These are ing and slight chilly feelings are followed by a watery exudation from the nose, which ruin a grass plot or a flower bed. These are not necessary to a dwelling, although they are desirable. The location of a rairoad soross a lot on which there is a dwelling or across a country seat, is not in violation of the statute. The Court holds that, in the present case, the road does not interfere any more than if it were located entirely in the alley, and that the removal and relocation of the outbulldings do not prevent the reasonable use of the dwelling so as to bring it within the prohibition of the statute. It is a case for damages and not for injunction. soon becomes sore, and cold sores may appear about the mouth-a puffy, bloated feeling in the face and head, and sometimes severe headache, cough, sore throat, loss of appetite, aching in the bones of the whole body, are more or less pronounced in nearly every case. NOT TO BE SOLD FOR A SONG. Although "a cold" is rarely directly fatal yet it is the most productive source of in-curable diseases that is known to the med-ical profession. At least one-third of the

deaths in the United States are easily traced to the effects of a cold. Croup, bronchitis, asthma, catarrh, consumption, pleurisy, diphtheria, pneumonia, rheumatism, acute heart disease, Bright's disease of the kidneys, neuralgia and paralysis are, in thousands of instances, directly traceable to "s cold." It is the most frequent, the most dangerous, and the most neglected ill of

PREVENTIVES.

They may be summed up as cleanliness all-wool clothing in all seasons, outdoor ex-ercise, ventilated sleeping rooms, early re-tiring and rising, good food, and plenty to do. Yet, in spite of every precaution, it frequently happens that a cold is taken, and this being must the tractment

of colds ought to begin with the appearance of the first symptoms. Many years' ob-servation has convinced me that hot-drops,

the congested membrane and stop the dis-

of Pe-ru-na in hot water, repeated more or less according to the severity of the attack,

will scarcely ever fail to break up "a cold." An old cold that has settled somewhere is

better treated by the regular doses prescribed on the bottle, which, if obeyed, can be al-

ways relied upon to make a permanent cure. Should the bowels be irregular, as they are

in the throat and produced enlarged tonsils or hoarseness, or settled in the bronchial

tubes and lungs, producing cough or asthma, or settled in the kidneys or bladder, pro-

ducing Bright's disease or gravel, Pe-ru-na is the great remedy I have invariably relied

upon for my treatment of these cases. Thousands of cases of colds, in all stages

and phases, are treated every year under my

personal directions or by my associate physi-cians with Pe-ru-na; innumerable others

who buy it at the drugstores are using it in

and testimony is, that Pe-ru-na is the most

speedy and permanent cure yet discovered.

Pe-ru-na is equally valuable to prevent, to cure and to entirely remove the effects of "a

cold." No family, especially at this season

of the year, ought to be without this excel-

lent preventive and cure for that most in-

sidious, ever-present, disease breeding malady called "a cold."

FOUR DOCTORS FAIL.

Mr. William Hurley, living at No. 131 Seventeenth street, Southside, has had an experience that almost baffles description. The discased condition of his kidneys caused a puffy A. appearance under his eyes, his skin was

very yellow, his feet and legs would often bloat, he had a very severe pain in his and kidneys, which at times was so sharp that it seemed

asif a knife was cutting through them, and he would often DE, SHAFER.

DE, SHAFEE, and he would often feel vory stiff and sore in the morning. His urine was high-colored, his appetite poor, and he had belching of gas after eating. His aches and pains continued to grow worse until there was hardly a spot in his body free from pain. He says: "I had four doctors, but all failed to give me any relief. When I began treating with the physicians of the Polypathic Inst-tuteI had not been able to work for five months, and often was not able to walk or get around in the house, except by crawling on my hands and knees. After taking their medi-cines for four weeks I became greatly im-proved, and at the end of two months was en-tirely cured. I gould not sak to feel better
