the Burlington and Northern will not immediately put into effect the notice of its intention to meet the cut rates of the St. Paul and Kansas City, but will wait until the matter has been fully considered by the Western Freight Association.
