### DIED IN THE HARNESS.

Rev. Joseph Strub, Provincial of the Society of the Holy Ghost.

A LIFE OF WORK AND SUCCESS.

A Friend of Marshal McMahon, Soldier of the Cross in Africa.

HIS GREAT WORK IN TWO CONTINENTS

Yesterday at 1:45 P. M. the Very Rev. Joseph Strub, Provincial of the Society of the Holy Ghost in America, died at the an illness of eight days. Born November he pursued his studies in the seminary of the same diocese with marked success. Having finished his philosophy, he left the company, entered the scholasticate of the Society of the Holy Ghost, about the year

As a Scholastic his health failed, and he asked as a favor to be sent out with a band illness he sought as a last consolation, the privilege of dying in the land of the heathen. There, however, contrary to his expectations, he recovered his health and labored assiduously for six years, from 1857 to 1863, in the new and since flourishing and important mission of Dakar, on the western const of the Dark Continent. It was there that he was ordained priest on Holy Satur-day, 1858, by the Vicar Apostolic of Senegambia, and he celebrated his first mass on the Easter Sunday following. He made his religious profession and he pronounced his

Superior General of the society the important post of Superior in the house at Marienthal, archdiocese of Cologne, in Germany.

After a little while he was transferred to the pilgrimage at Marienstadt, where for some years be directed a college, orphanage and other various works of that cele-brated monastery. During the Franco-Chaplain-general of the French prisoners at Mayence. He was the intimate friend and confidant of Marshal McMahon, and was intrusted with the distribution of the charities contributed for the relief of the French prisoners. For services rendered to his with the large cross of the Legion of Honor. After his return to Marienstadt he was appointed Provincial of the German Province of the Holy Ghost, and filled that office with rare ability until the expulsion of the religious orders from Germany in 1873 obliged the Fathers of the Holy Ghost to dissolve

## EXCLUDED REPORTERS.

Lively Meeting of the Allegheny Presby-New Church Discussed-Referred to a Committee to Consider.

The Aliegheny Presbytery met yesterday afternoon at the First Church, on Arch group of brainy workers in the Southside street. It was a special meeting to consider | mills discussed the situation, and one of the petition for the organization of a new church and hearing the report of the committee on the matter, as well as to take action on the report of the committee in relation to the trouble between the Rev. I. N. Hays and part of his congregation of the Central Church. Rev. H. C. Ferguson, of Emsworth, was

made moderator of the meeting and Rev. J. Milligan acted as secretary. There were 35 members of the presbytery present together with some 20 members of Dr. Hays congregation, who were interested in the proceedings.

The first business done when the meeting was opened was to pass a resolution to exclude reporters. The meeting was therefore held with closed doors, but the secretary was instructed to give the proceedings pub-

The matter of the petition of 98 mem bers of the Central church for permission to organize a new church and locate it on Buena Vista street, was first taken up. The petition was presented by Dr. Camp-cell who spoke strongly in favor of it, as did also Dr. Beatty, H. C. Wilson, J. J. Graham, and others. Rev. D. S. Kennedy, of the First Church, was strongly oppose to it, alleging that there were enough churches in the vicinity to accommodate the people. The locality suggested was in too close proximity to many others of the same denomination. J. F. Gibson opposed it from a financial point of view. The signers to the petition could not pay for the ground and build a church for much less than \$40,000, and the burden would be upon the presbytery. Elder J. S. Slagie also spoke against it, and used the argument that the field was pretty well filled. Mr. J. J. Graham was the warmest adherent of the new church, and argued that as nearly 100 well-known Christian people had petitioned for the right to worship in their own church, for the right to worship in their own church, it should not be denied them. Rev. John A. Fox talked on both sides of the question, and finally offered the following resolution: Resolved, That the petition he referred to a committee to inquire more carefully into its merits, to ascertain the probability of financial support for any new enterprise, the cost of a new church building, and all other like matters, and specially to consult with the Bethel Church to see if by a possible fusion with that church the petitioners can have their wishes met in some better way than by organizing a new church.

new church.
The resolution was seconded by Rev. Rutherford, who had advocated a postponement of the matter. Some of the congregation wanted the matter settled definitely at once, and so voted no when the resolution was put, but it carried by a large majority.

The Moderator was given power to appoint John Fox and Elders John S. Single and Wm. Fisher. The committee was instructed to call a meeting when their report was

The matter of the protest against the reduction of the salary of Dr. Hays was then taken up. Rev. Dr. Robinson, as Chairman of the Committee on Conference, with the congregation handed in his report. The charge had been made that the action of the eiders was irregular. The report in relation to that was as follows:

Your committee after hearing these protests. Your committee after hearing these protesta-tions, and a frank and lengthy conference with these brethren feel constrained to accept their declaration, and to report that in their judg-ment the trustees and elders of the Central Church and congregation should be relieved from all imputations of having intentionally acted in su fliegal or un-Christian manner in dealing with their late pastor. It is due to them as Christian men of good repute to give to them this exoneration. The report was received and adopted, after which the meeting adjourned.

IN SELECT COUNCIL.

The Usual Number of Street Ordinances Presented-A Warm Talk Over a Switch for Ren & Co .- Craig Street People Don't Want a New Boardwalk.

In Select Council yesterday, petitions and ordinances for grading, curbing, etc., were presented and referred to the proper committees. A resolution requesting the Chief of the Department of Public Works No Meeting of the Pittsburg Traction to investigate the assessments made for the grading, paving and curbing of Mahon street, Thirteenth ward, was read, and if he finds the assessments excessive, requesting him to correct them and report to Council.

Considerable of the time of Select Council was consumed by the old fight between Rea & Co., and Loyd, Sons & Co., over the former's application for a switch track on Greenough street. Loyd, Sons & Co. want Holy Ghost College, on Bluff street, after to use the track since Greenough street is Although there has been very little done so 1, 1833, in the diocese of Strasburg, Alsace, Rea & Co. object decidedly. A motion received its cars over a month ago. It is was finally passed postponing action on the ordinance indefinitely.

Authorizing the Chief of the Department of Public Works to determine the material to be used in sidewalks and curbing, and the manner of constructing the same; locating Gladstone street, from Hazelwood avenue south to the Scully property; locating Horton street, from Wylie avenue to a point 180 feet north of Cenwylie avenue to a point 180 feet north of Center avenue; establishing the grade of Baum street, from September, 1860.

Attacked by Fever.

As Procurator of the Mission and Vicar General of Mgr. Kobes, the Vicar Apostolie, his zeal and energy were untiring, until at last he succumbed to a violent attack of yellow fever. This obliged him to return to France in 1863, after having been for the two preceding years Vice Superior of the community of Dakar. The Mavoralty battle may be a lively one after all. On Saturday evening last a tion of an independent candidate. The debate grew interesting when another mentioned the name of H. Kirk Porter, the ocomotive manufacturer, as an available

candidate. Mr. Porter's name was greeted with great favor, and one who was present says it was then and there decided to urge him to ac-cept. It is not known whether he has yet been consulted on the subject or will con-sent to run independently. Mr. Porter is very popular with the mill men on account of his profit-sharing ideas, and also stands high in the business community.

# THE CARS TOO SHORT

The Predicament in Which the Squirrel Hill Road is Placed.

NOT WIDE ENOUGH FOR THE GAUGE

About Reducing Fares.

The Pittsburg and Squirrel Hill Electric Railway Company is confronted with a serious problem in regard to its cars. the only opening from their works while far in the way of track laying, the company now found that the cars are considerably shorter than the gauge of track for which they were intended, and will have to be reconstructed. This work will probably fall

The gauge of the cars is 4 feet 8 inches. The standard gauge of street railways in Pittsburg and Allegheny is 5 feet 2 inches. The latter is required by Councils, and every road in the two cities has adopted the gauge. The company has seven cars now stored in the power house of the Pittsburg Traction Company at Oakland. It is probable that an attempt will be made to change the trucks under the cars so as to enable the wheels to fit the standard track. The wheels now fit close to the sills of the car, and if PERRY M. GLEIM, Rebecca and Allegheny aves. they are moved very far they will be outside the sides of the car. The mistake was made by the builders—the Troy Street Car Company, of Troy, N. Y.

FINISHING THE GRADING The last work on the grading of the road will be completed this week. The company now has a large gang of men at work on Wanted - ONE HARNESS MAKER, A now has a large gang of men at work on Murray avenue, and as soon as they are through the rails will be laid on that thoroughfare. The engineers of the company experienced considerable difficulty on account of the streets over which the road passed not being graded. They had to establish their own grade, and then make it in accordance with the grade recorded by the City Engineer. The company will do their own paving only on the streets not yet graded. A considerable portion of the line passes through the property owned by the company. Nothing has yet been done about the injunction restraining the company from building their line through the Schenley park. The cars will skirt the outside of the

Nothing has yet been done about the traffic arrangement between the company and the Pittsburg Traction Company. The latter, it is said, are willing to issue transfer tickets to people along the Squirrel Hill line. This would make the fare 5 cents from the city to Squirrel Hill, the transfer being made at Boquet street—one square beyond the Oakland power house. Whether this will ultimately be done or not is not yet known, but it is the present intention.

THAT NEW CHILD LANGUAGE

Found to be Neither New Nor Peculiar-The Lingo of a Tougue-Tied Infant - The Kaufmann Child a Case of Semi-Paralyels and Protracted Infancy. Inasmuch as the story which has gone

forth that a certain Henry Kaufmann, of Bulger, was the father of a child speaking a language peculiar to itself has created considerable interest in this vicinity, a DISPATCH representative investigated the report yesterday, and found, as is very often the case, some truth and considerable errror mixed together.

A near relative is authority for the state

ment that the child in question is merely afflicted with a sort of semi-paralysis which up to the present time prevents it from making itself entirely intelligible to those unacquainted with it. Three younger children have the same trouble, although not in such a degree as the subject referred to. Doctors have examined them, and are of the opinion the children may in time be able to learn either English or German as the case may be, but that they never will be able to speak plainly unless the tongues of the several children can be made to move freely. The truth of this is apparent from the unique sounds or equivalents for perfect words which little Minnie, the child that is

most affected, uses.

The sound "blah-blah," by which she designates a cow, and "ouh-ouh-ouh" a rooster, is not any more peculiar than that of the average child learning to talk. of the average child learning to talk. "Tulo," the sound used to designate a plate, can easily be reconciled with the word "teller," German for plate, as can also "gala" for "gabbel," fork, in the same vernacular. "Lili," which she uses for small or little, is evidently the same as most English children use when learning to talk. The whole trouble seems to lie in the inability of the child to pronounce some of the harder

sounds of the alphabet. Regarding the mixture of English and German words this is explained from the fact that the father is German and the mother Euglish. Beside this, it is said the child displays signs of protracted infancy, which is not uncommon in some children.

Her Serrows Ended. About a dozen years ago the people of this city were astounded over the sensational features of a divorce case in which Horace Wadham Nichol, a rather celebrated musical composer and organist at St. Paul's Cathedral, and subsequently at the Third Presty-terian Church, figured. After the sensation both went East. News has been received of the lady's death. Her name before she

married Nichol was Cassidy, As the liver is easily disordered, and great deal of bilious distress apt to prevail during the spring, Dr. Jayne's Sanative Pills are of seasonable efficacy, as they restore the liver to healthy action and remove all biliousness.
