He Covers the Forfeit of E. C. McClelland.

BIG FOOT RACE PROBABLE.

Fred Carroll Signs a Pittsburg Play-

THE SPORTING NEWS OF THE DAY

ers' League Contract.

It is likely that there will be another big foot race between Peter Priddy and E. C. McClelland. Priddy has covered McClelland's forleit. Fred Carroll signed a local Brotherhood contract, and Gumbert says he will do so to-day. Hurley has also signed. Jackson says he will defeat Sullivan.

The probabilities are that there will be another sensational foot race for a big stake in this city before many weeks pass away. Yesterday afternoon Peter Priddy called at this office and covered the \$100 forfeit left here some time ago by John Quinn for E. C. McClelland to run anybody in the world from three to ten miles for \$1,000 or \$2,000 a side. In covering the forfeit yesterday Priday

made the following statement: "launderstand that this is the last day for McClelland's offer to remain, and I would have come and covered his forfest sooner but I have been sick. I also know that McClelland wants to run in two or three weeks' time. PRIDDY'S STRONG PLEA.

"This is unreasonable, as neither myself nor anybody he wants to run against can get into condition in two or three weeks. I further know that he is entered for next week's 24-hour race, and I therefore cover his forfeit prepared to allow these very fair conditions: I will run McClelland a three-mile race on an out-door track in Pittsburg, for \$1,000 a side, 5 weeks, 7, 8 or 10 weeks after signing articles. I will meet him at THE DISPATCH office between 2 and 3 o'clock Monday afternoon to sign articles. I think that my conditions are fair because I am willing to run outside my distance, and if he and his backers think he is bester than I am, why certainly they will allow me time to get

ANXIOUS FOR A HACE. "If they won't allow this, then I'll have reason for saying that they don't want to run me at my best. I really am anxious to run McClelland a three-mile race, but only after I have had a reasonable opportunity to get into condi-

Priddy's statement is undoubtedly a very reasonable one, particularly after the season of the year is considered. In agreeing to run Mcand at any time a three-mile race he is accepting a challenge that was issued to the world, and that means a very bold stroke on the part of Priddy. However, if McClelland starts in the 24-hour race next week he could not reasonably be expected to be in first form for a three-mile race that is to take place within two or three weeks.

three-mile race that is to take place within two or three weeks.

But a race between McClelland and Priddy would be one of a national character, and certainly this fact would mean that both men should be in the best possible condition. This desideratum could not be expected if the race should take place within three weeks.

DANGERS POINTED GUT. The weather may be entirely against training, and when the day of race arrived there might be no available track. In view of these probable conditions the most reasonable and certhe most expedient plan would be to eight weeks. It is safe to say that each party thinks it has a champion, and this being so there is no reason why each runner should not be alno reason why each runner should not be allowed opportunity to get into his very best form if he can. Doubtless, should the race take place, it will be one of the greatest pedestrian events ever seen in this city. Already Priddy has beaten McClelland in a mile race, the only defeat suffered by McClelland, and recently the latter easily defeated Miller, the Eastern pedestrian, in a ten-mile race. Sporting people will at once see that a race of the class in guestion should be entirely free from all drawbacks that can possibly be presented. If such is the case it will certainly be another great help toward reviving public interest in foot racing in this locality. Certainly both pedestrians have strong followings both here and elsewhere.

hn Quinn, backer of McClelland, stated last evening that McClelland will split the dif-ference about the time of race and run Priddy four weeks from signing articles. However Mr. Quinn will visit the Priddy party this after noon and try and arrange matters.

The conditions are Police Gazette rules for \$2,500, and will be fought within 100 miles of Augusta. Layton is backed by the Pastime Athletic Club, and seems confident of victory. He is a good one for his weight, and his latest exploit was when he knocked Jack Donovan completely out, about two months ago, in a lively fight of 18 rounds, lasting 51 minutes. The unknown is said to be a well-known Eastern pugnist.

About Those Records. George Smith, the famous sprinter, of this city, indorses the opinion expressed in this paper that other records than that of Seward for 100 yards should be discarded. Mr. Smith claims that H. M. Johnson's alleged record of 12% seconds for 130 yards, claimed to have been

made at Exposition Park July 12, 1886, is not correct. Many more people are of the same ominion. But most certainly Johnson's alleged 100 yard record is more faulty than any other.

CARROLL SIGNS. He Joins the New Local Club and Gumbert

May To-Day. The declarations made by Fred Carroll on Monday evening regarding his attachment to the Players' Easeball League were not idle words. The big-hitting catcher ended all con-jecture about his intentions yesterday by sign-ing his name to a Players' League contract. M. B. Lemon was a witness to the contract, and
Manager Hanlon handed the document to the
player. It is needless to say that the friends of
the new club are very happy over the event,
and they had reason to be.

It is not likely that any supporters of the old
League will have anything unfriendly to say
about Carroll's resolve. He has apparently
acted in the most businesslike and frank manner. He had the offers of both parties, and
after weighing each he chose for himself, and
certainly in doing so he has exercised an unquestionable right. It is true that he has refused a good offer from the old League, and
time alone will tell whether his course is a wise

Ad Gumbert also promises to sign to-day, and then all that is needed is a first-class second baseman. If that position is well filled Pittsburg will undoubtedly have an excellent team as far as the records of the players are concerned.

It was whispered that Denny and Mulvey were coming back to the fold of the Players' League again, but a confirmation of the report could not be had. John Ward is very busy with his legal advisers, his postponed case being called to-morrow morning. The fact of the postponement argues well for the Brotherhood, it is thought, as the League men's case is thought to be based upon a weak foundation.

INCREDULITY

How potent is this trait of the human mind. The Bible refers to it and says: "Were an angel to come down from heaven, ye would not

believe." It is the cause of much injury. We are disposed to doubt the sincerity of our friends, and it often leads to misanthropy.

This is particularly applicable to the virtues of many valuable remedies, however strong they may be indorsed.

The Decree of the Brazilian Government Practically Makes

CITIZENS OF THE FOREIGN-BORN.

Naturalization Considered Compulsory by a Native Journal.

And Fears Expressed That Unpleasant Complicati May Result.

THE STEP BELIEVED TO BE UNWISE

Copies of Brazilian papers received in New York yesterday give the first accurate copies of the naturalization laws adopted by the Provisional Government of Brazil. Naturalization is practically obligatory upon all who shall reside in the country for two years.

ISPECIAL TELEGRAM TO THE DISPATCH. NEW YORK, January 15 .- The Rio News of December 19, copies of which arrived on the steamship Herschel to-day, contains some interesting facts and comments on the state of affairs in the new Republic. Here is a copy of the decree of December 15 in regard to the citizenship of foreigners which the Provisional Government passed on that date: Article 1-All foreigners residing in Brazil on November 15, 1889, are considered Brazilian citizens, except by a declaration to the contrary made before the proper municipality within six months from the publication of this

APPLIES TO ALL FOREIGNERS. Article ?-All foreigners who have resided in he country two years, after the date of this decree, will be considered Brazilians, with the exception of such as exclude themselves from this right through the declaration referred to

in Article L Article 3-All foreigners naturalized by this decree will enjoy all the civif and political rights of native born citizens, being eligible to all public offices with the exception of that of Chief of State.

The News comments on this as follows: "This makes naturalization practically obligatory in case the foreigner does not go to the trouble and expense of registering his refusal to accept Brazilian citizenship. This measure is extremely unwise and arbitrary and may lead to unpleasant complications. No one can be compelled to surrender his nationality against his will, and no Government, particularly those of the military nations of Europe, will consent to have its subjects forced into a foreign al-liance. No mere decree can transform a German into a Brazilian

NEW MINISTER TO WASHINGTON. "It is announced," says the News, "that Dr. Albert Salles will go to Washington as the Brazilian Minister and as President of the commission to the Three-Americas Con-gress. Dr. Salles is about 30 years old, a graduate of the Sao Paulo Law School, and has been connected with the press. He is a brother of the Minister of Justice." Flint & Co. received a cable from Para to-day, which says the rate of exchange has advanced to 2614. This is an improvement of half a penny on the day before, and indi cates an encouraging outlook.

Binine, Jr. PRPECIAL TELEGRAM TO THE DISPATCH.1 NEW YORK, January 15 .- Detective Sergeant Reilly arrested Leander Richardson, editor of the Dramatic News, to-day, upon a bench warrant granted by Recorder Smyth, and took him before the Recorder upon an indictment charging him with criminal libel. The complainant is Delancy Nicoll, lately an unsuccessful candidate for District Attorney. Mr. Nicoll testified that last week the Dramatic News published an article to the effect that the writer of the article had seen

Mr. Nicoll riding in a carriage on Long Island with Mrs. James G. Blaine, Jr., who is separated from her husband, and that Mr. Nicoll had his arm around Mrs. Blaine's waist. This was utterly false, Mr. Nicoll averred particularly as Mrs. Blaine had been so ill as to be unable to quither bed. Richardson pleaded not guilty, and, Harry Miner becoming his surety, he was released
