A Chicago Officer Gives Away the Secrets of the Department.

SPIES AMONG THE ANARCHISTS.

They are Accused of Endeavoring to Foment a Conspiracy.

THE INFORMER HAS BEEN SUSPENDED,

And the Officials in Authority Decline to Make Any Statement.

Officer Nordrum, of the Chicago Police Department, was in danger of dismissal because of charges preferred against him. To save himself he revealed the workings of the paid spies who were mingling with the Anarchists. This information has been made public, and has created a sensation in police circles.

CHICAGO, January 28 .- The socialistic and anarchistic societies have been wrought up to a high pitch of excitement over the ion of what the members believe to be absolute proof of the existence of a huge police conspiracy against them. Some time ago Detective Charles Nordrum was arrested and fined for assaulting a man at a meeting of the Arbeiter Bund. The assault was said to have been totally unwarranted, and several committees representing the Personal Rights League, the Central Labor Union, Pioneer Aid and Support Association, Socialistic Publishing Society, Arbeiter Bund and other organizations, called on the Mayor to demand the dismissal of Nordrum.

The detective learned of the visit of these committees to the Mayor, and about four weeks ago, it is said, called on Henry Lin- The Owner of Belle Hamlin on Jack's Ownnemeyer, Jr., who is interested in the prosecution of Nordrum. Nordrum, it is said, proposed to purchase leniency to give Lin-nemeyer certain information concerning the operations of the police among the anarchists, he to show that a certain supposedly champion of the anarchist cause was in real-ity in the pay of the police, for the purpose of creating by wild utterances a popular prejudice against the anarchists.

A SPY'S SECRETS EXPOSED. Linnemeyer without promising anything, asked Nordrum to produce proofs. Nordrum complied by bringing to Attorney Kraft's office, where Linnemeyer met him, 14 re-ports from a spy of the police department. These reports consisted of detailed accounts of Anarchistic movements, the thoughts, conversations and deliberations of those concerned in them, suggesting whom to watch and in fact laying bare the secrets of the entire workings of the Anarchists. The reports ran back over two years.

The spy was H. Henry Danmeyer, a man who since 1886 has been one of the most netive and aggressive Anarchists in the Bund, President of the Free Thinking organ-ization and an organizer of the Karl Marx assembly and several others-a man whom few would suspect of traitorous designs. In talk there have been but few fellow members more hot-headed. He has advocated the murder of Judges Gary and Grinmell and Bonfield.

It is now alleged that by these threats be induced others to echo his sentiments, when he would then report them to police and cause all except himself to be put under sharp espionage. For all this treachery Danmeyer received \$60 a month, paid by Nordrum to whom he gave receipts. These receipts as well as the reports, are said to be now in hands of Socialistic leaders.

A PANIC IN THE DEPARTMENT. All this evidence thus obtained from Nordrum is in the hands of a committee consisting of Lawyer Kraft, Mr. Linnemeyer, Mr. Bary and Mr. Reichman, lawyers in the Staats Zeitung building who are, of course, of the Citizens' Rights League, and a couple are members of anarchistical societies. Being unable to determine upon a course of action these men called for a committee from each of the prominent socialists and anarchistic societies, among them being several Turner societies, the Central Labor Union and the Free Thinkers The committee met at Bary's office last night and at once determined to make the evidence public.

The effect of this publicity has been to create almost a panic in the Police Department. Superintendent Marsh promptly issued a special order to-day suspending Nordrum pending investigation of his al-leged treachery to the department. All the and Mayor as well decline to discuss the sensational developments of the day. Superintendent Marsh states that Nordrum will be promptly dismissed on a verification of the charges against him.

A School Mum's Advice.

During the fall of 1882, while my daughter was teaching in the country near here, she contracted a severe cold and cough. I sent her a bottle of Chamberlain's Cough Remedy and the effect was so satisfactory that on her recommendation the entire neighborhood began its use, and with the most satisfactory results, which has con-tinued with increasing confidence ever since.
