WASHINGTON, February 11 .- The Senate

to-day resumed consideration of the bill to

provide a temporary government for the

Territory of Oklahoma-the pending ques-

tion being on the amendment offered yester-

day by Mr. Plumb to comprise No Man's

Land within the limits of the proposed Ter-

ritory. Mr. Vest argued in support of the

smendment, on the ground that these people

should have a territorial jurisdiction ex-

tended over them. He referred to the case

of the Sioux reservation where, he said,

scenes were being enseted to-day that beg-

Mr. Dawes opposed the amendment, al-

though he said he agreed with the Senator

from Missouri as to the importance and in-

evitability of the Cherokee outlet becoming

soon a part of the pablic domain-and to

become so, not by legislation, but by reasonable and fair compensation. That had been

the radical defect in all negotiations with the Indians. It had been aunounced within

the last six months by those who had been sent to negotiate with the Cherokee Indians

that unless they accepted the proposition to part with their lands at \$1 25 an acre, the

land would be taken from them; and a dis-tinguished statesman had thrown out the

idea (as if it would help the negotiations)
that it was within the power of the United
States to condemn the land for public uses.
He added that he had also seen in a news-

paper that the Secretary of the Interior had

supplemented that threat by a statement that the Cherokees had no title at all. Mr. Jones defended the commission. He did not

believe they had threatened the Cherokees

because they were backed up by cattlemen or others, he did not believe that there was a

member of the Senate or of the House who would not be ready to say that if that were the position which the Cherokee nation oc-cupied the United States would be justified

in abrogating the provisions of the treaty and taking the land.

treaty and taking the land.

Mr. Teller said the Cherokees could not be divested of a fee title by legislative sotion. He was astonished by the suggestion of Mr. Platt. He realized that the lands held by the Cherokee Indians would have to become the homes of white men, but the Indians would have to be paid what the lands were worth. The lands in the Cherokee cutlet could be sold to-morrow, in bulk, at \$5 an acre and what right be saked

by history. They were not places of refuge for convicts, criminals and male-factors. He had been surprised at the state-

Cured by Cuticura

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt in to to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I took....and....Sarsaparillas over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA RESOLVERT, and three bottles of CUTICURA RESOLVERT, and two cakes of CUTICURA SOAT. If you had been here and said you would have oured me for \$200.00, you would have had the money. I looked like the picture in your book of psoriasis (picture number two, "How to Cure Skin Disease"), but now I am as clear as any person ever was. truly marvelous offering. Time and again have Kaufmanns' regaled their patrons with rare and good bargains, but they all pale into insignificance before the unheard of reductions just made. Take Overcoats, for instance. Why the prices have been cut and slashed to the very core, affording every patron a saving of at least 50 per

better, are especially invited to call and see how we have cut down the prices of Cloaks.

Newmarkets, Wraps, Jackets, Shawls, etc. We don't propose to carry a single garment over, but start the next season with a stock entirely new. Present losses, therefore, cannot be considered. What's left of our excellent stock of English Seal Plush garments will now go at just half price. Oh, we mean business, and if you but have the slightest inclination to save money, we shall have a rushing trade all week.

A : GOOD CHANGE

Did you note the change we have made on our first floor? Heretofore a part of the :: Furnishing Goods department has been at the left, as you enter-

ed; the other part at the right. The entire department will now be found at your right, as you enter, while the Hat department has been moved to the left. The improvement is an excellent one, and, together with various other alterations we made, now gives us better facilities than ever before for serving our customers comfortably and promptly. The Neckwear department, which has been alloted a space twice its former size, now abounds in beautiful novelties for the coming spring season. See sample display of Neckwear in

THOSE LADIES' JERSEY SUITS.

We would again impress upon you the fact that we have the sole agency for these goods in Western Pennsylvania and that they cannot be found in any other house in either city. We sell them at \$2.75 and \$4, at which prices they are the best and cheapest, as well as the most fashion-able Ladies' Suits ever offered anywhere. We also have Misses' sizes. Mail Orders promptly attended to.
