

A BUCKET OF ASHES

Causes a Quarrel Between Bellaire Neighbors, One of Whom RECEIVES A BLOW THAT KILLS HIM.

No Stay of Ejecment Writs for the Pennsylvania Miners.

NEWS NOTES FROM TOWNS AROUND

SPECIAL TELEGRAM TO THE DISPATCH: BELLAIRES, January 7.—About 7 o'clock this morning Decker Robinson and Chris Ashoff, who were adjoining property in the Fourth ward, quarreled about a bucket of ashes which Ashoff had dumped on his premises and which ran over into Robinson's yard.

The two men had a violent quarrel, and during its continuance William Robinson, father of Decker, ran up and, seizing Ashoff, struck Ashoff over the head. The blow fractured his skull, and Ashoff died at 3 o'clock this afternoon.

NO STAY OF EJECTIONS.

Apparently the Striking Miners Must Vacate the Company's Homes.

PITTSBURGH, January 7.—The locked-out miners in this region got very cold comfort from Judge Wilson at Brookville today. They presented a petition asking for a writ to stop the evictions ordered by the Buffalo, Rochester and Pittsburgh Coal Company at Walton and Adrian should not be stayed. The court refused to issue a writ on the basis of the petition, and the Supreme Court has refused to grant a writ to stay the evictions.

CATTIE THIEVES' NOVEL METHOD.

Instead of Driving Off the Stock They Go Into the Butchering Business.

SPECIAL TELEGRAM TO THE DISPATCH: GREENSBORO, January 7.—A gang of thieves are operating quite extensively in the neighborhood of Lenoire. They have a rather novel way of doing business. They seem to have a man for killing live stock, and nearly every farmer in that vicinity has lost either cattle, sheep or hogs within the past few weeks. The thieves who follow the same profession, instead of driving off the stock, they slaughter it upon the spot and carry it to the butcher shop. The thieves are supposed to be from the Pennsylvania hills, and they have been seen in that vicinity to fight when efforts were made to capture them.

PLEADED GUILTY OF THEFT.

A Prominent Young Man Was Stole From a Contribution Box.

SPECIAL TELEGRAM TO THE DISPATCH: WARREN, O., January 7.—Quite a sensation was caused here last night by the arrest of Hamilton Carter, a young man of highly respectable parents, in this city, for robbing a store at New Lynn, Ashland county, Carter at first denied his guilt, but when confronted with positive evidence of having robbed a missionary box in the Presbyterian church here, he acknowledged the crime in both cases. It is also alleged that Carter had organized a gang of young men to crack the Rock Creek Bank, but one of the accomplices gave it away, and other crimes were investigated.

SYMPTOMS OF HYDROPHOBIA.

Noted in the Case of a Hill-Demolition Man Found at Braddock.

SPECIAL TELEGRAM TO THE DISPATCH: BRADDOCK, January 7.—A pitiable case was discovered at the Pennsylvania Railroad station this afternoon. A young man named Thomas Savage was found under the stairway leading to the station in half-crazed condition, and when rescued barked at the police like a dog. It is thought he has an attack of hydrophobia. He was locked up until his friends can be heard from.

A MOVE OF THE RIGHT SORT.

Misbehaving County, O., Decides to Macadamize All Its Roads.

SPECIAL TELEGRAM TO THE DISPATCH: YOUNGSTOWN, January 7.—The commissioners of this county have decided to macadamize all the roads under their jurisdiction. This move was caused by a petition of the farmers and taxpayers throughout the county who are tired of seeing their roads in such a state of disrepair. The roads are said to be simply horrible, and the estimated cost of the work is \$100,000.

A BREAK FOR LIBERTY.

Made by Four Unlucky Prisoners, Two of Whom Are Recaptured.

SPECIAL TELEGRAM TO THE DISPATCH: UNIONTOWN, January 7.—There was almost an entire jail delivery here last night. Four prisoners, Van Slick, the Hungarian who murdered his cousin at Vanderbilt a short time ago; Burns and Williams, charged with assaulting a little girl in the streets two weeks ago, and a man named Dunn escaped. Burns and Williams were recaptured, but the others are still at large.

GRIP STOPS THE MAILS.

New Castle Postoffice Employees Stricken and Business Interfered With.

NEW CASTLE, January 7.—There are now about 30 cases of grip in New Castle, and nearly all branches of business are more or less affected by it. At the postoffice it is almost impossible to get the mails distributed, and the employees have the disease at one time. Mail Carrier Tibbitt started on his route today, but was compelled to give it up, and the mail was not distributed by carrier.

An Interesting Oil Well.

SPECIAL TELEGRAM TO THE DISPATCH: BUTLER, January 7.—A suit for the possession of \$100,000 worth of oil territory in Connoquionburg is pending. The land was leased by Gena & Co. and the lease transferred to Christian Bros. Manning, a second lease had been given to W. C. Thompson, who got his lease on second hand of the Christian. John S. Campbell was appointed receiver.

A Boy Murdered on Trial.

WHEELING, W. Va., January 7.—The case of the State against James Millarkey, charged with murder, was put on trial this morning in the Circuit Court. The defendant is about 20 years old and killed a companion on October 20 last, while returning from a hunting expedition on Caldwell's run.

Stock Seized on Executions.

SPECIAL TELEGRAM TO THE DISPATCH: MANFELD, O., January 7.—The stock of about \$100,000 of T. J. Cochran was seized by the Sheriff today on executions held by Mary E. Cochran, of Steubenville, for \$6,000 and George E. Cochran, of Steubenville, for \$10,000. Other liabilities amount to \$6,000. The assets amount to about \$120,000.

Death From La Grippe.

SPECIAL TELEGRAM TO THE DISPATCH: HAVENNA, O., January 7.—La grippe is prevalent in this section, and death laid its icy hand on Patrick Carney yesterday after 20 days' illness. Deceased was 67 years old and was an employee of the Cleveland and Pittsburgh Railroad Company.

A New Company Formed.

SPECIAL TELEGRAM TO THE DISPATCH: WHEELING, January 7.—The Wheeling Soap Company made an assignment to-day to J. W. Taylor. The liabilities are estimated at \$60,000.

THE GRIP IS NO JOKE.

It Has Assumed a Phase in Boston Far Too Grim for Pleasantry.

UNDERTAKERS DRIVEN TO DEATH, And All of the Hearses in Town in Constant Use Every Day.

NEW YORK'S DEATH RATE INCREASES. Yesterday's Report Far Worse Than That of Any Previous Day.

Boston and New York report that the grip is worse there than ever. Undertakers and hearses are almost impossible to secure in the former city. New York's death rate was the largest yesterday of any yet reported.

SPECIAL TELEGRAM TO THE DISPATCH: BOSTON, January 7.—There is no longer any joking in Boston over the ravages of the grip. It has now assumed a phase too grim for pleasantry. The people are dying so fast now that the undertakers are unable to bury them fast enough. All the hearses in the city were pressed into service today, and surrounding towns were asked to contribute their stock, but there was no great relief. Yesterday 86 certificates were turned in. While only three of these were buried due to the influenza, nearly all were from the secondary effects. The establishments which supply undertakers with material for their calling are pushed to their utmost to provide for the increasing demand for funeral habiliments. William L. Lookhart, proprietor of one of the largest establishments of this kind, said to a DISPATCH reporter:

"AN UNPRECEDENTED RUSH.

"Our house has been established 40 years, but we never saw anything like this rush; it is unprecedented. I furnish a great many hearses to undertakers, many of whom in Boston do not own one. Recently we had 22 hearses ordered. On the Saturday morning, we furnished 97 hearses to Boston undertakers. This week we had out of stock 30 hearses. If the funeral service in the same of the day I don't know what we should do, but very many of the Catholic funerals, and take place in the morning. I can not relay the hearses in the afternoon. A call upon many of the prominent undertakers this afternoon showed that 'a grip' is no respecter of persons, although it respects age. I have seen several rather more severely afflicted than other portions of the city. It is said that one priest in this section in one day attended 10 funerals, and administered the last sacrament to four. In the Catholic parish, in that quarter of the city, there were 10 funerals on Sunday.

NEVER SAID THE LIKE.

"I never saw the best of it in my life, not even when the smallpox raged," said one of the representatives at one undertaker's establishment at the North End. "I had an interment in Holy Cross cemetery, in Malden, this morning, and I counted ten other funerals while I was at it, and they told me there were 27 more there today." This is a new Catholic cemetery, and many of those who die in the Charlestown district are taken there for interment.

"I had a funeral this morning," continued the undertaker quoted above, "for which a four-horse team had been ordered, and I could not hire one for love or money. I compromised on a two-horse team, and had to scour the city to get it."

"I don't know," he said, "where we are going to get hearses if this thing keeps on." In fact, another "I am driven to death all the time, and have had funerals since Christmas, and the victims are mostly people who are fairly well to do, and are being buried in the city. I have had a funeral this morning, and I have had three funerals at St. Stephen's this morning, one at the French church, and I shall have two at St. Stephen's to-morrow morning." The proprietor of one high-toned establishment had had 17 orders for funerals since Sunday.

WORSE THAN EVER IN NEW YORK.

The List of Deaths Greater Than Any Previous Day.

SPECIAL TELEGRAM TO THE DISPATCH: NEW YORK, January 7.—The death toll today in this city was 283, the biggest number yet reported in a single day. But many of the certificates are of deaths which occurred on Saturday, Sunday and Monday and were not sent in until today. The total of certificates sent in since Saturday, 191, shows a total of 474. The total of 283 today, an average of 17 a day, in today's list of 27 from pneumonia, 36 from influenza, 11 from bronchitis, and 17 from influenza. About one-half of the deaths are due to the prevailing epidemic.

Dr. Tracy, Registrar of Vital Statistics, in his weekly report submitted to the Board of Health to-day, comments upon the 1202 deaths which he has recorded since the epidemic began to increase in the number of deaths apparently due to an epidemic influenza. For it is one confined to any one portion of the city, and is chiefly due to severe inflammation of the respiratory organs. The influenza epidemic which is most apt to be unfavorably affected in such cases, viz., the heart and the lungs. Although the mortality from influenza has been pretty well distributed, the increase has been marked in the western ward along Third and Fourth streets. The increase of deaths is among persons over 25 years of age, there having been out of the total increase of 441, 305 over that age and only 136 under.

Totally Helpless.

From Severe Rheumatism—Wholly Cured by Hood's Sarsaparilla.

"In May, 1883, I was taken with severe rheumatism in my legs and arms. It neither prevented me from working, and I was confined to my bed entirely helpless. I had medical attendance and in August, I was just able to move around. I was reduced to a mere skeleton and my appetite was entirely gone. It was thought by all my friends that I could not possibly live. I took almost everything I could hear of, but with no good results, during that winter. One day, reading about taking Hood's Sarsaparilla in March, April and May, I concluded to try it. One bottle gave me so much relief that I took four bottles, and since then my general health has never been better. My appetite is increasing and I am gaining in flesh. I attribute my whole improvement to taking Hood's Sarsaparilla." Wm. F. TAYLOR, Esq., Erie, Pa., Cameron Co., Pa.

Hood's Sarsaparilla

Sold by all druggists. \$1; six for \$5. Prepared only by C. J. HOOD & CO., Lowell, Mass.

IN DEBT \$85,000.

La Noris Stockholders Are Thinking of Striking Desper.

The stockholders of the La Noris Mining Company held a meeting yesterday afternoon at 3 o'clock at 104 Fourth avenue. About 50 stockholders were present. Andrew Austin was selected temporary chairman. The report of the directors was read in which it was stated that the company was \$85,000 in debt. A report was next read from Superintendent Davis, in which he stated that all the best ore had been mined by the Mexicans years ago, but he believed that the ore in the shaft of 100 feet deep payable ore would be struck. The report of the directors was read in which it was stated that the company was \$85,000 in debt. A committee to consist of Dr. Jacoby, John P. Patterson and H. S. Paul was appointed to consider the reports of the directors and to make a report to the stockholders at a meeting to be held within the next ten days. The majority of the stockholders appear to be averse to putting any more money in the mine, but they will be largely influenced by the report of the committee.
