if larger margins are required than if made through lilegal and outside institutions where no actual property is dealt in, and where the trades made have no influence whatever in shaping the course of prices, unless it be to the disad-vantage of the customers making the trades; if larger margins are required than if made through lifegal and outside institutions where no actual property is dealt in, and where the trades made have no influence whatever in shaping the course of prices, unless it be to the disad-vantage of the constomers making the trades and experience is gradually actusting opera-tors to realize that is the result. The signs of the times are undonbtedly in favor of an in-creased speculative business on the Chicago Board of Trade-it may be slow, but it will surely work back into legisimate channels. There was a fair trade in wheat to-day, and

sylvania firsta, ide. MINNEAPOLIS-Wheat-Receipts for the day were 180 cars; local shipments, 21 cars. About the usual amount of samples were shown in the market and the most of it was fair to good milling quality; some lots were not so good and were hard to sell. Closing quotations: No. 1 hard, 78c; No. 1 Northern, February, 755/cc; March, 78c; on track, 78d; 76, c. Sr Louits-Wheat onened lows: and closed St Louits-Wheat onened lows: and closed solution of debt and two fifths for re-duction of debt. Or, to make it clearer, every dollar of debt paid cost the company \$2.50. Second-They converted \$720,000 of floating debt into \$800,000 of funded debt, to make it easier to carry as well as to reduce the interest charge. I grant that this looks like a new way to pay old debts, and also that by this exchange the stockholders did not reap any great benefit. Still, it must be remembered that the experi-strack of the stockholders and have the directer at stome a bits strack by the at onened lows and one the directer at stome a bits the stockholders did not reap any great benefit.

in the last year. The ward is building up very fast. Binok & Baird, 25 Fourth avenue, sold to J. T. Rodgers for J. Dunlevy, Jr., lot No. 53 m Dunlevy's plan, size 25x120 feet, situate on the east side of Hastings street, near Reynolds street, between Fifth avenue and Linden ave-nue, Foint Breeze, for 450. Ewing & Byers, No. 35 Federal street, sold for John Sterrheim to William Patrick the property No. 88 White Oak alley, Third ward, Allogheny City, being a two-story brick honse of eight rooms, hall and attic, with lot 19330 feet deep for §280. Samuel W. Black & Co., 39 Fourth avenue, sold a property on Bank street, Sewickley, con-taining about two acres and dwelling house, for \$14,000. The purchaser intends to erect a modern house on a portion of this property in the spring.

ockholders who have acct iod the dr "mismanagement," I will, with your kind per-"mismanagement," I will, with your kind per-mi-sion, state what was done last year by the directors to strengthen the condition of the company and add value to its stock. First-By the expenditure of \$530,000 they made a reduction of \$200,000 in the floating debt. That is, three-fifths of the year's earn-ings went for expenses and two-fifths for re-

bers, when questioned about this purchase, said he thought it showed good judgment on

the part of the directors, and surely he ought to

With such a splendid record for the year the directors could fearlessly come before the stockholders and say, in effect: "Behold our

know.

Third-They paid but 10 per cent commission for floating the bonds, so that the stockholders only lost \$100 on every \$1,000 borrowed. This I leum Exchange. consider remarkable financiering, though some grumblers, I regret to say, find fault and point

to the placing of the Pleasant Valley bonds, which, though bearing a lower rate of interest, yet notted the company 100 cents on the dollar. To these grumblers I would say that, even if the Chartiers Valley Gas stock is a high water stock, yet the bords could not be put affoat un-til the ways had first been thoroughly greased,

grease. I depy that the commission was di-vided with the directors. Fourth-Tney reduced the capital stock (without the knowledge of the stockholders) by the purchase of 1,016 shares of the stock at a

cost of about \$83 per share, and while this figure is about \$30 per share higher than the stock sold during the year, yet it may be that the di-rectors, knowing how rapidly the debt was be-

ing paid off, thought it might go to par. Of course there are stockholders who say it would have been better to have used the money in reducing the interest-bearing debt instead of canceling a non-interest-bearing lia-bility-not a debt which could have run for all time. At the annual meeting, President Cham-

work. See how we have improved the condition of the company and increased the value of your stock. The stock to-day is more valu-able than when it sold at \$90 per share. 'Tis true that the more valuable your stock becomes the less it is worth in the market, but why it is so we are unable to tell." We hope to resume the payment of dividends some time this year, but until the happy day arrives when we can declare dividends out of
