

IT'S BAKED, As Much So as Some of the Fancy Drinks Deceived. MEN WHO WANT LICENSES.

THEIR NAME IS NOT LEGION, but the Number is Large by Words. ALDERMEN'S LISTS GROWING FAST.

The permits that entitle the paths of people who want retail licenses to sell liquor are, in the estimation of some of the anxious bench, fast as numerous as those that surround the handlers of cold iron. This is caused by the fact that so many have already been through the flint mill and consequently draw fire. There is evidently something fascinating about the business, or some people who are preparing to put up almost their last dollar to secure "indispensable" would be in the lists.

HE KNEW OF PORT. Alderman Grip said about 40 applicants had been to see him, 15 original cases and 25 outsiders who came to his office to be advised.

DOUBLE-DEAD-ENDS UNSURE. There is considerable uneasiness in the minds of many applicants as to the possible result of the new law. Some think the Judge will be inclined to refuse to issue a license, while others think it is a sort of judging that will prejudice them against applicants.

THE TAREMOUNT MURDER. Detectives Working on the Case Agree That Corroy Was Not a Party—Griffin Supposed to be Far Away—Stolen Jewelry on the Southside.

THE TAREMOUNT MURDER. The work on the Taremount murder is now being done exclusively by Detectives Langbein and Griffin. The latter has entirely relinquished the idea that "Eggy" Corroy had any connection with the crime, but is still of the opinion that Peter Griffin was one of the murderers.

MR. CARNEGIE'S IDEAS EXPLAINED. Andrew Carnegie's letter to the Pull Mall Gazette, of London, of recent date, contains an observation which seems to have escaped local notice, but is nevertheless full of meaning to the public, which has watched with great interest the details of the proposed acquisition of the Allegheny property.

THE TAREMOUNT MURDER. Under the act of 1872 it is made complaint in any incorporated city in the Commonwealth for the proper authorities, presumably Councils, to accept gifts of real property.

LOCKHART BOUGHT IT. An Acknowledged Deed Settles the Ownership of Long & Co.'s Mill. The Sheriff yesterday made a deed of the Vulcan Iron Works, Long & Co. late owners of the Lockhart mill, proving that a good many people guessed right on the day of sale.

CARS NOW RUNNING. President Henry Managed Them Between the Postoffice and River. The Pleasant Valley Street Railway Company yesterday put four of its new electric cars in operation on its line.

FEVERISH HOPING. Our Western Suburb Has the Oil Craze—Messrs. Ray and Chadwick Creep Nominally Expectant—Ewing's Milk People Congratulating Each Other. Comparatively few people know that a ride of half an hour by rail from the city in a roundabout direction will take them into the Allegheny valley.

INTEREST IN THE MOVEMENT. There is no means of knowing how large the representation at the convention will be, although letters received from all over the country indicate that it will be large.

MR. GEORGE A. KELLY SPEAKS A KIND WORD FOR THE WIDOWS—THE EXPENSE OF THE ALLEGHENY HOSPITAL AKA EXCEEDINGLY LAWYER—REMANAGEMENT COMMENDED. The action of the retiring Board of Directors of the Allegheny General Hospital who, it is claimed, at the instance of one or two of the physicians, have passed a resolution at their last meeting advising the incoming board to appoint a male superintendent in place of the present incumbent—Miss Tidley, has caused considerable comment.

MARSHALL, THE CASH GROCER, WILL SAVE YOU MONEY. COMMON SENSE VS NONSENSE. THE CONDITION OF OUR PUBLIC ROADS has been of interest to all of us for some months. I am doing a business approximating \$50,000, and employ some 100 men in the delivery of goods. So this is a question in which I have a personal interest. Under ordinary conditions one driver with only one horse can deliver 100 worth of goods in one day. For some months past, owing to the condition of the roads, I have had to send out two or three drivers to deliver 100 worth of goods, making my expense of delivery four times as great. Recently I sent three drivers to deliver 100 worth of goods, and I have now good stock, sound horses, and in order to get good drivers I pay the highest wages—more than is paid by any other firm in the city. My repair bill is very large. Last quarter it was \$100 for 10 wagons, and this is only the cost of the wagons. I have no other plain statement of what it costs to do my business. "Road tax," for this is what it amounts to, is very much larger than all my other taxes combined. It is a question in which I have a personal interest, and in fact, have never seen the inside of the Mayor's office or Court House.
