Fred Carroll, as already stated, in THE DISPATCH, is in St. Louis. He is trying to sign Robinson, Brennan and Burns for the Brotherhood League. Ed Swartwood and Pitcher Blair made affidavits yesterday about the former's case. Jockey Stone is to be hanged next week.

PECIAL TELEGRAM TO THE DISPATCE.1 ST. LOUIS, January 27 .- Fred Carroll, the Pittsburg catcher, arrived in the city to-day, and spent most of his time dodging reporters. It was rumored that Carroll was here for the purpose of investigating the Brotherhood boom, but this appears to be a mistake. The big blonde catcher was corralled in Banberger's saloon to-night, where he was discovered in a serious conference with "Billy" Robinson and "Jack" Brennan.

"I did not come out here to investigate the extent of the movement to place a Brotherhood club in St. Louis," said he, "because I think St. Louis will not get a Brotherhood club. That is unless some of the others quit, and they don't look much like quitting now. I am here as the agent of Al Johnson, of the Cleveland club, and my business is to sign Robinson and Brennan for Cleveland. I expect to leave in the morning, and when I leave I expect to have their names signed to Brotherhood contracts to play with the Cleveland club."

FRED'S FINE BLUFF.

Carroll, Robinson and Brennan had been in consultation the entire day. Brennan is of the opinion that the Athletics didn't give him an opportunity last year to show what he could do, and is ready and willing to sign with the hood. He has been in correspondence with Johnson, and has agreed upon terms. Robinson has made up his mind to sign a Brotherhood contract, but would rather play the sec Brotherhood contract, but would rather play with Ward's Brooklyn team than with Cleve-land. It is quite probable, however, that both men will sign the contracts presented to them by Carroll, which call for their services in Cleveland. From another source in this city, however, and what appears to be reliable. Carroll is try-ing to get Hobinson for the Pittsburg club.

Robinson has already pledged himself to some extent to go to Cleveland and he does not want to go there now. This fact has been known for some time, hence Carroll's appearnce

known for some time, hence Carrol's appearnce here to-day. He may get Brennan without much trouble, but Robinson is anzious to go to Brooklyn, except he gets good inducements from Pittsburg. It was further stated at Banberger's to-night that Carroll is after Jamos Burns, of last sea-son's Kansas City team. It is understead that Burns is disposed to join the Brotherhood League if he can get into a good team.

WANTS HIM FOR PITTSBURG.

Carroll however, is trying to get Robinson to play second base for Pittsburg. A friend of had representatives here to witness the openhis stated this in Banberger's saloon this even-

The miners appear to be getting used to it. Eleven teams were kept was no excitement. The miners appear to be getting used to it. Eleven teams were kept busy all day hauling their goods away. The merry-go-round amphitheater and the fair-ground buildings here have been secured by the Knights of Labor to store the goods. The miners do not seem at all discouraged by the wholesale evictions, and accept the situation cheerfully. A number of Italians, whose goods had been thrown out, were to be seen to-day sitting around a stove which had been set up in the open air, playing accordeons, dancing and singing and enjoying themselves right royally. On Saturday it was thought the strike was broken, as a large number of Italians and Hun-garians at Adrian had asked for checks to go to work, but on Sunday their countrymen from Walstein, numbering about 300, marched over to Adrian playing bagpipes and frightened them out of it. The miners are holding out heroically for what they consider a principle-the right to belong to the Knights of Labor-and many of them say they would starve be-fore they would consent to abandon it. The strikers are receiving the support of their brother miners in other localities, and the pres-ent condition of the relief fund gives them from \$1.50 to \$5.0 per week, according to the size of their families.
