work, and the proceeds of his labor used to support his family. I am not in favor of this scheme, as it makes convict labor compete with honest labor. When the children grow up to be 15 or 16 years of age they turn upon their parents and go to the bad."

A STUKER PLANT.

Carnegie, Phipps & Co. Will Put in the Smoke Consumer at Beaver Falls.

Westinghouse, Church, Kerr & Co., have just received an order for a plant of the Roney mechanical stoker and smokeless furnace. The order is from Carnegie, Phipps & Co. and the plant is to be erected in the Beaver Falls mills. It is to contain 28 stokers.

The Roney stoker is a device for burning bituminous, or a mixture of bitumin ons and anthracite coal, slack and various waste products at a reduced cost of handling and products at a reduced cost of handling and firing, and without smoke. It is said to save promptly meet all demands at all times. 25 per cent in fuel. The stoker makes possible a complete system for the mechanical handling of coal and ashes. A coal car is discharged into a hopper feeding to a pair of othed rolls which crack the large The coal is elevated to the top of the fire room, and taken to large storage bins, From these bins chutes lead to the hoppers of the stokers.

Ashes are discharged by gravity from the ashpit into other chutes. The system does away entirely with handling of every kind, as the fuel is not touched from the time the car bottom is dropped until the ashes are finally discharged on the dump. The device is held as a rival of natural gas for cleanli-ness and convenience, and should the gas supply ever give out, and manufacturers be likely to be used in all large manufacturing establishments.

The system has been adopted by Claus Spreckels & Co., the large sugar manufact-urers. Their plant consists of 48 engines and 60 stokers.

THEY DID US UP.

Striking Electricians Singing the Refrain of the Popular Song.

"They did us up just like simple gillies," is a song now being sung in a joyous tone at the headquarters of the striking electricians in Labor Hall. It would be supposed that the song would be chanted in a mournful way, but this is not the case. Nearly every man who haunts the headquarters has taken up the refrain, but the knowledge that they will get work in other cities keeps their As stated in THE DISPATCH yesterday,

the strikers are leaving town, not caring to take chances on securing their fions again. Six of the East Eud men departed for Cincinnati yesterday, and more will go West this morning. The majority of the men are single. One of the Allegheny County Light Company men, who has \$100 a a bank here, said he would draw it and leave for Birmingham, Ala., in a few days. The strikers have as yet received no official notice of the settlement of the strike. Until they do they cannot hold a meeting to decide what they shall do. They are greatly diasatisfied with the settlement of the strike, but they realize that President Gompers did

Mr. Duff will retire from actual business from visiting yesterday afternoon the ladies reported that they had found a sick person to his extensive farm in Chartiers township, having amassed a handsome competence in compelled to return to coal for fuel, it is his 20 years' business career on Liberty street. He is worth close on to \$150,000, and feels justified in enjoying relief from care. Mr. McKean has placed heavy invest

ments in manufacturing enterprises which do not demand his personal attendance. The affairs of the firm are now being closed out, and Mr. Gus Young and other employes of

the firm are considering a number of advan-tageous offers. The stock of the firm was placed on sale yesterday. The firm's lease, running for three years on the present building, has been disposed

of to Daub Bros., commission merchants, now of 529 Liberty. Duff, McKean & Co. began business in October, 1875, and in 1878 moved to the present location.

Their First Accident.

The first accident on the new Pleasant Valley electric road occurred yesterday morning, when one of the cars refused to respond to the brake, and began to slip down the hill on Sandusky street. It smashed into the platform of a Biue Line It car. The damage was very slight.
